

# The U.S. Military & Police

October 22, 2016

I begin under the premise that “the mark of a stupid man is NOT that he does not know, it is that he does not want to know.” This to say that the supporting information set forth in this construction is readily available to the individual, and has been for some time now, thus, if the individual finds himself doubting the veracity of the content herein, he, or she, needs to do their independent research and homework.

The intent of this construction is that we all have a clear view of the *character* of the *United States Military Forces*, and *United States Policing Forces* as well. To comprehend the character of these two forces, it is necessary to determine what it is that Leadership expects them to protect or guard or annihilate [completely destroy]. It is in understanding (comprehending) their mission, that we will come to comprehend their character. And when I say “we”, I mean not only the citizenry of the United States, but the individual policeman and military-man, which also includes women in either occupation. I know that the Policemen are told that their mission is to *maintain law and order*, and nothing could be further from the truth. In the county I previously lived, the police cars had “*to protect and serve*” written on the side of them, and that is no longer the case. Oh, the police still *protect and serve*, but it is WHO they are protecting and serving that goes some distance in defining their character. And the military-man is told that he is *fighting for freedom*, and again, nothing could be further from the truth.

Without going into the history of the National Debt, it is sufficient to say that the *Debt* is trillions of dollars. The current collateral for this debt is the productivity of the people of the United States. While the national debt is over \$19,737,000,000,000 (19.7 trillion or \$60,780 per citizen), the total U.S. Debt is over: \$66,539,000,000,000 (66.5 trillion or \$ 204,894 per citizen) according to the [\*\*U.S. Debt Clock\*\*](#).

It is said that former President Abraham Lincoln ended ***slavery***. That's not exactly true. Lincoln ended *private slavery* and replaced it with *public slavery*. And the debt in the previous paragraph **is our enslavement!** The Leadership, which rigged elections have placed in office, has obligated your productivity to paying an ever increasing amount of money to the *creditor of the United States*, herein referred to as the "banking elite", in a Ponzi scheme. This Ponzi scheme must ultimately result in the failure of the United States economy and currency system as engineered by the Banking Elite with the willing help of the political Leadership they control.

The economy has had to fail since the passage of the Emergency Banking Relief Act (hereafter referred to as the Banking Relief Act) of March 9, 1933. This act authorized the currency (Federal Reserve Note - FRN) used today in the United States and is generally called "money." However, if you look up the term "money" in Black's Law Dictionary - Sixth Edition, you will read:

"Money. In the usual and ordinary acceptance it means coins and paper currency used as circulating medium of exchange, and does not embrace notes, bonds, evidences of debt, or other personal or real estate." - Blacks Law Dictionary, Sixth Edition.

From this definition, we can see that "money" does not embrace *notes* as in Federal Reserve *Note*, nor does it embrace *evidence of debt*. In reading the following language, authorizing the issuance of the *currency*, we will find *evidence of debt*.

"Upon the deposit with the Treasurer of the United States; (a) any direct obligation of the United States; (b) any notes, drafts, bills of exchange or bankers acceptances acquired under the provisions of this act, that any Federal Reserve Bank making such deposits in the manner prescribed by the Secretary of the Treasury, shall be entitled to receive from the Comptroller of the Currency, circulating notes in blank, duly registered and countersigned." – Emergency Banking Relief Act of March 9, 1933, Title 4

As the reader can see for themselves, (a) is public debt, and (b) is private debt. Therefore the currency is issued upon the deposit of debt, both public and private. As such, the currency has *evidence of debt* and therefore, cannot be money. To be clear, we have had "paper money" in our history. There were *Gold Certificates* and *Silver Certificates*, and neither of these two instruments

were a **note!** When these certificates were in circulation, you could take a Gold Certificate to a bank and be given gold coin in the amount of the Certificate. The same was true for the Silver Certificate, except you would be given silver coin in the amount of the certificate.

As the people have become more educated, Leadership has taken steps to confuse the U.S. population. Today, if you read the definition of “money” in an edition of Black’s Law dictionary later than the *sixth*, you will find a greatly expanded definition of “money”. Whenever you encounter a definition that is lengthy, it is generally a clear sign that Leadership is trying to trick the people. For example, look up the word “person” in Black’s Law Dictionary. Be prepared to read for a while. In short, the Congress of 1862 defined the word “person” as a *corporation*, and there has been a lot of effort put into confusing the people on this term, especially police and military. You will find the word “person” used considerably in the *statutes* because the United States government does not have jurisdiction over a living man or woman of the land, thus, the need for Leadership to convert the status of the living man or woman into a corporation, which is a dead person. And constitution protections and rights do not apply to dead people. Thus, an individual whom Leadership has converted into a “person” has no constitutional protections. If you are the holder of a drivers license or a social security account, YOU ARE A “PERSON”, a legal fiction.

Because the Banking Relief Act of March 9, 1933 contained the language of the Trading with the Enemy Act of October 6, 1917, the Banking Relief Act is considered a **war powers Act**.

To comprehend what is taking place, we need to know that the Original “United States” was a Government Services Entity, with some very specific and very limited responsibilities, spelled out in Article I, Section 8, Clauses 1 through 18 of the Constitution **for** the United States.

Looking back into history, we find that in 1862, Lincoln bankrupted this original Government Services Entity doing business as “United States”. It has, since that time, been recreated several times due to bankruptcy. At one time, this Government Services Entity was owned by the Vatican (Catholic Church)

who sold it to the *Banking Elite*. The most recent version, “The United States, Inc.” has been owned by the Banking Elite, and they have operated it to their financial benefit. To get a better comprehension of this evolving transition, click [here](#).

It is enough to say that Leadership, without any fanfare announcement, has adopted a separate Constitution for the *Incorporated* United States. This Constitution is one word different than the Constitution for the republic of these united States of America (lowercase “u” on “united” is intentional and correct). Whereas the Constitution for the republic says: “Constitution **for** the United States”, the Constitution for the Incorporated United States says: “Constitution **of** the United States”, changing the source of the Constitution from Organic (law of the people) to corporate.

**This creates a monumental deception** because, when one swears to protect and defend the Constitution of the United States from all enemies, both foreign and domestic, he is swearing an oath to the Corporate Constitution, not the Constitution that so many American’s died to establish, and that so many American’s have died in the mistaken belief they were defending. This is a fact that must be kept from the minds of those in the military or possibly going to join the military at some future date, as well as the American police. Thus, the American people are deceived into believing and serving something FALSE! It is highly unlikely that the Military and Police who have sworn such an oath are aware of this deception since Leadership is silent on so much of its trickery. For those interested in this fact, you may click [here](#), and [here](#) and read page 6 of [this document](#).

[Continued on Next Page]

And that, right there, is sufficient for Americans to know that the United States Military is the military of the Corporate United States under the control of the Banking Elite, by and through the Leadership they control, and not the military of the **republic** of these united States of America that the Constitution mandates be maintained in all states of the Union.

And not only are the American people deceived, so are the Policemen and Military applicants when they too swear an oath to defend and protect the constitution of the corporate United States since they will not be informed the Constitution to which they are swearing an oath is corporate and not of the republic.

When the United States became corporate, the character of Congress changed to that of Board of Directors, and the character of the President changed to Chief Executive Officer of this corporation. Thus, Congress was/is no longer able to pass laws for the republic of these united States of America, they have

only been able to pass corporate rules that they like to call law, and then apply those corporate rules to citizens of the fourteenth amendment, which are legal fictions, i.e., dead people. When the “United States” was declared bankrupt by President Franklin Roosevelt in 1933 the Judges throughout the United States took, and continue to take, silent judicial notice that the United States is bankrupt. Thus, the court system is administering the bankruptcy of the United States, all kept secret from the American people, but especially the Police and Military.

It is the job of the police to ring the bankrupt cash register by bringing Americans into court whether or not there is an injured party. The Government Court of today makes money in convictions, thus, hardly anyone walks away from a government court without some form of conviction. It is the reason that the United States has the highest per-capita prison population of all countries on Earth.

Meanwhile, the Military, which we now know is actually the military of the Banking Elite, has assigned tasks elsewhere. And perhaps I need to explain this concept of the Military being under the control of the Banking Elite and provide an example.

With a little historical perspective, we can get a grip on this concept. We may remember that coming out of the Revolutionary War, the United States was in debt. Our creditors were hounding us for payment so Leadership began shopping around for a creditor to pay all the other creditors and then give us time to organize and pay the bill. Surprisingly, perhaps, Great Britain became our creditor who paid off the other creditors. But, Great Britain was only the front man. The actual money came from the Banking Elite of England. Once the individual begins to comprehend the criminal mind of the Banking Elite, it will not be surprising at all.

The loan required collateral and came with stipulations, as all loans do. The collateral was all the property owned by the United States. And one stipulation was the creation of a National Bank. Thus, the first National Bank of the United States was chartered in 1791, and the titles to the collateral property were placed in the bank for safe keeping. The Bank was, originally, 80% English

owned, and 20% American owned. In a relatively short period of time, the Bank was 100% English owned, thus, the Banking Elite had their hooks into the United States.

Everything was quiet and peaceful for 20 years, but in 1811, the Bank Charter expired and the Bank had to close its doors. Since the United States had not paid its debt to England (read English Banking Elite) this made the Bankers very unhappy. And since these Bankers controlled the English Leadership, just like they control the United States Leadership today, they directed English Leadership to attack the United States. Thus, we had the war of 1812. The English sailed into Washington, D.C., burned the White House, burned the President's personal house, entered the Federal Courts and collected the titles to their collateral property.

Rather quickly, Congress renewed the charter on the Bank, the property titles were put back into the bank, and the happy English left. And that is the power that a ***creditor*** has over the Leadership of a country which owes them money, as is the case in the United States today as well as many other countries. Do not deceive yourself, the Banking Elite control all U.S. Government Policy!

Agent Salinger: "Yeah, but billions of dollars invested, simply to be a broker... there can't be that much profit for them."

Mr. Calvini: "No, this is not about making profit from weapons sales, it's about control."

ADA Whitman: "Control the flow of weapons, control the conflict?"

Mr. Calvini: "NO... no, no. The IBBC is a bank. Their objective isn't to control the conflict, it's to control the DEBT that the conflict produces. You see, the real value of a conflict, the true value, is in the DEBT that it creates. You control the debt, you control everything. You find this upsetting, yes. But this is the very essence of the banking industry. To make us all, whether we be nations or individuals, slaves to debt." – The International

Never have I heard it put so well. The essence of the banking industry – plain and simple!

And while President Andrew Jackson paid off the National Debt, and the United States was debt free and a SOVEREIGN NATION, it didn't last all that long. England's (Great Britain) provocateurs managed to stir up discontent between Northern and Southern States, leading to the Civil War. And, once again, the Bankers had tricked the United States into **debt** once again, and it has remained in debt every since! Remember, a country CANNOT BE SOVEREIGN and owe money or have a national debt!

Lincoln declared Martial Law, under which he brought the Northern Delegates back into session under the bayonet. Thus, Congress was not seated as a Constitutionally Empowered Legislative Body, it was now seated unconstitutionally, under coercion and duress. Seated in this manner, Congress cannot pass LAW for the republic of these united States of America, and since Lincoln's Martial Law has never been terminated, Congress has not been able to pass law from that time forward. Failure to be educated on such matters is the direct result of educational curriculum control by the Department of Education whose job it is to make certain that the people of the United States remain uneducated in matters that would empower them.

And from the Banking Relief Act of March 9 1933, we read:

"Section 1. The actions, regulations, rules, licenses, orders and proclamations heretofore or hereafter taken, promulgated, made, or issued by the President of the United States or the Secretary of the Treasury since March 4, 1933 pursuant to the authority conferred by subdivision (b) of section 5 of the Act of October 6, 1917, as amended, are hereby approved and confirmed." - Banking Relief Act of March 9, 1933

With this language, the Banker Controlled Congress of 1933 gave approval to any **executive order** issued after March 9, 1933 without ever knowing what executive order might be issued. This action illegally gave dictatorial powers to the President of the United States over-which even the Supreme Court cannot intervene and destroyed the separation of powers. Witness the banning of chlorofluorocarbons (refrigerant R-12) by President George H. W. Bush to pay back his financial supporter Dow Chemical, whose patent on R-12 was about to expire and Dow held the patent on the only viable replacement refrigerant at the time.

The Supreme Court has ruled, more than once, that the Government has no Duty to Protect anyone, e.g.:

"The Supreme Court ruled on Monday that the police did not have a constitutional duty to protect a person from harm..." – Headline: **Justices Rule Police Do Not Have a Constitutional Duty to Protect Someone**, [New York Times](#), June 28, 2005

## **AND**

"In light of the recent terror attack in Orlando, Florida many people are asking the question, 'What can the government do to protect the people?' Everything from banning certain types of firearms to prohibiting people on the no-fly list from buying guns to immigration reforms has been proposed as possible government solutions.

"However... law enforcement, does not have any duty to protect the general public? Based on the headline and this information, you might assume this is a new, landmark decision. However, it has long been the court's stance that... the American people are responsible for taking care of their own personal safety." – [Tribunist](#), June 16, 2016

Therefore, the job of the Police is: 1) to keep ringing the bankrupt cash register; and 2) to keep the people of the United States suppressed and dominated should they find out that their Government is one big criminal cabal.

The purpose of the military is to support the lies of Leadership, e.g., "Weapons of Mass Destruction", "North Vietnamese gun-boats attack innocent American Naval Ship in Gulf of Tonkin", and then go murder the people who are the target of the lie while the natural resources of the country are commandeered by the United States or corporations within.

Which brings us to the situation of today. Currently, our Leadership is attempting to provoke World War III, with the willing help of the mainstream misleadia which is also controlled by the Banking Elite. If the American people allow their Leadership and the mainstream media to mislead them into World War III, and that war goes nuclear as it most likely will, then life on Earth as we have heretofore known it, comes to an end. It's almost impossible to comprehend the amount of destructive energy waiting to be released, but, allow me to try.

And we will do this exercise by examining the destructive force of one Trident Nuclear Missile on board a nuclear submarine of the United States. One Trident has more energy release than all weapons discharged in World War II. That is, it has more energy release than all artillery shells fired from ground based guns, all shells fired from ships, all bombs dropped, all mortar shells fired, all hand grenades exploded, all bullets fired, including the Nagasaki and Hiroshima nuclear bombs, by all Armies, in all theaters of World War II! And there are twenty-three more Trident Missiles aboard the submarine, not to mention the thousands of ground based nuclear missiles, some of which are 17,000 times more powerful than what we dropped on Nagasaki and Hiroshima.

This now brings me to the emails that periodically circulate and tug on our heart-strings, evoking an **emotional response**, like this one:

---

### **Will you give this to my Daddy?**

As a Company, Southwest Airlines is going to support '**Red Fridays**'.

Last week I was in Atlanta , Georgia attending a conference. While I was in the airport returning home, I heard several people behind me beginning to clap and cheer. I immediately turned around and witnessed one of the greatest acts of patriotism I have ever seen.

Moving through the terminal was a group of soldiers in their camos. As they began heading to their gate, everyone (well almost everyone) was abruptly to their feet with their hands waving and cheering.

When I saw the soldiers, probably 30-40 of them, being applauded and cheered for, it hit me. I'm not alone. I'm not the only red-blooded American who still loves this country and supports our troops and their families.

Of course, I immediately stopped and began clapping for these young unsung heroes who are putting their lives on the line everyday for us so we can go to school, work and home without fear or reprisal.

Just when I thought I could not be more proud of my country or of our service men and women, a young girl, not more than 6 or 7 years old, ran up to one of the male soldiers. He kneeled down and said 'hi.'

The little girl then asked him if he would give something to her daddy for her.

The young soldier, who didn't look any older than maybe 22 himself, said he would try and what did she want to give to her Daddy. Then suddenly the little girl grabbed the neck of this soldier, gave him the biggest hug she could muster and then kissed him on the cheek.

The mother of the little girl, who said her daughter's name was Courtney, told the young soldier that her husband was a Marine and had been in Iraq for 11 months now. As the mom was explaining how much her daughter Courtney missed her father, the young soldier began to tear up.

When this temporarily single mom was done explaining her situation, all of the soldiers huddled together for a brief second. Then one of the other servicemen pulled out a military-looking walkie-talkie. They started playing with the device and talking back and forth on it.

After about 10-15 seconds of this, the young soldier walked back over to Courtney, bent down and said this to her, 'I spoke to your daddy and he told me to give this to you.' He then hugged this little girl that he had just met and gave her a kiss on the cheek. He finished by saying 'your daddy told me to tell you that he loves you more than anything and he is coming home very soon.'

The mom at this point was crying almost uncontrollably and as the young soldier stood to his feet, he saluted Courtney and her mom. I was standing no more than 6 feet away from this entire event.

As the soldiers began to leave, heading towards their gate, people resumed their applause. As I stood there applauding and looked around, there were very few dry eyes, including my own. That young soldier in one last act of selflessness, turned around and blew a kiss to Courtney with a tear rolling down his cheek.

We need to remember everyday all of our soldiers and their families and thank God for them and their sacrifices. At the end of the day, it's good to be an American.

RED FRIDAYS — Very soon, you will see a great many people wearing Red every Friday. The reason? Americans who support our troops used to be called the 'silent majority'. We are no longer silent, and are voicing our love for God, country and home in record breaking numbers.

We are not organized, boisterous or over-bearing. We get no liberal media coverage on TV, to reflect our message or our opinions. Many American, like you, me and all our friends, simply want to recognize that the vast majority of Americans supports our troops.

Our idea of showing solidarity and support for our troops with dignity and respect starts this Friday -and continues each and every Friday until the troops all come home, sending a deafening message that... Every red-blooded American who supports our men and women afar will wear something red.

By word of mouth, press, TV – let's make the United States on every Friday a sea of red much like a homecoming football game in the bleachers.

If every one of us who loves this country will share this with acquaintances, co-workers, friends, and family. It will not be long before the USA is covered in RED and it will let our troops know the once 'silent' majority is on their side more than ever; certainly more than the media lets on.

The first thing a soldier says when asked 'What can we do to make things better for you?' is...We need your support and your prayers.

Let's get the word out and lead with class and dignity, by example; and wear something red every Friday.

IF YOU AGREE -- THEN SEND THIS ON.

IF YOU COULDN'T CARE LESS THEN HIT THE DELETE BUTTON --- IT IS YOUR CHOICE. I don't know if you've seen this, but I couldn't delete it.

WE LIVE IN THE LAND OF THE FREE, ONLY BECAUSE OF THE BRAVE. THEIR BLOOD RUNS RED — SO WEAR RED! — MAY GOD HELP AMERICA TO BECOME ONE NATION, UNDER GOD AGAIN.

---

“Last week I was in Atlanta , Georgia attending a conference.” Who the hell is “I”? “I” who? This whole message is unsigned, and that, right out of the starting gate makes me suspicious. Perhaps it is genuine, but it doesn’t appear to be. Mind control (manipulation) is at work at all levels of United States Leadership, and I suspect this to be one of their many, many manipulations.

Do not think that my heart does not go out to the misled and misinformed people in the military who may believe they are protecting my freedom, but the criminality of United States Leadership is now well known throughout the world. And while my heart goes out to the men in U.S. military uniform, I cannot, and will not support the murder of human beings by the United States Military under the guise of lies, propaganda, and manipulation! The Banking Elite initiates policy in which our Military goes into other countries and murders the people there, then installs a puppet government followed by stealing their resources or using the country to set up United States Military Bases/Camps/Posts for further domination of that region of the world.

The message to us Americans is that if **WE** DO NOT support the murder of foreign men, women and children, who have never caused Americans any

harm, then **WE** are some form of *unpatriotic bat-shot despicable individual* who should be reviled.

## **BRAINWASHING THE PEOPLE INTO WAR!**

"Naturally the common people don't want war: Neither in Russia, nor in England, nor for that matter in Germany. That is understood. But, after all, it is the LEADERS of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is TELL THEM THEY ARE BEING ATTACKED, and denounce the peacemakers for lack of patriotism and exposing the country to danger. It works the same in any country." – Hermann Goering, Adolf Hitler's second in command, speaking during the Nuremberg Trials of Nazi war criminals at the end of World War II.

We, the people of the United States have allowed Psychopathic-Leadership to have access to nuclear weapons, and that Leadership has been trying to find a way to convince you that your life, and the lives of your family should come to a radioactive end, so they can engage in some fantasy of New-World-Order in which they [the *Banking Elite*] will control every resource and the lives of every individual on the planet. A world where they sit in the underground cities they have already built because the surface of the planet will be too radioactive for anything to live, animal or vegetable.

Ultimately, I suspect the time is near when both the Military and Police of the United States are going to have to make a choice. They are going to have to decide if they are going to enforce **un-Constitutional Corporate Rules, support and defend the corporate Constitution of the corporate United States, dominate and suppress the people of the United States, OR work with the people of the United States to restore Lawful Civil Rule and Authority, free the people of the United States from rampant tyranny, and defend the Constituion for the republic for these united States of America that so many Americans have died to establish, or died believing this is the constitution they were serving.** Time will tell whether the United States military and/or United States Police are going to support and protect criminals, or the good people of the United States.

We should not deceive ourselves. The Military and the Police are both under the control of the Banking Elite. And it is a choice whether or not to join either of these [criminal Government] Services, even with the draft (selective service) operational. Once you know the true nature of United States Leadership, you wouldn't trust them to push your baby carriage, let alone serve their criminal enterprise!

Regarding Selective Service, commonly known as the Draft, one might take note that the U.S. Department of Defense is publically traded for profit, as is the whole of Government, which may be confirmed by examining [this sampling](#) or with an appropriate [Dun & Bradstreet](#) Search. Thus every action of Government with the people is by and through contract. And you cannot be forced to contract, thus, you cannot be forced to serve in the Armed Forces of the corporate United States. If you are opposed to going to other countries and murdering people, don't sign anything, and don't do as directed. Should they say, all applicants joining the Army, take one step forward, well, don't do it. It's only with your signature and permission that they can use your body for their personal gain.

## **LITTLE PLAY SOLDIERS**

Two little soldiers  
their games are such fun  
each with his helmet  
and little toy gun  
pretending they're lying  
on the battlefield dead  
after they're tucked away  
safe in their bed

Little play soldiers  
if only you knew  
what kind of Battles  
are waiting for you

Quite, don't disturb  
all the innocence of youth  
Tell them not to lie  
But never tell them the truth  
That men will fall and die  
While little boys grow  
But little play-soldiers  
are too busy to know

Little play soldiers  
if only you knew  
what kind of Battles  
are waiting for you

Little white crosses  
and their rows are so long  
How will it END  
if you don't know it's wrong  
For little play soldiers  
will never know why  
we love them and kiss them  
and send them to DIE

Little play soldiers  
if only you knew  
what kind of Battles  
are waiting for you

Two little soldiers  
their games are such fun
