“The individual is handicapped by coming face-to-face with a conspiracy so monstrous he cannot believe it exists. The American mind simply has not come to a realization of the evil which has been introduced into our midst. It rejects even the assumption that human creatures could espouse a philosophy which must ultimately destroy all that is good and decent.” - J. Edgar Hoover, Director of the FBI from 1924 to 1972.

Hoover is talking about us.

The subtitle of the previous column read “Local Leadership is a KEY”. And while it's true, there is still a roadblock. In the same way that the Congress and Senate are the Board of Directors for the UNITED STATES [corporate], local leadership fill a similar function. The COUNTY OF GLENN and the CITY OF WILLOWS are listed on Dun & Bradstreet as publically traded for profit. Therefore, those we identify as *local leadership* are likely representing the investors of the two publically traded entities listed above. On one hand, the deception is that they represent our best interests, but the reality is that they represent the interests of the investors.

So, who are they turning their back on? Many of us American's died to provide the constitution that our leadership is allowing to be set aside. We died to provide the *common law* (the law of the land, the people's law) for justice, but they have perverted justice and made justice subservient to profit (the rulers law).

Very seldom do we see leadership, at any level, standing up for the constitutional principles so many have died to provide, or the people they pretend to represent. However, in their defense, the system of which they are a part, is very effective at deceiving them as well. Thus we have the reason for this series of columns. But if the information herein is not absorbed and acted upon, this series of columns will soon disappear from memory for this information is most likely not going to be repeated by the mainstream misleadia, local leadership, church leadership or public schools. I think that those we've entrusted with our lives will hope this information is quickly forgotten and discounted by what they consider “the Sheeple.” This series of columns is an opportunity to know, and if one wishes, verify, the truth of the economic enslavement of ourselves and our children. All it takes is caring about one's self, children and grand children.

Not every leader is corrupt, ignorant, or working against his fellow man. But these brave souls are so far and few between. It's our duty to put more of them into office and then support them.

We note that when leadership does find in favor of the people they need *training* as we seen set forth by pervious Planning Director Dan Obermeyer when the “Planning Commission” found in favor of Orland Sand & Gravel in the administrative hearing of 2004. The *Commissioners* needed

training so they always found in favor of government's interests as determined by department heads like Dan Obermeyer. IT'S ALL COMMERCIAL, FOR PROFIT.

Training was also very visible when, during the *bail out vote*, Congress was threatened with *martial law*. That's what we want, enactment of legislation and law at the point of a bayonet, now that's *democratic*. Well, it is NOT democratic, it's tyranny. What we are seeing is exercise of the FORCE and VIOLENCE under control of the creditor of "The UNITED STATES" [corporate]. It was the *creditor* saying, *either you do what I want, or martial law will be declared, and I'll get much more of what I want*. And this is what leadership is presenting to us as *representative government*. BALONEY.

Do we think this is constitutional? Do we think this is the reason we've been fighting and dying for over two-hundred years? Where were the voices of the church, the schools, the main stream misleadia, and our local leadership in this debacle? When laws are passed under threat of violence, there is something horribly wrong. When lawmen break the law, there is no law.

While I have written about the Banking Relief Act of March 9, 1933 before, its deceptive affect on our lives cannot be overstated. This act contained the language of the Trading with the Enemy Act of October 6, 1917. In 1917 the United States was dealing with World War I, and it was recognized that there were enemies of the United States doing business within our borders. The Trading with the Enemy Act gave the President total authoritarian control over the commercial activities of an identified enemy.

However, the 1917 act excluded our domestic transactions (buying a lawn mower for example) and citizens of the United States from the operation of this *act of war*. But this exclusionary language was amended in the Banking Relief Act. The amended language was changed to read "*by all persons living within the United States or subject to the jurisdiction thereof.*"

Now, who is that referring to? It's referring to all of us United States citizens. We live in the United States and/or are subject to the jurisdiction thereof. With this amended language we became indistinguishable from any other enemy of the United States, and since we are now indistinguishable, we have, in fact, become an identified enemy of the United States, giving the President the authority to regulate us in our every commercial activity. So, layer upon layer of law has been passed, making our every activity a commercial activity, pursuant to the authority conferred by the Banking Relief Act.

It was after the passage of this act that the UNITED STATES flag began flying above the State flags, whereas before the Banking Relief Act the flags flew on separate poles, at the same height, indicating an equality. When the red, white and blue flag began flying above our state flags, it was the result of occupation by a foreign force occupying the Union States (the corporate UNITED STATES is a foreign force to the republic States of the Union). And since this is not presented in the main stream misleadia, public schools, church, or local leadership, it becomes one of the most insidious and destructive (to freedom) deceptions in our lives.

There are no stupid questions, feel free to ask them. More deception to come, so stay tuned.
