7. The Pride of Leadership
 - a. I've prepared this series of Presentations because I feel certain that Government Leadership must feel very proud of its actions regarding these united States of America and the people thereof. And since I am certain they are proud, I feel that all Americans should look at the actions of Leadership and stand in judgment of those actions, policies and decisions.
8. We Learned S1
 - a. Early on we learned that the Mainstream Media is part and parcel to deceiving the American people. Thus, I have given them the name Mainstream Misleadia.
 - b. Also failing to keep the American people truthfully informed is Public Schools, Leadership, and all corporate religions.
9. We Learned S2
 - a. We learned that all major religions are 501(c)(3) tax exempt corporations who have chosen to subject themselves to "man's law", which results in

abandonment of "God's Law". Can we visualize Walmart representing God?

- b. We learned that a new "public sector plantation" has been created, populated with economically obligated Slaves.
10. We Learned S3
 - a. We learned that with the passage of the Emergency Banking Relief Act under War and Emergency Powers in 1933, the Union States became occupied by the United States as evident by the U.S. Flag being moved to fly above the State Flags on the same pole.
 - b. Also learned that we cannot predict how criminal Leadership will be.
 11. We Learned S4
 - a. We learned that whenever we speak of "Government", we are actually speaking of "Leadership" since all Government policy and actions are their responsibility.
 - b. We learned that the source of government criminality is, of course, Leadership.
 - c. We learned that a country in Debt cannot be sovereign (in control of its own affairs).
 12. We Learned S5
 - a. We learned that three City States are responsible for the criminality of Government, they are: 1) The Vatican; 2) The City of London (also known as the Inner City of London – Not to be confused with London); 3) Washington, District of Columbia. All three are corporations.
 13. We Learned S6
 - a. We learned that the City of London is the center of western finance policy and control. That the Vatican claims itself to be the Trustee of the Global Estate Trust (their own creation) and in their view, places them above all other Law and City States, making the Vatican responsible for oversight of the criminality of United States and other
- Governments.
14. We Learned S7
 - a. And we learned that Washington, District of Columbia provides the military (necessary force and violence) needed to compel other countries to the will of the three City States.
 - b. We've learned that the Vatican has, for a very long time, allowed the Banking Elite, the creditor of the U.S., to direct and control U.S. Leadership.
 15. We Learned S8
 - a. We learned that when the Banking Elite finance both sides in a conflict (war), their goal isn't to control the conflict, it is to control the Debt that the conflict produces. By controlling the Debt, they control everything. And this is the very essence of the Banking Industry, to make us all, whether we be individuals or countries, SLAVES TO DEBT!
 16. We Learned S9
 - a. We've learned that we Americans are a Surety, that is a person responsible for the Debt's of someone else, in this case, the United States, Inc. As such, our productivity, for our entire lives, is subject to confiscation through taxes to pay on an ever increasing debt, a debt that will, and is, destroying our economy. And the children we purport to love, face the same.
 17. We Learned S10
 - a. We learned that in 1822, the Catholic Church entered into a treaty (the Treaty of Verona) with the King of England, in which it was declared that "self government" as practiced in the United States for example, is incompatible with both the Monarchical Rule of the King and with Papal Authority (the Authority of the Pope over the Globe). And further, that the High Contracting Authorities would act to prevent "self governance" from survival wherever it may surface.

18. We Learned S11
 - a. We learned that the United States was in Debt at its birth, and remained in Debt except for a brief period of time beginning in the Administration of Andrew Jackson, and ending at the Civil War.
 - b. We learned that England's Bankers were instrumental in engineering the Civil War.
 - c. We've learned that the Federal Reserve Bank is privately owned, that's there is nothing "Federal" about it.
19. We Learned S12
 - a. We learned that Unidroit is the International Institute for the Unification of Private Law, the owner of the Uniform Commercial code, and a subsidiary of the Catholic Church.
 - b. We've learned that there are at least three "United States" defined in law, and that the location of "The United States" (corporate) is Washington, District of Columbia.
20. We Learned S13
 - a. We learned that the Constitution mandates that a "republican form of Government" be maintained in all States of the Union. And we learned that we will not find a definition for "republican form of government in any school text books.
 - b. We learned from Bouvier's Law Dictionary that the source of United States authority is as follows in the next three slides.
21. Source of U.S. Authority S1
 - a. "It has been justly thought a matter of importance to determine from what source the United States derives its authority... The question here proposed is whether our bond of union is a compact entered into by the states, or whether the Constitution is an organic law established by the People. To this we answer: 'We the People... ordain and establish this Constitution'... [>>>]
22. Source of U.S. Authority S2
 - a. "The government of the state had only delegated power (from the People) and even if they had an inclination, they had no authority to transfer the authority of the Sovereign People. The people in their capacity as Sovereigns made and adopted the Constitution; and it binds the state governments without the state's consent.
23. Source of U.S. Authority S3
 - a. "The United States, as a whole, therefore, emanates from the People and not from the states, and the Constitution and the laws of the states, whether made before or since the adoption of that Constitution of the United States, are subordinate to the United States Constitution and the laws made in pursuance of it." – Bouvier's 14th Edition Law Dictionary (citing 4 Wheat 402)
24. We Learned S14
 - a. We learned that, in the republic, we cannot confer a power or authority we DO NOT possess, because we are equal in the eyes of the law. Meaning we all have equal powers and authorities. If I do not have the authority to go into your wallet, take out money and give it to whomever I feel is needy, then I cannot confer that power upon government or Leadership. And that is why Leadership needs a contract which they acquire fraudulently via deception of the people!
25. We Learned S15
 - a. We've learned that visible Leadership is the people we elect and that invisible Leadership is the Banking Elite to whom the National Debt is owed.
 - b. We've learned that Visible Leadership does only what the Invisible Leadership wants done or they may be assassinated, Congressman Louis T. McFadden and President John Kennedy for example.

26. We Learned S16

- a. The first loan of money America received was from the English Bankers, by and through the English Government. And that the collateral for this loan was all the property held by the Federal Government. And when Congress failed to renew the Charter for the First National Bank of America, where the titles to the collateral property were kept, England attacked the U.S. Thus, the War of 1812.

27. We Learned S17

- a. From this we learned the power and authority held by the Banking Elite, which controlled English Leadership and required the 1812 military attack on the U.S. Thus, the military of a country in Debt is truly the military of the Banking Elite to whom the National Debt is owed. It is not the military of the United States or any country in Debt!

28. We Learned S18

- a. We learned there was a 13th-Amendment, properly ratified, that was not implemented by Leadership. This amendment prevented Titles of Nobility from holding public office. Thus, this Amendment would have prevented Attorney's from holding public office. It was replaced with the 13th-Amendment which freed the Slaves.

29. We Learned S19

- a. That the 14-Amendment created a new class of lowercase "c" citizen that is not equivalent or equal to uppercase "C" Citizen in the organic Constitution. We learned the 14th-Amendment citizen is subject to the un-constitutional law of the District of Columbia. And that White people did not have this citizen status until joining Social Security in the 1930's.

30. We Learned S20

- a. What we did not learn was that the 14th-Amendment was not properly ratified.
- b. We learned that the Constitution did not create a country, it formed a Union, a Union of several independent Nation States. Actually, the Constitution is a contract creating a Government Services Entity, the Federal Government with some very narrowly defined responsibilities to the people.

31. We Learned S21

- a. That when dealing with criminal Leadership a State cannot quit a Union it voluntarily joined, lest it be attacked by the Federal "staff" (the United States).
- b. We learned that Washington, D.C. is not part of the Union, it is not inclusive, it is exclusive, a foreign jurisdiction to the republic of these united States of America.

32. We Learned S22

- a. That Lincoln declared Martial Law and forced Northern Congressional Delegates back into session. Therefore, congress was not setting as a Constitutionally empowered legislative body. Congress was essentially a hostage of President Lincoln and his will. Lincoln was assassinated before ending Martial Law and no President since has ended it, thus the situation persists to this day. Congress is still not Constitutionally seated.

33. We Learned S23

- a. In 1871, the loan from the Civil War period was due and payable, but U.S. Leadership failed to pay, thus, there was a default on the loan. This resulted in England taking title to the collateral, all the property held by the Federal Government. This included Washington, District of Columbia. England then incorporated Washington, D.C., thus was born the corporate United States! The media never

informed Americans.

34. We Learned S24

- a. We have eventually come to realize that "The United States" is a British owned corporation. Congress is now setting as the Board of Directors of this corporation, and the individual we think of as President of the United States, is actually the Chief Executive Officer (CEO) of this corporation that we now know as "The United States, Inc."

35. We Learned S25

- a. The Debt didn't go-away, however, it defaulted to the Union states and was due and payable in 1909. Once again Leadership defaulted, failing to pay. A 20-year time extension was requested and granted with stipulations. One stipulation brought into existence the Federal Reserve Bank in 1913.

36. A Thought

- a. It appears to me that a good case could be made due to the fact that Congress was not and is not Constitutionally seated, and as such, does not represent the living people of these united States of America. Since 1871, Congress, as Board of Directors of the United States, Inc., has represented the interests of the creditor of the U.S., the Banking Elite, and not the people! How could they responsibly pay a bill when they are controlled?

37. We Learned S26

- a. We learned that for 20-years, America had a party that continued on through the roaring twenty's.
- b. We learned that Government passed the 18th-Amendment, prohibiting the manufacture and sale of alcoholic beverages. By virtue of banning something the people want, Leadership learned how to create "organized crime." The same is now the case with drugs. Leadership creates the problem and then bills themselves as the only

solution to protecting the people from the Boogey Man.

38. We Learned S27

- a. Twenty years after 1909 the Debt was again due and payable, the Congressional Board of Directors of the British owned corporation, doing business as The United States, Inc., again failed to pay the bill. Enter the stock market crash of October 29, 1929.
- b. We learned that the Federal Reserve Bank Board of New York informed President Hoover that an BANKING EMERGENCY now exists.

39. We Learned S28

- a. We learned that the Banking Emergency was the result of people withdrawing some of their deposited gold to make ends meet in the economic depression engineered by the Banking Elite, and that the banks did not have sufficient gold reserves to meet the demands of depositors. Where did the gold go? No one seems to know.

40. We Learned S29

- a. The Gold was never returned to the people who deposited it. In effect, the Federal Reserve Banks were a thief created by Congress, functioning as the Board of Directors of a British owned corporation doing business as the United States, Inc., and acting in the interest of the Banking Elite and not the people of the United States.

41. We Learned S30

- a. President Franklin Roosevelt ask the Board of Directors of the British owned corporation (Congress), for "broad executive power to wage a war against the Emergency (like waging a war against terrorism or drugs). As great as the power that would be given to me if we were in fact invaded by a foreign foe." And Congress granted him WAR & EMERGENCY POWERS!

42. We Learned S31
 - a. That 5-days into the Roosevelt Administration (March 9 1933), the Banking Relief Act was passed, which contained the language of the Trading with the Enemy Act of October 6, 1917.
 - b. That the Trading with the Enemy Act excluded domestic transactions and U.S. citizens from the operation of the law.
43. We Learned S32
 - a. But then we learned that the Banking Relief Act amended the exclusionary language just mentioned, to read: "by all person's living within the United States or Subject to the jurisdiction thereof." Since U.S. citizens live within the United States and/or are subject to the jurisdiction thereof, they just became an identified enemy of the United States, having had the language of an Act of War applied against them!
44. We Learned S33
 - a. That this change of status was NOT reported by the mainstream misleadia, and so we remained ignorant of our change of status for a very long period of time.
 - b. We learned that the language of the Trading with the Enemy Act gave Leadership total authoritarian control over the commercial activities of an identified enemy, which now included U.S. citizens. And with that, they lost a mountain of freedom.
45. We Learned S34
 - a. We learned that from 1933 on, it has only been necessary for Leadership to convert all of our normal and regular activities into a commercial activity in order to regulate us in everything we do. Since all activities became commercial, the law of the republic (the common law) was set aside to be replaced by the Uniform Commercial Code, a private copyrighted law owned by the Catholic Church via Unidroit.
46. We Learned S35
 - a. We learned that U.S. citizens became the surety, that is the people responsible for the paying the debts of the British owned corporation doing business as "The United States, Inc." As such, our productivity for our entire life, and that of our children, are subject to taking at the will of the Congressional Board of Directors of said British owned corporation, "The United States, Inc." A monumental criminal Fraud committed via deception.
47. We Learned S36
 - a. We learned that Leadership always creates the Emergency, then bills itself as the only solution.
 - b. We learned that the red/white/blue flag of the U.S. began flying above State flags on the same pole as evidence of U.S. occupation under WAR & EMERGENCY POWERS. Before the Banking Relief Act, they flew on separate poles at the same height.
48. We Learned S37
 - a. We learned that Washington, District of Columbia, is not inside the republic, it is outside, it is a foreign jurisdiction where, according to Constitutional Language, Congress has "exclusive legislative authority", meaning they can pass any unconstitutional law they wish for this jurisdiction.
49. We Learned S38
 - a. We learned that proposed Congressional legislation has identifiers, for the House it might be HR1234, and for the Senate, it might be SR5678. The "R" in the identifier stands for "Resolution", which is a corporation RULE, not law of the republic. Therefore, Congress has not pass any LAW for living Americans since before the martial law of Lincoln in 1862. It's all one big criminal fraud, via deception!

50. We Learned S39
- a. We learned that legislated LAW of the republic has only an "H" for the House of Representatives, and an "S" for the Senate.
 - b. We learned that our U.S. (District of Columbia) citizen status came with joining Social Security, but this contract lacks full disclosure, making it void ab-initio (from the beginning). As one would expect when committing criminal FRAUD via DECEPTION!
51. We Learned S40
- a. There are six elements to a valid contract or the contract is void ab initio (from the beginning). They are: 1) Offer by a person qualified to make the contract. 2) Acceptance by party qualified to make and accept the contract. 3) Bargain or agreement and full disclosure and complete understanding by both parties. [>>>]
52. We Learned S41
- a. 4) Consideration given. 5) Must have the element of time to make the contract lawful. 6) Both parties must be sui juris; that is, of lawful age, usually 21 years old. – Law of Contracts by John Calamari and Joseph Perillo. Lacking full disclosure, almost every contract Government claims is not valid.
53. We Learned S42
- a. In 1940 the Buck Act was passed, paving the way for States to become incorporated under the laws of the United States, Inc. (the District). From that we get the STATE OF MAINE, STATE OF SOUTH CAROLINA, STATE OF VIRGINIA, STATE OF YOUNAMEIT, corporate State franchises, all deriving their existence in the laws of the corporate United States and subject to its un-constitutional regulatory dictates. All with Corporate Rules, not law.
54. We Learned S43
- a. After the States incorporated, it became possible for the Counties to incorporate under the corporate State. Thus we get the COUNTY OF ORANGE, COUNTY OF BUTTE, COUNTY OF NEW YORK, COUNTY OF YOUNAMEIT, all corporations with Corporate Rules, not law.
55. We Learned S44
- a. And on the heels of that, the cities began to incorporate. Thus we have the CITY OF LOS ANGELES, CITY OF DETROIT, CITY OF YUBA CITY, CITY OF RENO, CITY OF LAS VEGAS, CITY OF YOUNAMEIT, all corporations, with Corporate Rules, not Law.
56. We Learned S45
- a. All Corporation Rules that Leadership and their minions like to call law, but is not law, are applicable only through contract. The 1943 Supreme Court Decision (318 U.S. 363) ruled that when Government does business with its citizens, it loses its sovereignty status, becoming no different than a private corporation, taking on the character of a mere private person.
57. We Learned S46
- a. Translated into English, what this means is that when Government deals in "private commercial paper" (Federal Reserve Notes) in doing business with its citizens, it acquires the same burden as a private corporation. Meaning that Government must be the holder in due course of a contract or commercial agreement with the individual upon whom demands are made!
58. We Learned the Separation of Powers was Destroyed with this Language - S47
- a. "Section 1. The actions, regulations, rules, licenses, orders and proclamations heretofore or hereafter taken, promulgated, made, or issued by the President of the United States or the Secretary of the Treasury since March 4, 1933 pursuant to the authority conferred by subdivision (b)

of section 5 of the Act of October 6, 1917, as amended, are hereby approved and confirmed." - Banking Relief Act of March 9, 1933

59. We Learned S48

- a. Prior approval to any Proclamation or Executive Order of the President makes the President a dictator. But the same power is given the Secretary of Treasury, which, in this case, does not refer to the U.S. Secretary of Treasury, it refers to the Secretary of Treasury of Puerto Rico, who is the "receiver" of the bankrupt United States, Inc.

60. We Learned S49

- a. That the currency (Federal Reserve Notes) are issued upon the deposit of a) Public Debt, or b) Private Debt. Therefore, it is a debt currency and you cannot pay a debt with a debt. HJR192 (House Joint Resolution) makes this point. You can only discharge a debt, you cannot pay a debt, and if you cannot pay a debt, you cannot own anything!

61. We Learned S50

- a. "Under the new law the money is issued to the banks in return for Government obligations, bills of exchange, drafts, notes, trade acceptances, and banker's acceptances. The money will be worth 100 cents on the dollar, because it is backed by the credit of the Nation. It will represent a mortgage on all the homes and other property of all the people in the Nation." - Congressional record, March 9, 1933, House, Congressman Patman, 73rd Congress, Special Session, Volume 77, part 1, page 83.

62. We Learned S51

- a. AND: "The ultimate ownership of all property is in the state, individual so-called ownership is only by virtue of Government, i.e. law, amounting to mere user. And use must be in

accordance with law and subordinate to the necessities of the State." - Senate Document 43, under Contracts Payable in Gold. The term "State" refers to Washington, D.C.

63. We Learned S52

- a. That if we check Dun & Bradstreet, an online service listing publically traded for profit entities, we will find that every Office, Agency, Bureau and Department of the U.S. Government is publically traded for profit. Federal, State, County, City!
- b. This, in turn, creates an irreconcilable conflict of interest between the fiduciary obligation and an obligation to an investor.

64. We Learned S53

- a. Once we comprehend the conflict of interest and the vast sums of money we are talking about, it comes as no surprise that Government Leadership will go into Criminal Overdrive to protect this scam, stealing the American people's productivity is how Government Leadership continues to operate in bankruptcy while mismanaging all financial resources.

65. We Learned S54

- a. Being obligated to an investor prevents the whole of Government from being UN-BIASED. Every decision they make must put the investor first! Therefore, Government Agents at all levels will make decisions as necessary to protect the interests of the investor.

66. We Learned S55

- a. In 1863, Lincoln was forced to bankrupt the original Trust Management Company doing business as The United States. This was followed by years of bankruptcy reorganization, historically known as "reconstruction". The upshot of this was a new Trust Management Organization which was to be known as the United States of America, Inc. Undoubtedly these names are chosen

to confuse, deceive, and defraud the people of the United States.

67. We Learned S56

- a. This new Trust Management entity was incorporated by the Catholic Church, doing business as the United States of America, Inc. This is not to be confused with "The United States, Inc.", the British owned corporation of 1871. This TRUST operated under the support and oversight of the Catholic Church from the end of Reconstruction (~1877) to 1914 when this TRUST was purchased by a consortium of banks, doing business as the Federal Reserve.

68. We Learned S57

- a. When the Bankers took control of the United States of America, Inc. trust, they began devaluation of the dollar. As a result, the dollar lost purchasing power through devaluation. Today, the one-dollar Federal Reserve Note has 2.719 cents the purchasing power it did in 1962. Thus a job that paid \$ 2.25 an hour in 1962 would pay \$82.74 an hour today (2016) and have the same purchasing power if that wage had kept pace with the engineered devaluation of the dollar.

69. We Learned S58

- a. "Money. In the usual and ordinary acceptance it means coins and paper currency used as circulating medium of exchange, and does not embrace notes, bonds, evidences of debt, or other personal or real estate." - Blacks Law Dictionary, Sixth Edition¹.
- b. – 1 Note: This definition cannot be found in Black's Seventh or Eighth edition dictionary.

70. We Learned S59

- a. In the definition of "Money" we see that "Notes" as in "Federal Reserve Notes" are not money! Each year, Leadership borrows, from the Banking Elite (Federal Reserve Bank), the money needed to run the Government for another year, and this includes the

money needed to pay the interest on the existing debt. Thus, the American people, who are responsible for the payment of the debt, have been converted into economic slaves!

71. We Learned S60

- a. As the United States of America, Inc. [the National Trust] was being prepared for bankruptcy by President Franklin Roosevelt, agents throughout Congress and the individual states of the Union rushed through a process of "registering franchises". The franchises were the STATE OF YOUNAMEIT. Also created were foreign situs trusts, named after every living American. This "trust" is seen in spelling your name in all capital letters.

72. Two Days Into the Roosevelt Administration, We Learned S61

- a. At the March 6, 1933, Conference of Governors meeting, the Governors — merely corporate officers of franchises of the bankrupt United States of America, Inc. — pledged the "good faith and credit" of "their States and the citizenry thereof" to stand as sureties for the debts of the United States of America, Inc. during its bankruptcy reorganization, which is still going on.

73. We Learned S62

- a. Because we have been identified as an Enemy of the United States, which resulted in total authoritarian control of our commercial activities, we cannot even work to feed and house our families without Government permission.
- b. Knowing our Visible Leadership is controlled by the Creditor of the United States, the Banking Elite, their vote on Legislation is also controlled.

74. We Learned S63

- a. Because Congress is sitting as the Board of Directors of a British owned corporation doing business as "The United States, Inc.", they are only able

to legislate Corporation Rules, NOT LAW. And corporation rules, which is virtually all there is today, is applicable only through contract. (Read about the Clearfield decision of the U.S. Supreme Court – 318 U.S. 363)

75. We Learned S64

- a. We learned that Social Security is voluntary, otherwise it would be illegal. And we learned that Social Security is the source of our conversion into a Trust and Transmitting Utility (a Legal Fiction).
- b. We've learned that the word "person" is a corporation, and we do not want to go into court allowing ourselves to be referred to as a "person."

76. We Learned S65

- a. We learned that Legal Fictions, like corporations and Trust and Transmitting Utilities, are a "person", more specifically, a "dead person". And there is nothing that a living man or woman of the land who bleeds, can do to harm a dead person! Bleeding is evidence of life, of living.

77. We Learned S66

- a. Do Police know the criminality presented in this series? Maybe not, probably not. They too often use their misconceptions as an excuse when unjustifiably killing an American, using their canned excuse – "I feared for my life", WHILE ENFORCING UNCONSTITUTIONAL CORPORATION RULES! -- Applicable only through contract!

78. We Learned S67

- a. That contracts must have full disclosure or they are void from the beginning. Further, we learned that virtually all contracts with Government lack full disclosure. For example, when you join Social Security you are not informed that you will be subjecting yourself to the corporation rules of the District of Columbia, a jurisdiction, foreign to the republic of these united

States of America.

79. We Learned S68

- a. We learned that the law of the republic is the Common Law. And the Common Law requires an injured party in order to initiate an action in court. To have STANDING to bring an action in court, the plaintiff must allege the violation of a legal right, leading to injury, fairly traceable to the defendant, and likely to be redressed by a favorable ruling of the court.

80. We Learned S69

- a. That virtually every action by corporate Government lacks standing. That's why they bring you into a bankruptcy court (which is all courts), and apply unconstitutional corporation rules against you, using private copyrighted law, the Uniform Commercial Code, property of the Catholic Church via their corporate subsidiary, Unidroit.

81. We Learned S70

- a. We learned that all courts displaying a red-white-blue flag with a gold fringe are bankruptcy courts of the British owned corporation doing business as "The United States, Inc." Remember, it is your productivity that is supporting this British owned corporation in bankruptcy.

82. We Learned S71

- a. We've learned that there is a United States that includes, Guam, Wake, Virgin Islands, Puerto Rico, and other insular States, but no Union States. This "United States" is sometimes referred to as "The United States – minor".
- b. The "United States citizen" was created in the 14th-Amendment in 1868, and is a second class of citizenship.

83. We Learned S72

- a. As Congress was secretly using the labor and the private property assets of these newly created "citizens" as collateral backing the corporate debts

of "The United States of America, Inc." there was good reason to keep this criminal fraud a secret from the people. In effect, Leadership changed private slave ownership to public slave ownership at the end of the Civil War.

84. We Learned S73

- a. We've learned to recognize criminal fraud when we see a defendant who has not harmed anyone, yet is in court. Where is the evidence that corporation rules apply?
- b. "War Is A Racket" – On this subject we heard the testimony of Marine – Major General Smedly Butler [>>>]

85. We Learned S74

- a. "I spent 33 years and four months in active military service and during that period I spent most of my time as a high class muscle man for Big Business, for Wall Street and the bankers. In short, I was a racketeer, a gangster for capitalism. I helped make Mexico and especially Tampico safe for American oil interests in 1914. [>>>]

86. We Learned S75

- a. "I helped make Haiti and Cuba a decent place for the National City Bank boys to collect revenues in. I helped in the raping of half a dozen Central America Republics for the benefit of Wall Street. I helped purify Nicaragua for the International Banking House of Brown Brothers in 1902-1912. [>>>]

87. We Learned S76

- a. "I brought light to the Dominican Republic for the American sugar interests in 1916. I helped make Honduras right for the American fruit companies in 1903. In China in 1927 I helped see to it that Standard Oil went on its way unmolested. Looking back on it, I might have given Al Capone a few hints. [>>>]

88. We Learned S77

- a. "The best he [Gangster Al Capone] could do was to operate his racket in

three districts. I operated on three continents." – War is a Racket by Marine Major General Smedley Butler. As one can easily see, our military has been used by the Banking Elite to help the rich, get richer for a very long time. The point is that it's not our military, it's the military of the Banking Elite!

89. We Learned S78

- a. We examined the lies of Leadership, listed here in brevity.
- b. The attack on Pearl Harbor was engineered by Leadership, and known about in Washington, D.C. prior to execution because Washington code breakers had broken Japan's military code which revealed the pending attack. Leadership intentionally failed to notify Pacific Command and let the attack be a surprise. In this, over 2,000 American lives were lost.

90. We Learned S79

- a. From Japan's attack on Pearl Harbor, we learned an important lesson, that it is a tactic of Leadership to push a group of people into an act of violence, so that Leadership has legal justification to take the violent action it decides is appropriate, and that is what Leadership is doing to the American people at this date in history.

91. We Learned S80

- a. We learned that Congressman Lindbergh wrote a book titled, YOUR COUNTRY AT WAR and What Happens to You After War. That President Roosevelt read the book as soon as it was available, and ordered all available copies confiscated. In carrying out that order, the printing plates were destroyed for two of Lindbergh's books, flushing the 1st-Amendment down the sewer.

92. We Learned S81

- a. The next Leadership lie we examined was the dropping of Nuclear Bombs on Japan. Americans were told, by their

elected Leadership, that dropping the nuclear bombs on Nagasaki and Hiroshima was necessary to prevent a million American casualties. Setting in attendance of a White House Meeting we hear: [>>>]

93. We Learned S82

- a. [Secretary of State Edward] "Stettinius called the meeting to order to discuss an urgent matter; the Japanese were already privately suing for peace, which presented a grave crisis. The atomic bomb would not be ready for several more months. 'We have already lost Germany,' Stettinius said. 'If Japan bows out, we will not have a live population on which to test the bomb.'" - The Secret History of the Atomic Bomb; Mullins, June 1998

94. We Learned S83

- a. From this we learned a lot about Leadership, that its O-K to kill a hundred-thousand plus men-women-children, in order to run a test. And from this we can see the value that human life has in the eyes of Leadership, and it's been this way through Administration after Administration with very few exceptions!

95. We Learned S84

- a. Next, we came to the Gulf of Tonkin lie. Leadership told us that North Vietnam had attack an innocent American Naval Vessel in neutral waters. There were two reported attacks, the first actually occurred when North Vietnam was under attack by the South Vietnamese Navy and Laotian Air Force. The second attack never occurred.

96. We Learned S85

- a. In the first attack, the U.S.S. Maddox was in North Vietnam waters, engaged in aggressive intelligence gathering. So the attack by North Vietnam was justified. However, it was the claim of a second attack, which did not occur,

on which the Gulf of Tonkin Resolution was passed, escalating the Vietnam war. Dead are two-million Vietnamese, One-Million Laotians, One-Million Cambodians, and 56,000 Americans.

97. We Learned S86

- a. AND FOR WHAT? It certainly wasn't freedom. We're more enslaved now than we were then. Question, do we American's pay taxes to have our freedoms maintained and enhanced, or, do we pay taxes to have our freedoms taken away at every turn of a corner or bump in the road. The point, of course, is that human life means absolutely nothing to either visible or invisible Leadership. It's all about money and control!

98. We Learned S87

- a. The next Leadership Lie we examined was the events at Waco, Texas. A small religious community, that had been surviving there since 1935 was attacked by the Bureau of Alcohol, Tobacco, & Firearms. Four Government agents were killed, three with accurately place head shots, and one shot in the heart. Suspiciously expert shooting.

99. We Learned S88

- a. On April 19, 1993, elements of the British owned corporation, doing business as the "United States, Inc.", used military weapons (a tank), and chemicals, and incendiary devices, and snipers, and explosives, to end the lives of 80-plus Americans who, until attacked, had never harmed anyone, and probably not even after attacked. Around 20 of the dead were children.

100. We Learned S89

- a. Before Waco, there was the bombing of the Alfred P. Murrah Federal Building, in Oklahoma City. From the analysis of General Benton K. Partin (retired) a chemical engineer, working in explosive development during his military career, we read:

101. We Learned S90

- a. "The media and the Executive branch reported that the sole source of the devastation was a single truck bomb consisting of 4,800 pounds of ammonium nitrate, transported to the location in a Ryder Truck and parked in front of the building. It is impossible that the destruction to the building could have resulted from such a bomb alone." – Partin

102. We Learned S91

- a. And as we read the analysis of General Partin (available on-line), we come to agree with him. And when we reach that point of agreement, we realize that there was an inside placement of explosives that required privileged access. Meaning there were accesses granted that could only have come from Leadership at some level.

103. We Learned S92

- a. We then covered the weapons of mass destruction lie by the George W. Bush administration officials. This lie was used to attack Iraq and depose its leader, Saddam Hussein. What is generally not known is that the United States placed him in power. Regardless, the assertion of Weapons of Mass Destruction was a LIE. And we're still there killing people!

104. We Learned S93

- a. "Either you are with us, or you are with the terrorists!" – President George W. Bush Well, if we continue to walk lock-step with United States Leadership, then we are with the terrorists! TERRORISM is easy to avoid, STOP PARTICIPATING IN IT!

105. We Learned S94

- a. And finally, we come to the events of September 11, 2001, in which America was attacked, by somebody, and the Twin Towers of the World Trade Center were destroyed, along with Building 7, a 47 story Skyscraper with no

structural damage. And the explosion at the Pentagon, and the alleged crash of an airliner at Shanksville, Pennsylvania.

106. We Learned S95

- a. In short, the official story of 9-11 is not believable. But there is more, much more, and it would take volumes to cover it. In short, there is more than sufficient evidence to suggest that this too was a Leadership Engineered Event, used to pass Patriot Acts 1 & 2, taking away a mountain of freedom and liberty from the American people, and to make them fearful and afraid.

107. We Learned S96

- a. That the spelling of our name will determine our status. Whether we are living men and women of the land with all our inherent rights, or some form of "Legal Fiction" (a dead person). What we didn't cover is that we should not SIGN any document, we "autograph", spelling our name in all lowercase printed letters, with a dash and colon. john-quincy: adams

108. Do Not Sign... Autograph

- a. We do this because we do not own the Sur-name, or family name, "adams" in the previous example. We own our Christian name, john-quincy in the previous example, joined together by a dash.

109. We Learned 97

- a. That in order to operate in Bankruptcy and secure the debt owed by the United States of America, Inc. (the British owned corporation), maritime salvage liens have been placed against every parcel of land, business, man, woman and child in America.

110. We Learned S98

- a. That Leadership/Bankers had us all declared legally dead, probated our estate and issued bonds, which were sold on a Securities and Exchange,

based on the value of our labor and private property.

- b. That Leadership/Bankers have taken out million-dollar life insurance policies on all of us!

111. We Learned S99

- a. That at the same time, Leadership converted all our private bank accounts to the ownership of the ESTATE trust they created "in our name" and moved the ESTATE offshore to Puerto Rico where you and your assets supposedly came under the foreign maritime jurisdiction of the United States of America (Minor).

112. We Learned S100

- a. We learned that the Leadership of a country in debt cannot and does not represent the people, nor the will of the people.

113. Speculation

- a. Now I leave behind our review of what we have learned, and speculate on what I see coming. Maybe I'm wrong, I hope I am. Much of this speculation will depend on the American people and how proactive they become. If they become sufficiently proactive, much of what I see coming can be avoided.

114. Speculation 02

- a. Clearly, the economy is not recovering, it will fail, as engineered by the Banking Elite. Thus the need for a WAR. A war is a standard practice tactic of Leadership to distract the population, but the American people are beginning to get wise to the, as of late, false flag (Leadership Engineered) events. As such, I believe that Leadership can see the handwriting on the wall.

115. Speculation 03

- a. Leadership needs a STAGGERING EVENT. An event so horrific in loss of life that American's will not believe that Leadership could be so calloused,

so uncaring, so desperate. But... Are we still that handicapped in our thinking? Especially when we consider the loss of life thus far... Pearl Harbor, Bombing the Federal Building in Oklahoma City, Vietnam, Iraq, 9/11, etc.

116. False Flag Event Defined

- a. FALSE FLAG EVENT: A horrific, staged, event – blamed on a political enemy and used as a pretext to start a WAR and/or enact draconian laws in the name of NATIONAL SECURITY.
- b. They can be done domestically to manipulate the American people, or be done abroad to provoke or possibly deceive another country. And we have done it repeatedly, both at home and abroad.

117. Speculation 04

- a. "The individual is handicapped by coming face-to-face with a conspiracy so monstrous he cannot believe it exists. The American mind simply has not come to a realization of the evil which has been introduced into our midst. It rejects even the assumption that human creatures could espouse a philosophy which must ultimately destroy all that is good and decent." - J. Edgar Hoover, Director of the FBI from 1924 to 1972. Are we this handicapped?

118. Speculation 05

- a. YES, it's a tough bridge to cross, to realize that we have elected psychopaths to high office. But we have to deal with the reality. Leadership is currently pushing for a War at several pressure points. There is Syria of course. Then there is Iran. There is Libya. There is Afghanistan. There is the Ukraine. There is North Korea. And lately, we are lining up with China via the Philippines.

119. Speculation 06

- a. Some of these antagonisms will involve Russia. And we are not the only ones with weapons of Technology. In some cases, our weapons don't work as well as theirs. This leads to the possibility that the United States may end up losing a conventional war. If so, I strongly suspect Leadership will take it Nuclear. If so, there will be NO TOMORROWS!

120. Manipulating our Minds

- a. "Sandy Hook has become colloquially known as the Sandy Hook Hoax or Sandy Hoax, the first false flag in recent history to be exposed as an entirely fabricated event, replete with a fake setting (a fake school) and fake victims. It marks the first in a series of false flag hoaxes where fake victims and fake victims' families (crisis actors) have been used. [>>>]

121. Government is Using Actors

- a. "Since the majority of people still cannot fathom that Sandy Hook was a staged event, the template of using crisis actors has been used again and again (e.g. at the Boston Marathon)." – <http://www.activistpost.com/2015/12/33-unanswered-questions-on-sandy-hooks-3rd-anniversary.html>

122. Do Not be Surprised How Far Government Leadership Will Go

- a. Yes, the Boston Marathon Bombing was also a false flag (read staged) event as well. The problem is that Americans are getting smarter and not buying the lies these staged events are supposed to convey. Thus, Leadership will likely go into overdrive and engineer real-life-ending-events to manipulate the minds of the American people. Which leads into another topic.

123. Individual Mind Control

- a. The issue of individual mind control is of great importance. Government has made significant advances in controlling the minds of individuals,

and what this does is to bring into question every single event. Once you know how advanced Government is in the arena of individual mind control, you will begin to question every single, seemingly unexplainable tragedy.

124. Seemingly Questionable Shootings

- a. Examples would be the Columbine School Shooting, Theater Shooting in Aurora, Colorado, Washington Navy Yard Shooting, University of Texas Shooting (Charles Whitman), Robert Kennedy's assassination, the case of Laurie Dann in Illinois, Zodiac Killer, San Bernardino shooting, Christopher Sean Harper-Mercer, Mohammad Youssuf Abdulazeez, and others.

125. Transformation of America

- a. To get an informed overview of Leadership's advanced use of mind control, one may wish to read Transformation of America, by Kathy O'Brien and Marquart Phillips. Kathy was placed in the Government mind control program by her pedophile father who was facing pedophile charges that were dropped with the placement of Kathy.

126. Link

- a. Phillips eventually rescued Kathy after she had become a married adult. Her entertainer husband was also her Government Handler. The book is on line at several web-sites. Here's one: <http://mhkeehn.tripod.com/151102Transformation.pdf> You want to know how criminal your Leadership can be? This is a good place to start.

127. Will the Criminality End?

- a. Whether or not, this criminality is ended, depends to a great degree on whether the American people are happy being a slave and paying the bills of a British owned corporation, or any government other than the original.

128. Anti-Criminal Government
a. In order to restore Lawful Civil Authority, it will be necessary to abandon War & Emergency Powers Authority, which is invoked by declaring a WAR ON SOMETHING. And right now, the United States has a number of WARS ON MANY THINGS. These phony wars will all have to be terminated.

129. Exercising Un-Constitutional Power
a. The un-constitutional power being exercised by Leadership comes from War & Emergency Powers, by declaring a WAR on Whatever. Currently the United States has a War on Drugs (President Nixon), War on Poverty (President Lyndon Johnson), War on Terrorism (President Bush), War Against the Banking Emergency (President Franklin Roosevelt).

130. WAR ON...
a. There is CONFLICT in Iraq (war), there is CONFLICT (war) in Afghanistan, there is a War on ISIS, on and on the list goes. And if we look into it, all the EMERGENCIES on which these wars are based, and the wars themselves, are terminated by Presidential Proclamation. Therefore, it will be up to the American people to make this a campaign issue!

131. Anti-Criminal Government
a. By now the reader should have a solid view of matters. Conspiracy Theory is now CRIMINAL CONSPIRACY! A criminal conspiracy to economically enslave the people of the United States. To obligate them, and their productivity throughout their entire lifetimes. Remember, we are not Anti-Government, we are Anti-Criminal-Government!

132. Acting Appropriately
a. And because the Catholic Church holds the Global Estate Trust, and holds its Canon Law above all other law forms, it

has been responsible for the criminal behavior and activity of numerous Governments, the United States being one of them. It would be fitting for the Pope to use the influence of the Catholic Church to end the criminality, or for Catholics to see the church for its role in enslaving the people, and act appropriately. Change is probably coming, with, or without the Church.

133. Simple Song of Freedom
a. Come and sing a simple song of freedom
Sing it like you've never sung before
Let it fill the air
Tell the people everywhere
We, the people here, don't want a war
Hey there, Mister Black Man can you hear me?
I don't want your diamonds or your game
I just want to be, someone known to you as me
And I will bet my life you want the same

134. Simple Song of Freedom
a. Come and sing a simple song of freedom
Sing it like you've never sung before
Let it fill the air
Tell the people everywhere
We, the people here, don't want a war
Seven hundred million are you listening?
Most of what you read is made of lies
But speaking one to one,
ain't it everybody's sun
To wake to in the morning when we rise?

135. Simple Song of Freedom
a. Come and sing a simple song of freedom
Sing it like you've never sung before
Let it fill the air
Tell the people everywhere
We, the people here, don't want a war
Brother Solzhenitsyn are you busy?
If not won't you drop a friend a line?
Tell me if the man, who is plowing up

your land
has got the war machine upon his
mind

made at the same email address.

136. Simple Song of Freedom

- a. Come and sing a simple song of
freedom
Sing it like you've never sung before
Let it fill the air
Tell the people everywhere
We, the people here, don't want a war
Now no doubt some folks enjoy doin'
battle
Like presidents, prime ministers and
kings
So let's all build them shelves
Where they can fight among
themselves
and leave the people be who love to
sing

137. Simple Song of Freedom

- a. Come and sing a simple song of
freedom
Sing it like you've never sung before
Let it fill the air
Tell the people everywhere
We the people here, don't want a war
I said let it fill the air
Tell the people everywhere
We the people here, don't want a war
Freedom! - Freedom! - Freedom!
