11/1/92	Ian Spiro	Had supporting documentation for grand jury proceedings on the <a href="#">INSLAW CASE</a> . Spiro's wife and 3 children were found murdered, all dying of gunshot wounds to the head. Mr. Spiro's body was found several days later in a car, parked in the Borego Desert. Cause of death reported as the ingestion of cyanide. The FBI report indicated that Ian had murdered his family and then committed suicide.

9/26/93	Jerry Luther Parks	Chief of Security for Clinton's national campaign headquarters in Little Rock. Parks had been compiling a dossier on Clinton's illicit activities. The dossier was stolen.	Gunned down in his car near the intersection of Chenal Parkway and Highway 10 west of Little Rock. Parks was shot through the rear window of his car. The assailant then pulled around to the driver's side of Park's car and shot him three more times with a 9mm pistol.

Whatever warning was given to the other BATF agents in that building did not reach Alan Whicher, who died in the bomb blast.
4/3/96	Ron Brown	Clinton's Commerce Secretary. Independent Counsel Daniel Pearson was seeking to determine whether Brown had engaged in several sham financial transactions with longtime business partner Nolanda Hill shortly before he became secretary of commerce. 5/6/96	William Colby	Former CIA director. Colby, who had just started writing for Strategic Investment newsletter, worried many in the intelligence community. Colby's past history of divulging CIA secrets in the past were well known.	In this death, it is reported that Colby ate a dinner of clams and white wine, then went to his canoe in the middle of the night, on a rough and windy river, without a life jacket, had a heart attack and slipped into the water.
5/16/96	Admiral Jeremy Boorda	Admirable Boorda had risen from the enlisted ranks to become the 25 th Chief of Naval Operations. We are to believe he was so mentally unstable he would do as reported on the right.	Going home for lunch, he decided to shoot himself in the chest (twice by one account) rather than meet with newsweek magazine regarding a valor insignia he was evidently not authorized to wear.
11/29/96	Barbara Wise	Commerce Department employee. Barbara Alice Wise was suspected of leaking Commerce documents exposing the Chinese espionage. She worked in the same section as John Huang.	Barbara Wise was found dead and bruised from head to waist in a locked Commerce Department office.

7/4/97 ?	Mary C. Mahoney	An attractive 25-year-old White House intern who worked with John Huang and was an employee of Starbuck's in Georgetown. Even though more than \$4,000 remained in the store, the police have categorized the triple murder as a <b>robbery</b> , even as they acknowledge the "execution style" killings.	Gunmen entered the Starbuck's while the crew was cleaning up after closing. Mahoney's two associates, Aaron Goodrich, 18 and Emory Evans, 25, were taken to a room and shot. Mary herself had five bullets in her, from at least two different guns, most likely with silencers. A total of 10 shots were fired; none of them heard by neighbors in the densely populated Georgetown section. Mahoney was shot in the chest, face, and back of the head.

10/12/97	Ron Miller	Provided tape recordings of Gene and Nora Num related to criminal 'campaign finance'	Healthy, but took ill Oct. 3rd and died nine days later. (Consistent with Ricin poisoning.)
2/22/98	Sandy Hume	Twenty-eight year old son of journalist Britt Hume. Worked for Hill magazine, about Congress for Congress.	Reportedly found dead in his Arlington, Virginia home. Aside from the statement that this was an "apparent" suicide, there remains in place a total media blackout on this story, possibly out of concern that the actual facts will not withstand public scrutiny.
3/8/98	James McDougal	Convicted of bank fraud; died in solitary confinement just before scheduled testimony to Ken Starr investigation.	Heart attack in prison hospital
3/29/98	Johnny Lawhon	An Arkansas transmission specialist who discovered a pile of Whitewater documents in the trunk of an abandoned car on his property and turned them over to Starr.	Killed in a car wreck two weeks after the death of James McDougal.
11/17/98	Charles Wilbourne Miller	Miller had long served as executive vice president and member of the board of directors for a company called Alltel and was deeply involved in his own software engineering company until the day he died. Alltel is the successor to Jackson Stephens' Systematics, the company that provided the software for the White House's "Big Brother" data base system which was behind the administration's plan to develop the secret computer "Clipper" chip to bug every phone, fax and email transmission in America.	The 63 year old Miller was found dead of a gunshot wound to the head in a shallow pit about 300 yards from his ranch house near Little Rock. Police found a .410 gauge shotgun near Miller's body and a Ruger .357-caliber revolver submerged in water. Investigators concluded the Ruger was the weapon used by Miller to kill himself. Yet, two rounds in the handgun's cylinder had been spent. (Probably missed himself the first time.)
4/28/2000	Carlos Ghigliotti	Carlos, an expert in FLIR (Forward Looking Infrared) and contract agent for the House Government Reform Committee, acquired FLIR tapes of the Waco siege. He proved that the FBI knew that the Davidians were nearly out of water and that they had lied to Janet Reno when they said, "the Davidians had plenty of food and water and the siege was unlikely to end soon." Read full story <a href="#">here</a> .	Found dead in his home/business just outside of Washington D.C.

## Coincidental Deaths Following the Assassination of President John F. Kennedy 1963 - 1976

Many witnesses have died in the thirteen year period following the assassination of President John F. Kennedy - most of unnatural causes. As one might expect, rumors abound about the *unusually* high death rate during these years. Many of these deaths are supported by suspicious circumstances under which the victims died. The thread that runs through all these deaths is: 'they are very convenient to those who are covering up the facts in the assassination of President Kennedy since these witnesses took their knowledge to the grave upon their individual deaths. In the end, you, the individual reader, must decide for yourself whether or not these deaths seem a *little to convenient* or normal coincidence:

Asterisks mark death that seemed to happen under suspicious circumstances.

Date	Name	Connection with case	Cause of Death
11/22/63	John F. Kennedy	President of the united States of America	Shot, several times, allegedly by one Lee Harvey Oswald
11/22/63	Jefferson David Tippit	Dallas police officer who was either a friend of, or associate of, Jack Ruby who killed Lee Harvey Oswald	Reported shot by Oswald the same day as Kennedy, but witnesses do not confirm Oswald as shooter.
11/23/63	Jack Zangetty	Reported remarked to some friends that "Three other men – not Oswald – killed the President." He also stated that a man named "Ruby" would kill Oswald tomorrow and in a few days, a member of the Frank Sinatra family will be kidnaped just to take some of the attention away from the assassination.	Two weeks after making these statements, Jack Zangetty was found floating in Lake Lugert with bullets in chest. Witnesses reported he had been in the water a week or two.
Found 11/30/63	Karyn Kupcicinet	Actress. On the last day of her life, Kupcicinet had dinner with future Lost In Space cast member Mark Goddard and his wife, Marcia Rogers Goddard, at their house on Coldwater Canyon Drive in Beverly Hills. Due at 6:30 pm, she arrived an hour late by taxicab. The couple said Kupcicinet only toyed with her food during their meal. Marcia Goddard told two officers from the L.A. County Sheriff's Office that during dinner with Kupcicinet "... her lips seemed numb. Her voice was funny. She moved her head at odd angles." The Goddards also noticed that her pupils were constricted. Mark Goddard told authorities that he confronted Kupcicinet about her altered state during the meal, and she began to cry, putting her arm around him. At 8:30 pm, a taxicab arrived to take her home, and she promised to telephone the Goddards soon.	Murdered. Karyn was trying to make a long distance call from Los Angeles when, according to reports, the operator heard Miss Kupcicinet scream into the phone that President Kennedy was going to be killed. Two days after the assassination, she was found murdered in her apartment. The case is unsolved. She was 23. Coroner Harold Kade concluded that due to a broken hyoid bone in her throat, Kupcicinet had been strangled. Her death was officially ruled a homicide.
12/63	Jack Zangretti	Expressed foreknowledge of Ruby shooting Oswald	Gunshot Victim

1/23/64	Warren Reynolds (not killed)	Warren Reynolds, like Domingo Benavides below, witnessed the shooter of officer J. D. Tippit running away from the crime scene and stated that the shooter was not Lee Harvey Oswald. On the date indicated, Warren Reynolds was the victim of a violent attack in which he was shot in the head. Despite being shot in the head Reynolds survived and after making a full recovery gave evidence to Warren Commission. He had now changed his mind and identified Oswald as the man he had seen running from the scene of the crime.	Warren Reynolds was shot two days after talking to the FBI. Darrell Garner was arrested for shooting Warren Reynolds, but Nancy Jane Mooney [alias Betty MacDonald], who had worked for Jack Ruby, provided an alibi for Garner. A week later Nancy Jane Mooney [Betty MacDonald] was arrested and soon afterwards conveniently committed suicide in her police cell.
2/64	Eddy Benavides	Lookalike brother of Domingo Benavides. Domingo was a witness to the shooting death of Dallas police officer J. D. Tippit. 'Authorities' were pushing the shooting death of officer Tippit as having been done by Lee Harvey Oswald. Domingo, who witnessed the shooting said that the man who shot officer Tippit did not look anything like Lee Harvey Oswald. Domingo later gave evidence to the Warren Commission, and "CBS: The Warren Report." Benavides reported he was repeatedly threatened by the police who advised him not to talk about what he saw.	Gunshot to head... In February 1964, Domingo's brother, Edward Benavides, who strongly resembled Domingo, was shot in the back of the head in a Dallas club. Domingo Benavides is convinced that Eddy's murder was a case of mistaken identity and that he was the intended victim. The case is marked "unsolved."
2/64 ?	J. W. Jackson	Father-in-law to Eddy Benavides (above). Not impressed by the investigation into his son-in-law's death, Mr. Jackson began his own investigation. Two weeks later Jackson was shot in his home. As the gunman escaped a police car came around the block and did not pursue the car speeding away with the gunman.	Shot to death in his own home. The police advised that Jackson should "lay off this business." "Don't go around asking questions; that's our job."

He was one of the few who had the opportunity to talk alone with the accused killer of President Kennedy.	Whaley was killed in a head-on collision on a bridge over the Trinity River. Whaley had a perfect driving record. He was the first Dallas cabbie to be killed on duty since 1937. Police had "cut off" traffic into the parking lot. Bowers said, "so that anyone moving around could actually be observed." When the shots rang out, Bowers' attention was drawn to the area where he had seen the two men; he could still make out the one in the white shirt: "The darker dressed man was too hard to distinguish from the trees." Bowers died in a Dallas hospital. He was 41. There was no autopsy and he was cremated. A doctor from Midlothian who rode to Dallas in the ambulance with Bowers noticed something peculiar about the victim. "He was in some strange sort of shock." The doctor said, "A different kind of shock than the accident victim experiences. I can't explain it. I've never seen anything like it." When I [Penn Jones Jr.] questioned his widow, she insisted there was nothing suspicious, but then became flustered and said, "They told him not to talk." [Well, he's not talking.]	Motor accident. On the morning of August 9, 1966, Lee Bowers was driving south of Dallas on business. He was two miles south of Midlothian, Texas when his brand new company car veered from the road and hit a bridge abutment. A farmer who saw it, said the car was going about 50 miles an hour, a slow speed for that road. There was no autopsy performed.
