An Advanced Examination of  
United States Government  
Part 1

## Educational Series

- This series of *Educational Presentations* probably needs to be viewed in order so that previous concepts, explained at the time of introduction, may be referenced in future presentations without further explanation. The full series is numerically identified in *Parts*.

## Disclaimer

- Because almost everyone in the United States has been converted into a “legal fiction”, who cannot receive legal advice from anyone other than an attorney, nothing in these presentations is to be considered legal advice. However, everything is true and correct to the best of my knowledge and there is no effort to deceive.

## Introduction

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance and perhaps shock the previously uninformed individual. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it... >>>

## Michael Rivero

- "Most people prefer to believe that their leaders are just and fair, even in the face of evidence to the contrary, because once a citizen acknowledges that the government under which he lives is lying and corrupt, the citizen has to choose what he or she will do about it. >>>

## >>> Michael Rivero

- "To take action in the face of corrupt government entails risks of harm to life and loved ones. To choose to do nothing is to surrender one's self-image of standing for principles. Most people do not have the courage to face that choice. Hence, most propaganda is not designed to fool the critical thinker but only to give moral cowards an excuse not to think at all."

## Presentation Structure

- Because of the complexity of the subject and the associated length necessary to cover it properly, this Presentation will be broke into parts so as to not overwhelm Group Presentations and perhaps provide appropriate intermissions to give the viewing audience time to digest and discuss the material covered thus far.

## Conspiracy Theory?

- I'm certain that right out of the starting gate, there will be those shouting *Conspiracy Theory*, and that is, of course, intended to turn your mind off, to block you from thinking or investigating any further. We don't want to allow this, if for no other reason than it puts others in control of us.

## Being Open

- We need to be open and willing to consider points of view other than the points of view that come from *mainstream sources*. Sometimes it is easy to see the criminal behavior of Leadership, but most of the time it is well hidden because of the secrecy in which criminal Leadership operates. Therefore, we need to remain vigilant and see the crimes that ARE visible.

## Americans Know

- There are many Americans who know there is something horribly wrong with Government, at all levels. There are many other Americans who are fully aware that Government has become a criminal organization, but are at a loss as to how to deal with the Organized Crime that government now represents.

## A Little Bio

- This construction is the result of studying, since the early 1990's, Government, its actions and policies. Born in 1946 and having grown up on a Quarter Horse ranch in California, I was probably like many Americans of the time who believed in our Government and the people who were in control, to be generally good, honest and honorable people, doing the best they could to make this a better world, protecting my freedom and indeed, the freedom of all Americans. I couldn't have been more wrong!

## Knowledge is the Key

- But that initial naïve (or un-informed) belief would be shattered some years later. Knowledge, provided by people who share information, confirmed by and through diligent research, found and verified by extensive reading of law and court decisions, would eventually bring to light a more full and comprehensive knowledge of **the nature of Government!**

## A New Path of Comprehension

- In the early 1990's an event put me on a different path of comprehension regarding Government. During the majority of my life I have worked as an Electrical/Electronic Technician, either as a Technician on a Hydro-Electric Power Project Oroville Wyandotte Irrigation District (now South Feather Water and Power in Oroville - California), or for a Public Water Utility in Willows - California, the Tehama-Colusa Canal Authority.

## Paul Harvey's Radio Show

- It was on or about August 28, 1992, while working for the Canal Authority, that I sat down to lunch just as the noon-time broadcast of Paul Harvey's radio show was beginning. For those who do not remember Paul Harvey, he was a radio personality and certainly had to rank as one of the most trusted men in the United States. *Page 2* of his program was an appeal to one *Randy Weaver* to surrender to the lawmen surrounding his cabin, and if Randy would do this, he (Paul Harvey) would provide for Weaver's defense in court.

## Harvey Conflicts with Gov.

- WHAT? DID I HEAR THAT RIGHT? This was a dilemma! I knew the name Randy Weaver, he had been the main story in the news for a few days. As I recall, Government Officials billed Randy Weaver as a *white supremacist, radical, neo-Nazi* and a bunch of other distasteful character traits. And now, I have the nation's most trusted name in radio, Paul Harvey, offering to pay for defense of this man. Something wasn't right!

## Something Isn't Right

- And so it is ever so often, that something isn't right. Such events require us to take notice, not just pass over it with unconcerned apathy. In the realm of Government criminal activity, we have very few opportunities to clearly see when something isn't right. Therefore, being responsible adults we need to take note and examine the available information.

## Media Information

- Unfortunately for us, the mainstream media (newspapers, periodicals like Time and Newsweek, Television News, Radio News, CBS, NBC, CNN, FOX, ABC, and others) are all owned by people who have agendas far removed from keeping Americans truthfully informed. Oh, there may be some truth, just enough to give some credibility to the story, but much information is intentionally misleading and deceptive, or left out completely.

## Mainstream Misleadia

- Which is why I have dubbed the mainstream media as the mainstream misleadia. In the end, to acquire knowledge the individual will be required to find alternative sources of information. Therefore, to use information from the M-S Misleadia to support a particular view is generally unsound and misleading.

## John Swinton (1829 - 1901)

- “One night, probably in 1880, John Swinton, then the preeminent New York journalist, was the guest of honour [honor] at a banquet given him by the leaders of his craft. Someone who knew neither the press nor Swinton offered a toast to the independent press. Swinton outraged his colleagues by replying: [>>>]

## Swinton's Response to Toasting the Independent Press

- ‘There is no such thing, at this date of the world's history, in America, as an independent press. You know it and I know it. There is not one of you who dares to write your honest opinions, and if you did, you know beforehand that it would never appear in print. I am paid weekly for keeping my honest opinion out of the paper I am connected with. [Continued>>]

## Response Continuation

- ‘Others of you are paid similar salaries for similar things, and any of you who would be so foolish as to write honest opinions would be out on the streets looking for another job. If I allowed my honest opinions to appear in one issue of my paper, before twenty-four hours my occupation would be gone. [Continued >>> ]

## Response Continuation

- ‘The business of the journalists is to destroy the truth, to lie outright, to pervert, to vilify, to fawn at the feet of mammon, and to sell his country and his race for his daily bread. You know it and I know it, and what folly is this toasting an independent press? [Continued >>>]

## Response Conclusion / Source

- ‘We are the tools and vassals of rich men behind the scenes. We are the jumping jacks, they pull the strings and we dance. Our talents, our possibilities and our lives are all the property of other men. We are intellectual prostitutes.’ ” – [Source >>> <http://rense.com/general20/yes.htm>]

## An Example

- For an example of the deception of the Media, I point to the Banking Relief Act of March 9, 1933, in which Government Leadership blatantly identified the people of the United States as an enemy of the United States, giving Government the authority to regulate the people in their every commercial activity. Thanks to the mainstream misleadia, this effort has been mostly successful. Only recently have some people became aware of this Leadership action.

## Evidence of Enemy Status

- For evidence of “enemy status” I used to refer to: {U.S.C. Title 12; Chapter 2; Subchapter IV; §95a and §95b} at Cornell University on-line. However, section 95a is now reported as “omitted”, *not repealed*, “omitted.” However, the evidence, greatly expanded, can be found here:  
{[https://www.law.cornell.edu/uscode/html/uscode50a/usc\\_sec\\_50a\\_00000005----000-.html](https://www.law.cornell.edu/uscode/html/uscode50a/usc_sec_50a_00000005----000-.html)} and <https://www.law.cornell.edu/uscode/text/50/4305>

## Further Evidence

- For further reference see:  
{<https://www.gpo.gov/fdsys/pkg/USCODE-2011-title12/html/USCODE-2011-title12-chap2-subchapIV-sec95a.htm>} AND:  
{<https://www.gpo.gov/fdsys/pkg/USCODE-2011-title12/html/USCODE-2011-title12-chap2-subchapIV-sec95b.htm>} If you believe yourself to be a “person”, you will find that you are identified as an enemy of the United States.

## My Next Learning Dilemma

- And so began my first steps in discovering the *true nature* of Government. My next dilemma, or internal conflict came, not from news, but from an acquaintance. An individual I had recently met (back in the early 1990’s), in casual conversation, suggested to me that there were **TWO** legal classes of citizenship in the United States.

## If We Don’t Listen We Miss a Lot

- My initial reaction to him was to wonder what wagon-load-of-pumpkins he had fallen from. But, fortunately for me, I have always been willing to listen to what people have to say regardless of how crazy they may sound, and not dismiss them before they have a chance to speak, so I said, “*Tell me about it.*”

## Two Legal Classes of Citizenship?

- And so he told me what he knew about the subject, and I listened closely, looking for any obvious holes in his presentation, but I didn't see any. And although his story was incomplete and really didn't explain where these *two citizens* came from, he did conclude by giving me a *legal cite* to look at. As he was walking off, I can remember thinking, *turkey, you'd better be ready for me the next time we meet because I'm going to look at your legal cite.*

## A Little Trouble in Belief

- Well, we never met again, but I did look at his *legal cite*. Although the legal cite did not explain the whole issue of citizenship, it did suggest that the guy was right about there being *two different classes* of citizenship here in the United States, and that these two citizens were subject to different law. I was having a little trouble believing this for I had never heard of such in school or from any other source, including my parents.

## I Have Experience

- This instance, of hearing something I had never heard or encountered before, provides an opportunity of CAUTION - it is that we should be cautious in our assessment of new information because *intelligent people* can often sound CRAZY to *stupid people!*

## Which Leads to Another Issue

- The four primary institutions we Americans depend on for information, and especially TRUTH are: Public Schools; Mainstream Media; Leadership; and the Church. Put plain and simply, not one of these four can be trusted. If you haven't already learned this, you will.

## 2½ Years Looking Into an Issue the School Should Have Covered

- So, for the next two and one-half years, I spent my spare time looking into the matter of citizenship in the United States, and it was during this time of research that my eyes were opened to a number of uncomfortable issues regarding Government. I will be sharing some of them as we get into this presentation, giving the individual an opportunity to form his own opinion.

## Twenty Plus Years of Study

- Time moved on and study continued, now for over twenty years. The more I learned, the more difficulty I was having in believing what was being done to my fellow Americans here in the United States, to strip them of their freedom and liberty<sup>1</sup>. To bring them to abject poverty, to turn them into slaves, to make them feel hopeless and constantly afraid.
  - 1 Liberty. The state of being free from oppression or imprisonment. 2 A right or privilege. 3 **The power or scope to act as one pleases without infringing on the Rights of another.**

## We Are So Ignorant

- And, in my heart, I knew that my fellow Americans were just like me before I began a twenty-plus-year journey of learning about Government and Leadership. We Americans were so *ignorant*, not stupid, just unknowing. Thus, the reason that I started my web page... <http://mhkeehn.tripod.com/>  
My email address: [mhkeehn@gmail.com](mailto:mhkeehn@gmail.com)

## Who Failed to Keep the American People Informed?

- The people were unknowing because the institutions they depend on for information were intentionally, not accidentally, failing them. Those *institutions* are Leadership, the Mainstream Misedia, Schools, and the Church, they are **all** working to keep the American people ignorant. And while that is just an opening opinion at this point, it will become fact in the reader's mind before reaching the end of this series of presentations.

## Seeing in a New Light

- Although I've written numerous documents on one or another issue related to Government and behavior of Leadership, this presentation is an effort to put all of the major points together in a way that is educational and helps the individual see matters in a new light. It is this *twenty-year-educational-journey* of mine that is being offered in this construction.

## This Document Targets Several Individuals

- First is those who want to know how our government, Federal, State, County, and City, arrived at their current uncooperative, demanding and often criminal nature. The second are those who want to know what might be done to protect themselves when dealing with criminal government in the United States, and the short answer to this question is, *KNOWLEDGE*.

## Knowing Who the Enemy Is

- The third, is the American Patriot. He needs to know who his enemy is, and that is sometimes difficult to know. And further, this document targets code enforcers and *order followers*, this would include Police, Law Enforcement, Military, *Brown Shirts*, Department Heads, County Leadership, City Leadership, Attorneys and those who Leadership intends to use against the people of the United States to complete enslavement to a NEW WORLD ORDER.

## A New Plantation

- And make no mistake about it, those working to establish a NEW WORLD ORDER are simply establishing a *new Plantation*, populated with slaves they control. Let us remember the immortal words of Sun Tzu, "*All war is deception*." Slavery, today, is accomplished by and through economic obligation, an obligation to PAY!

## Occupation?

- Are we at war? Well, with the passage of the Banking Relief Act of March 9, 1933, the Red, White and Blue flag began flying above State flags on the same pole, indicating occupation under war and emergency powers. By whom are we occupied and for what purpose. This is yet to be discovered.

## Historical Note

- Before the passage of the Banking Relief Act of March 9, 1933, the United States flag and State flag flew on separate poles at the same height, generally in the town square and this can occasionally be observed in movies made before 1933. The next slide shows a picture of the Texas State flag and United States flag on separate poles at the same height in front of the Hays County Courthouse in Texas.

## State and U.S. Flags on Separate Poles

## Deception is the Tool of Leadership

- In our world, deception is abundant, actually rampant, and the people of the United States have been *the Target* of a mountain of Leadership deception. Government Leadership uses the Mainstream Misleadia, mind control techniques, engineered events, emails, youtube, internet, social networks and a host of other tactics to create distrust and hatred between peoples and cultures, and disseminate misleading information. **Stop falling for it!**

## Additional Tools of Deception

- Added to the list of tools Leadership uses to manipulate the people of the United States are, of course, public schools (which are Government institutions), organized religion (incorporated & controlled under Government laws), and the Mainstream Misleadia, owned mostly by those who, with others, are working toward a NEW WORLD ORDER.

**"All War is DECEPTION" – Sun Tzu**

## Leadership Deception Leads to Murder

- Remember when Leadership was telling us that we were hated by third world countries because we had a swimming pool, a nice home or a nice car? That's non-sense. No one hates us because we have something they do not. They hate us because we allow our Leadership to **LIE** to us, along with the rest of the world, and then use those lies as cause and reason to go into their country and murder them, followed by stealing their natural resources.

## Examples of Leadership Deception & Lies

- Witness the **Gulf of Tonkin LIE** (over four-million dead Asians along with fifty-six-thousand Americans), and the **WEAPONS OF MASS DESTRUCTION LIE** (now around a million dead).

## Regardless of Our Stripes

- Whether Asian (Gook), Arab (Sand Nigger), German (Block Head), Italian (Wop), Mexican or Latin descent (Spick, wetback, beaner), Jew (Kike), Irishman (Mick), Frenchman (Frog), we are all human beings like the rest of humanity who feel they are mainstream.

## We Are All Very Much Alike

- Regardless of our stripes, we all have hopes, aspirations, and dreams, looking for a good life just like those who consider themselves the mainstream. We Americans do not need to find *slurs* with which to tag people from other cultures so that we can feel superior to them, we are more honorable and humane than that, or we should be. Let this presentation be a starting point to appreciation of human life in all its colors.

## A Ship Called EARTH

- The happiness of life cannot be divided on religious, political or cultural grounds. A ship called Earth - either we, the people of this world, learn to sail together or we sink together.

## How Criminal will Leadership Be?

- In a previous paragraph I suggested that the people sometimes wonder what might be done when they find themselves dealing with criminal government. I use the term "might" because I find it impossible to predict how criminal Government will be, at all levels. As we progress, the reason for Government criminality will become clear, but still not acceptable.

## For Criminal Government to Operate, Stupid or uncaring People are Necessary

- For the criminality of government to work requires stupid, uninformed, or uncaring code enforcing minions to use violence against the people. I am speaking of those government agents who carry guns or direct the control of weapons to be used against Americans who simply do not wish to be the victim of criminal government.

## Government = Leadership

- The use of the term Government is actually reference to Leadership. There are men and women in Leadership positions who are responsible for the criminal actions and policies of Government, and that *responsibility* needs to be assigned! Yes, knowing that **Government is criminal** will make some people uncomfortable, but this presentation is for adults! Children are excused.

## The First Step to Enslaving You is to Enslave Your Mind

- It's important to know that there is an ongoing campaign to enslave our mind by controlling what we think. Freeing our minds to see what has been hidden, and/or kept secret, will be challenging. Given certain conditions, we are psychologically profiled (brain washed) to think a certain way. And this is especially true when we are talking about Leadership.

## An Open Mind is Necessary

- In discussion of Leadership, it is our tendency to think that we have the best, because this is how we have been *conditioned to think* since we were very young and not permitted to consider otherwise. But as children, we may well have been deceived. Therefore, an open mind is necessary to make this journey lest we continue to deceive ourselves.

## The Criminals of Oz

- Remembering the Wizard of Oz, we are going to pull back the curtain to see the wizard, or in this case, the criminals, for whom they really are! We're going to see some of the levers and strings they pull in order to get us to dance to their tune.

## Taxation with Representation?

- I remember a political cartoon from some years ago. It went something like this. A couple of business men are sitting in a Lounge (Bar) having their second martini, and discussing politics. And one says to the other, *I don't think that taxation WITH REPRESENTATION is too much better than WITHOUT IT!* This is especially true when those that are supposed to represent us are being controlled by a small nefarious<sup>1</sup> group.

– 1 Nefarious. wicked or criminal

## Conspiracy – Theory or Fact?

- I'm certain that right out of the starting gate, there will be those shouting *Conspiracy Theory*, and that tactic is intended to turn your mind off, to block you from thinking or investigating any further. We don't want to allow this, if for no other reason than it puts others in control of us. We need to be open and willing to consider points of view other than the *points of view* that come from *mainstream sources*.

## Can We See Criminal Behavior

- Sometimes it is easy to see the criminal behavior of Leadership, but most of the time it is well hidden because the wizard's *curtain* is pulled closed, and claims of *National Security* block us from seeing criminal behavior clearly. However, criminal behavior of Leadership can sometimes be discovered by logical analysis, sometimes by deductive reasoning and sometimes by inductive reasoning.

## Deductive, Inductive

- **Deductive reasoning** is a logical process in which a conclusion is based on the concordance of multiple premises that are generally found to be true.
- **Inductive reasoning** is a logical process in which multiple premises, generally found to be true most of the time, are combined to obtain a specific conclusion. *Inductive reasoning* is often used in applications that involve prediction, forecasting, or anticipating behavior.

## Thinking & Analysis

- In the course of reading this construction, we will be using all of our thinking and analytic abilities. As far as conspiracies go, Government Leadership has been engaged in a monstrous conspiracy for decades, going back to the beginning of the United States. As we gain knowledge and comprehension, we will come to see it clearly for ourselves.

## An Analogy to Consider

- If I give you a deck of cards and ask you to pull out the *hearts*, you will think you've been given an easy job for the *hearts* are **red** and that eliminates half the deck. So, there you are pulling out those *red hearts*. But, suppose I have put a *black heart* into the deck, will you see it? Most likely not if you've already pre-conditioned your mind to ignore any card that is black. And so it is with a conspiracy of Government Leadership. If you are not willing to consider it a possibility, you will probably block yourself from seeing it.

## End of Part 1

- This concludes the INTRODUCTION to this presentation series. We now begin the process of building toward comprehension of the true nature of Leadership as we examine their actions, policies and laws. The reader may now move on to Part 2 when ready.

## An Advanced Examination of United States Government Part 2

## Educational Series

- This series of *Educational Presentations* probably needs to be viewed in order so that previous concepts, explained at the time of introduction, may be referenced in future presentations without further explanation. The full series is identified in *Parts* with a numeric identifier.

## Disclaimer

- Because almost everyone in the United States has been converted into a “legal fiction”, who cannot receive legal advice from anyone other than an attorney, nothing in this document is to be considered legal advice. However, everything is true and correct to the best of my knowledge and there is no effort to deceive.

## Introduction

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it...

>>>

## Michael Rivero

- "Most people prefer to believe that their leaders are just and fair, even in the face of evidence to the contrary, because once a citizen acknowledges that the government under which he lives is lying and corrupt, the citizen has to choose what he or she will do about it. >>>

## >>> Michael Rivero

- "To take action in the face of corrupt government entails risks of harm to life and loved ones. To choose to do nothing is to surrender one's self-image of standing for principles. Most people do not have the courage to face that choice. Hence, most propaganda is not designed to fool the critical thinker but only to give moral cowards an excuse not to think at all."

## Source of Criminal Governance

- The source of government criminality is, of course, Leadership. Because of this, it may be difficult to envision such if one is hampered by not having previous exposure or experience. Most minorities in the United States have considerable experience. While this section is an introduction, the source of criminality is an ongoing theme throughout this series of presentations.

## Identifying the Distant Source of U.S. Governance Criminality

- To do this, we must go back to the beginning of the United States. The original thirteen colonies revolted against the taxes of English King George III. The war that followed is generally known as the *Revolutionary War*, but is also known as the *American War for Independence*. However, these titles are mostly a ruse, a deception, because the reality is that the United States of America has been dependent and subject to external control for all but a brief period of time.

## A Country in Debt

- In short, a country in debt to an *International Banker or Banking Elite*, is to place that country under the control of the Banker, or creditor as they are sometimes called. The Leadership of the country, elected or otherwise, does what the creditor demands. Therefore, Leadership is not in control! This includes the U.S.

## The Boston Tea Party

- Before the Revolutionary War started, there was the *Boston Tea Party*, a bold act by American patriots who opposed the tyrannical rule of King George III. Dressed as Indians they boarded a ship loaded with tea from England and dumped its cargo into the bay. The colonists were of this opinion because they were being taxed without any representation in England's Parliament. The consignment of tea that the Patriots destroyed was the property of the East India Company.

## The East India Company - Wiki

- "The **East India Company** (EIC), also known as the Honorable East India Company and informally as **John Company**, was an English and later, British joint-stock company, formed to pursue trade with the East Indies, which ended up trading mainly with the Indian subcontinent and Qing China. [>>>]

## East India Co. History 1

- "Originally chartered as the "*Governor and Company of Merchants of London* trading into the East Indies", the company rose to account for half of the world's trade, particularly trade in basic commodities that included cotton, silk, indigo dye, salt, saltpeter, tea and opium. The company also ruled the beginnings of the British Empire in India.

## East India Co. History 2

- “The company received a Royal Charter from Queen Elizabeth on 31 December 1600, making it the oldest among several similarly formed European East India Companies. **Wealthy merchants and aristocrats owned the Company's shares.** The government did not own shares and had only indirect control.

## East India Co. History 3

- “The company eventually came to rule large areas of India with its own private armies, exercising military power and assuming administrative functions. Company rule in India effectively began in 1757 after the Battle of Plassey and lasted until 1858 when, following the Indian Rebellion of 1857, the Government of India Act (1858) led to the British Crown assuming direct control of India in the form of the new *British Raj*.” – Wikipedia

## Forcing Their Will on Others

- The East India Company controlled the opium trade in the Bengal region and turned millions of Asians into drug addicts. At one time the East India Company had a standing army of over 200,000. Since this was a commercial venture, consisting of moneyed individuals, you can see by the number of Army members how far the moneyed elite will go to force their will on others.

## Colonization: Original Source

- Prior to the establishment of Royal, Proprietary and Charter colonies the British colonization of North America had been financed and settled under the jurisdiction of joint stock companies operating under charters granted by the crown. A commercial undertaking, visualizing future profits in natural resources.

## Avoiding Confusion

- Previously, a reference to the “*Merchants of London*” was made. This is somewhat confusing because there are two cities named “London” in England. And since England is central to the criminal nature of United States Government, we must, of necessity, comprehend the nature of the two cities named “London”. And we will cover this shortly.

## A City State

- Before we can do that, we must first comprehend the nature of a City State.
- “A city-state is a sovereign state consisting of a city and its dependent territories. Historically this included famous cities like Rome, Athens, Carthage and the Italian city-states during the Renaissance...” – Wikipedia

## Sovereignty

- You will notice in the definition on the previous slide, that a “City State” is sovereign. In order for a “State” [read Country] to be “Sovereign”, it cannot be in debt. If a State [country] were in debt, then it would be under the direction and control of the creditor (otherwise know as *the Banker*). Not much different than the Bank demanding that you have insurance on your financed home. And this is a **very important point**, one we should remember.

## They Wield Immense Power

- Today, there are three City-States that are the focus of our interest. They receive our focus because of the immense power they hold over countries of this world and the peoples of those countries by colluding and combining their immense power. The three City-States of interest are:

collude. Come to a secret understanding; conspire.

## Three City States of Interest

- **City of London** - (The “inner City of London” is not to be confused with London, the Capital City of England).
- **Washington, District of Columbia** - otherwise known as Washington, D.C., the seat of the Federal Government in the U.S.
- **The Vatican** – Otherwise known as the central authority of the Catholic Church.

## Two Londons

- Actually, one city is named “London” and the other is named “City of London”, which still leads to confusion. Confusing TWO NAMES is a tactic of deception used by the Banking Elite and, as we shall see, it is practiced here in the United States. It is the latter, the “City of London” that is the focus of our interest.

## City of London

- This City-State has been, for a very long time, the center of western dominated global finance. It is an area of about 1.2 square miles inside London, England, yet separate from that city in a legal sense, although it lies within the boundaries of London, which has led to it sometimes being called the Inner City of London.

## Interesting Legalities

- There are some interesting legalities to note about the City of London. First, and probably most interesting is that the City of London is not subject to any acts or laws of the English Parliament. Remember, a *City-State* is a Sovereign<sup>1</sup> onto itself. The City of London has its own system of justice, its own police force, and its own Mayor, all separate from London.
  - 1 Sovereign: one that exercises supreme authority within a limited sphere or geographic area.

## Within the City of London

- Within the City of London you will find: The Rothschild controlled Bank of England; Lloyds of London (essentially the Insurance Market of the World); The London Stock Exchange; All British Banks; The Branch offices of 384 Foreign Banks; Seventy United States Banks; [>>>]

## Centralized Power

- [>>>] Fleet Street Newspaper and Publishing Monopolies (control of the press is maintained, just as it is in the United States); Headquarters for Worldwide Freemasonry; Headquarters for the worldwide money cartel known as THE CROWN, all located in the City of London and not subject to any law but their own.

## Health of Western Economies

- And that, ladies and gentlemen, is the core of financial power and influence in western nations, including the United States. You've wanted to know who's calling the financial shots? It is the Moneyed Elite (or Banking Elite) in the City of London. The prosperity (or loss and failure) of western economies is the result of policies made here.

## They Control the English Gov.

- The Banking Elite operate from the inner City of London and they have controlled the English Government for a very long time. It was the Banking Elite of England that provided the initial financial support for the colonists to sail to America and establish colonies, ostensibly, on behalf of the English King. And the taxes of King George III that the colonists were complaining about, were actually the result of control exercised by the Bankers over the English Government.

## Never Heard it Put So Well

- Agent Salinger: "Yeah, but billions of dollars invested, simply to be a broker [of weapons]... there can't be that much profit for them."

Mr. Calvini: "No, this is not about making profit from weapons sales, it's about control."

ADA Whitman: "Control the flow of weapons, control the conflict?" – [Continued]

## Put So Well 02

- Mr. Calvini: "No... no, no. The IBBC is a bank. Their objective isn't to control the conflict, it's to control the DEBT that the conflict produces. You see, **the real value of a conflict, the true value, is in the DEBT that it creates. You control the debt, you control everything.**

## Put So Well 03

- Mr. Calvini continues: "You find this upsetting, yes. **But this is the very essence of the banking industry. To make us all, whether we be nations or individuals, slaves to debt.**" – The International
- And this is the method used in enslaving the people, men, women and children, of the United States. All provided by Leadership! It works the same in other countries as well.

## Right from the Start...

- The Banking Elite held that the colonists had a **debt obligation** to them which had not been paid. The Banking Elite of today hold that the people of the United States have an obligation to the payment of the National Debt to which the people, and all of their property are obligated. In this case, the "surety" is the people of the United States, responsible for the payment of a debt obligation created by Leadership.

## Surety

- And when I say you are held as “surety”, I mean that your productivity is subject to confiscation. In short, your productivity is reflected in your income, which is confiscated through an ever increasing “income tax”, implemented in the 1930’s when President Franklin Roosevelt declared the U.S. bankrupt and was no longer able to pay the Banking Elite with the gold of the American people.

## Who Controls the Military

- Looking back, the Revolutionary War was not against England so much as it was against the Bankers that control English policy, law, and Leadership. By controlling the Leadership of the English Government, through debt, the Banking Elite exercise control over the English military and as we progress, you will come to comprehend that the same is true of the Military of the United States.

## It’s Systemic

- This is also true for any other country that has an un-payable debt to the Banking Elite. For those who may like to confirm the criminality of United States Leadership, feel free to watch “*The Confessions of an Economic Hitman*” – John Perkins, found at Netflix or on YouTube (time: 1:08).  
(<https://www.youtube.com/watch?v=y-a6jzU0YgQ>)

## Subjects

- Since the *City of London Banker’s* primary role is control of Global Finance, they must receive payment from *subjects*.<sup>1</sup> These *Bankers* have *subjects* (people) in England, Canada and the United States, and probably other countries as well, from which they receives taxes.
  - Subject. An individual who has become a “subject” has been brought under the control of another country or jurisdiction to whom they have an obligation or duty.

## Design of the U.S. Banking System

- And now the people of the United States can begin to comprehend why their *central bank*, the *Federal Reserve Bank*, is **PRIVATELY OWNED AND ABOVE BEING AUDITED!** The Banking Elite designed the economic and financial system of the United States.

## God's Existence

- The following slide begins an examination of the Vatican's role in the criminality of not only the U.S. Government, but other Governments as well. This examination has nothing to do with God's existence, which is independent of the Catholic Church and all churches. Therefore, **DO NOT** try to make a case that this is an attack on God, **IT IS NOT!**

## The Vatican City State

- The next City State that we examine is the Vatican, the consolidated administration of the Catholic Church with the Pope as the undisputed Leader. Located entirely inside Italy, the Vatican is a separate sovereign jurisdiction. And much like the inner City of London, it has its own police force, its own court, its own laws, and its own Leadership. But its influence on World Affairs is enormous, yet, not generally known by the public at large.

## Canon Law

- While the goals of the Vatican certainly seems to be inconsistent with the laws of God, it seems clear that Catholic Church Leadership believes that Canon Law<sup>1</sup> of the Church stands above every other form of law.
- - 1 Canon law is the body of laws and regulations made by ecclesiastical authority (Church leadership).

## The HOLY SEE

- In order to comprehend the full reach of the Catholic Church and Canon Law, we need to know that the **Universal Government** of the Catholic Church is an entity known as the Holy See. It is the Holy See that sets forth Canon Law.
- "The Holy See is the universal government of the Catholic Church and operates from Vatican City State, a sovereign, independent territory. The Pope is the ruler of both Vatican City State and the Holy See." – U.S. Department of State

## Roman Curia

- Using our deductive reasoning and remembering that the Vatican is a sovereign State, we can conclude that there must be a means for the Vatican to enforce Canon Law. There is, it is the **Roman Curia**.<sup>1</sup>
  - 1 The Roman Curia is the administrative machinery of the Holy See, similar to a court.

## Rome's Court

- In the phrase "Roman Curia", we find that "Curia" is the Roman word for court. Therefore, it would appear that the "Roman Curia" of the Catholic Church is the judicial administration of the Catholic Church. I have never seen any news related to any case brought before the Roman Curia, therefore, I suspect that its proceedings are held in secret, or at least without public scrutiny.

## Vatican Investments

- The Vatican has somewhat huge investments with the Rothschild's Banking Dynasty of Britain, France and America as well as with the Hambros Bank. Also with the Credit Suisse in London and Zurich. In the United States it has significant investments with Morgan Bank, Chase-Manhattan Bank, First National Bank of New York, Bankers Trust Company, and others.

## Vatican: Likely the Most Wealthy Entity in the World

- The Vatican is very likely the most wealthy entity in the world today. This wealth provides the means to expand the influence of the Vatican, and for control of many countries simply by threat of removing their investments, but also by virtue of the money they have the ability to “invest.”

## Vatican Honor & Ethics

- Sometimes it's difficult to determine the honor and ethics of the Catholic Church, but on occasion we get a clear view of its nature. Such is the case in the 1822 Treaty of Verona. In short, the Catholic Church entered into an agreement in which self government was deemed incompatible with Monarchical government as well as with Papal supremacy (the supreme power of the Pope above all.)

## The Following 2 Slides is Taken From

CONGRESSIONAL RECORD - SENATE.  
64th CONGRESS, 1st SESSION  
VOLUME 53, PART 7  
Page 6781

25 April 1916

## The Ancient Conflict

- “I wish to put in the RECORD the secret treaty of Verona of November 22, 1822, showing this ancient conflict is between the rule of the few and the rule of the many. [>>> continued]

## Of Great Concern

- “I wish to call the attention of the Senate to this treaty because it is the threat of this treaty which was the basis of the Monroe Doctrine. It throws a powerful white light upon the conflict between monarchical government and government by the people.”

## 1822 Treaty of Verona: Article I

- The high contracting powers being convinced that the system of representative government is equally as incompatible with the monarchical principles as the maxim of the sovereignty of the people with the high divine right, engage mutually in the most solemn manner, to use all their efforts to put an end to the system of representative governments, in whatever country it may exist in Europe, and to prevent its being introduced in those countries where it is not yet known.

## A Recipe for Eventual Revolt

- In short, the high contracting authorities within the Catholic Church have entered into a Treaty to deprive the people of this world of self governance, it is the same for all countries. In other words, it is mutually agreed to enslave everyone to the will of the Monarch and Papal Authority. It is to be remembered that in 1822, Britain was believed to have the most powerful military in the world, thus the necessary violence needed to enforce the will of the Monarch and Catholic Church.

## Followers of the Catholic Faith

- Yes, I realize this is a difficult dilemma for Catholics as it should be. But, how far is one willing to go to remain faithful and loyal to a Plantation-Slave-Owner pretending to be a Church? Are people willing to enslave their children and other loved ones to engage in self deception, pretending that a corporation represents God? I suppose it is a personal choice, but those who choose to be a slave are a danger to others who don't!

## A Warning

- Should the Vatican decide to separate itself from the criminals and repent for past actions, it needs to declare such openly, and use its enormous influence as the head of the “Global Estate Trust” to end the criminality which it has fostered and been a part for a very long time. This probably needs to be done before the people of this world implement a correction. Today, not everyone is as ignorant as the Church, or high contracting powers would like.

## The Goal is World Dominance

- So, sadly, we can see in the 1822 Treaty of Verona, the Catholic Church is at the center of Government Criminality, acting in conjunction with the British Monarch along with others, and today, United States Leadership. What we see taking place today, is maneuvering by these three to start World War 3 in a desperate attempt at total world dominance and control.

## The Line Up

- Right now, Russia, China, India, South African countries, Brazil & other South American countries, and probably the people of many of our allies, are lined up against United States Leadership and their World War 3 goal, as are many knowledgeable Americans. And because these foreign countries have not intentionally dumbed down their population through public schools, they may well have advanced weapons **THAT WORK** and probably do!

## Psychopaths

- Should the U.S. Leadership suspect they are losing World War 3, which is entirely possible, they will undoubtedly take it nuclear. If they do, there will be **NO TOMORROWS**. We the people have elected psychopaths to positions of United States Leadership and they are currently running the show! For now, it's their **END GAME!** And the Catholic Church has allowed this to evolve to this point!

## A WARNING

- A U.S. Ballistic Missile launching Nuclear Submarine has 24-Trident Nuclear Missiles on board to launch. The amount of destructive power of 24-Trident Missiles is virtually unbelievable, and psychopaths are in control of their release upon humanity. Let me tell you how much energy release **ONE** Trident Missile has. [>>> next slide]

## One Trident Missile

- It has more energy release than all weapons discharged in World War II, that includes all bombs dropped from airplanes (including Nagasaki and Hiroshima), all mortar shells, all artillery shells, all hand grenades, all tank shells, all mines (both land and sea), all torpedoes, all war ship shells, by all armies, in all theaters. If there is a nuclear war, there will be **NO TOMORROWS!**

## Choosing to Abandon God's Law

- The Catholic Church is a corporation, a *legal fiction*, a *dead person* as are all main stream religions in the United States. In order to become a corporation in the U. S., Church Leadership has to make a conscious choice to abandon God's Law (the common law), and take up *man's law*, the Uniform Commercial Code (UCC).

## Unidroit

- As matters would have it, the Uniform Commercial Code is owned by Unidroit, a subsidiary owned by the Catholic Church. Unidroit is: The International Institute for the Unification of **Private Law!** Do we find it strange that the Catholic Church is promoting *private man made law* over God's Law? Seems like they may be talking out both sides of their mouth at the same time. Deception is everywhere!

## Washington, District of Columbia

- We now move on to the next City State, Washington, District of Columbia. For those who don't know, this is the home of the UNITED STATES.
- "(h) [Location of United States.] The United States is located in the District of Columbia." – Uniform Commercial Code, Section 9-307(h)

## Location of United States

- I know that the Location of the United States seems a little strange, but what people do not generally know is that there are at least three "United States" defined in law, or what we call law. Therefore, we need to ask which of the three "United States" is located in the District of Columbia? Definition of "United States" follows on next slide.

## United States Defined

- "United States. This term has several meanings. It may be merely the name of a sovereign occupying the position analogous to that of other sovereigns in a family of nations, it may designate territory over which sovereignty of United States extends, or it may be collective name of the states which are united by and under the Constitution. *Hooven & Allison Co. v. Evatt*, U.S. Ohio, 324 U.S. 652, 65 S.Ct. 870, 880,89 L.Ed. 1252." – Blacks Law Dictionary, Sixth Edition.

## U.S. Definition #1

- "It may be merely the name of a sovereign occupying the position analogous to that of other sovereigns in a family of nations...."

Union States, like Maine, Maryland, South Carolina, etc. The use of "sovereign" is erroneous, you can't be a "sovereign" and have a debt obligation.

## U.S. Definition #2

- "...it may designate territory over which sovereignty of United States extends,..."

Corporate: "THE UNITED STATES". The article "THE" is part of the name. It is deceptions like this that Leadership uses to deceive the public into believing this is a legitimate (de jure) government. See:  
<http://mhkeehn.tripod.com/150913USEconomicHistory.pdf>

## U.S. Definition #3

- "...it may be collective name of the states which are united by and under the Constitution."

Republic of these united States of America. Lowercase "u" on "united" is intentional and proper in this instance. The term "united" is an adjective describing the nature of "States of America".

## Republic Mandated

- Since "Republic" has just been mentioned, this seems like a natural place to discuss this concept of Republic. First, perhaps, is its importance. "The United States shall guarantee to every State in this Union a Republican Form of Government" – Constitution for the United States of America, Title IV, Section 4.

Constitutionally mandated: That's pretty important.

## Source of U.S. Authority S1

- "It has been justly thought a matter of importance to determine from what source the United States derives its authority... The question here proposed is whether our bond of union is a compact entered into by the states, or whether the Constitution is an organic law established by the People. To this we answer: 'We the People... ordain and establish this Constitution'... [>>>]

## Source of U.S. Authority S2

- “The government of the state had only delegated power (from the People) and even if they had an inclination, they had no authority to transfer the authority of the Sovereign People. The people in their capacity as Sovereigns made and adopted the Constitution; and it binds the state governments without the state's consent.  
[>>>]

## Source of U.S. Authority S3

- “The United States, as a whole, therefore, emanates from the People and not from the states, and the Constitution and the laws of the states, whether made before or since the adoption of that Constitution of the United States, are subordinate to the united States Constitution and the laws made in pursuance of it.” – Bouvier's 14th Edition Law Dictionary (citing 4 Wheat 402)  
<http://mhkeehn.tripod.com/4Wheat.pdf>

## Equal in the Eyes of the Law

- But the defining characteristic of our republic that I find most important is the conferring of power and authority. It begins with us realizing that **WE ARE ALL EQUAL IN THE EYES OF THE LAW.** This means that none of us has anymore power and authority than any other of us.  
**And this is where the rubber meets the road!**

## Contracts Acquired Under Deception

- Therefore, we cannot confer a power or authority we DO NOT possess. For example, if I, as an individual, do not have the authority to go into your wallet, take out a hundred-dollars and give it to whomever I feel is needy, then I cannot confer that power upon government or Leadership. And that is why Leadership needs a contract, one which they acquire under blatant deception of the American people!

## You Think You Don't Have Any Contracts with Government?

- Do you have a Drivers License, do you have a Social Security Account, do you have a registered Birth Certification, do you have a teaching credential, do you hold any license, do you have a home loan guaranteed by the FDIC, do you hold a Government issued identification, have you served in the military? Are you married under license? Are you beginning to get the picture on Contracts acquired through deception?

## By and Through Contracts

- It is by and through Contracts with Government that Leadership holds that you are subject to their corporation rules that they like to call law, but is NOT LAW! And that is why Leadership tells us that "IGNORANCE OF THE LAW IS NO EXCUSE". Well, Leadership knows we are ignorant of the law because **they** control our educational curriculum. And no one can lawfully force you to contract! See: <http://mhkeehn.tripod.com/ughaoe.pdf>

## A Second Constitution?

- The Corporate United States (definition #2), has a Constitution created by changing one word of the organic Constitution. Instead of "for the United States..." their Constitution is "of the United States", changing the source of the Constitution. Changing the source, changes the whole meaning of the contract. The Constitution is a contract between the people and Federal Government.

## Changing U. S. Source of Authority

- And now we better comprehend the importance of the subject, source of United States Authority, covered a few slides earlier. Changing the source of the Constitution changes the source of U.S. authority from the people, to the United States Government itself. And yet, there are those who don't believe Government to be conspiratorial.

## An Oath to Which United States?

- Knowing this, and listening to an elected, or other Government official, swear an oath to protect and defend the Constitution of the United States against all enemies, foreign and domestic, we must now ask to which “United States” and which Constitution is this Government official swearing an oath? By now, the reader should be clearly seeing the intentional deception of Leadership which is leading to criminal fraud.

## Purpose of Washington, D.C.

- We’ve learned the primary purpose of the inner City of London is world financial dominance, that the purpose of the Vatican is belief control mixed with total enslavement of the world. That leaves Washington, D.C. Since it is now believed that the United States has the most powerful military in the world, the purpose of Washington, D.C. is to supply the necessary force and violence to bring un-cooperative countries into line, like Iraq; Iran; Syria; North Korea; Soviet Union, China, etc.

## Washington, D.C. Flag

- The three red stars of the Washington, D.C. flag are symbolizing the unity of the three City States, City of London, Vatican, and Washington, D.C. itself.

## Part 2 Conclusion

- This Concludes Part 2, the reader may now begin reading Part 3 when ready.

## An Advanced Examination of United States Government Part 3

by michael-herbert: keehn  
mhkeehn@gmail.com

## Educational Series

- This series of *Educational Presentations* probably needs to be viewed in order so that previous concepts, explained at the time of introduction, may be referenced in future presentations without further explanation. The full series is identified in *Parts* with a numeric identifier.

## Disclaimer

- Because almost everyone in the United States has been converted into a “legal fiction”, who cannot receive legal advice from anyone other than an attorney, nothing in this document is to be considered legal advice. However, everything is true and correct to the best of my knowledge and there is no effort to deceive.

## Introduction

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it...  
>>>

## Michael Rivero

- "Most people prefer to believe that their leaders are just and fair, even in the face of evidence to the contrary, because once a citizen acknowledges that the government under which he lives is lying and corrupt, the citizen has to choose what he or she will do about it. >>>

## >>> Michael Rivero

- "To take action in the face of corrupt government entails risks of harm to life and loved ones. To choose to do nothing is to surrender one's self-image of standing for principles. Most people do not have the courage to face that choice. Hence, most propaganda is not designed to fool the critical thinker but only to give moral cowards an excuse not to think at all."

## Visible & Invisible Leadership

- While we have previously assigned the criminality of Government to Leadership, as it should be, it's not quite as simple as that. In the United States, as in most western countries, there is Visible Leadership, and there is Invisible Leadership.

## Visible Leadership

- Visible Leadership, here in the United States, is the people we elect to hold Government office. They are the people we see, that we read about. They are the ones who apparently make policy, or so we think. We think that we can complain to Visible Leadership, and find remedy to problems, but we typically cannot. That's because they are controlled!

## Invisible Leadership

- It is the *Invisible Leadership* who controls Visible Leadership, from the President, through Congress, through the State Governors, State Legislatures, County Supervisors, and on down the line. And the *Invisible Leadership* does this through **DEBT OBLIGATION**. This Leadership is sometimes referred to as **The Shadow Government**.

## Where Did Our Debt Obligation Arise?

- It will be instructive to know where and how we acquired our current debt. Originally, our debt was the result of the Revolutionary War with England. At the end of the war, our creditors were hounding us for payment, and so we began shopping around for someone to pay our bills and become our sole creditor.

## Our New Creditor

- And, to the surprise of some, England became our sole creditor. Actually, it was the Bankers of the City-State we now know as the inner *City of London*, by and through the English Government. But there were stipulations and collateral for the loan to be agreed upon.

## First National Bank of America

- The collateral for the loan was all the property held by the Federal Government. And the titles to the property would be placed in a new National Bank, generally known as the *First Bank of the United States* a National Bank. The titles to the collateral property were placed in this bank, 80% English owned, and 20% American owned. Soon to be 100% English owned.

## Unhappy Bankers

- The First National Bank of the United States was chartered for 20 years by Congress in 1791. When the charter expired in 1811, Congress did not renew it and the Bank was forced to close its doors. However, Leadership of the United States had not paid the debt to England, making the English Bankers, the source of the loan, very unhappy.

## England Attacks

- Because English Leadership is also controlled by the Invisible Leadership (the Banking Elite), England was required to mobilize its military and attack the United States. Thus, the English sailed into America, entered Washington, D.C., and attacked the United States!

## For Our Freedom?

- And this act is a monumentally important point to comprehend. The point to be garnered is that it is the creditor, the Banker to whom the debt is owed that controls the military of any country into which they have their debt obligation tentacle. They are quite happy to send any country's fathers and sons into battle to die for their benefit, while making us think its all for our freedom.

## Currently Preparing for Civil Unrest

- And the Banking Elite will be quite happy to use the military against the Citizens of the United States when the economy fails and falls apart, as they engineered. A large contingent of the American people have figured out who is responsible for the collapsing economy, and so Leadership, directed by the Banking Elite, are preparing for civil unrest. And that is one of the main reasons Leadership is trying to take away the guns.

## Leadership's Dishonor

### Returning to the War of 1812

- The English entered Washington, D.C., burned down the White House, burned down the President's private home, entered the Federal Courts and retrieved the property titles to the collateral property, where these titles had been placed when the Bank closed. Thus, the real source of this war was our Leadership's dishonor and unwillingness to pay the debt.

## Early English

- Congress renewed the Bank's charter, and the titles were returned to the Bank for safe keeping. When the charter was about to expire the second time, United States Leadership still had not paid the debt, nor even tried to pay it. Thus, the English arrived early to begin lobbying for renewal of the Bank's Charter.

## Andrew Jackson

- President Andrew Jackson could see what the Bankers were doing to the United States, and using his Presidential Powers, sent the military into the States to get sufficient money at the Federal Level to pay off the Bankers. And for the first and only time, the United States was DEBT FREE and a true sovereign.

## In Debt Again

- But it didn't last all that long. Soon there was strife in Congress. Northern States passed measures that were very detrimental to Southern States, and England had sent provocateurs into the halls of Congress to stir up feelings of resentment and discord, ultimately resulting in Civil War. And back into debt went the United States, again to England!

## U.S., On the Hook

- The loans to the United States were made on the same collateral as before, all the property held or owned by the Federal Government. Thus, the Banking Elite once again had their hooks into the United States. But, the Bankers had a plan to obligate the United States to a much greater degree, and that would come to fruition soon enough.

## Thirteenth Amendment

- The status of the freed Slaves is, ultimately, of great importance, and so we examine this subject. After the war, the Thirteenth Amendment was passed, providing freedom for the Negro Slaves. Although free, the former slaves were being denied standing in court for lack of citizenship. Recognized as free, but without standing, they had no recourse or remedy in court when wronged.

## Fourteenth Amendment

- To, correct this issue, Leadership allegedly passed the Fourteenth Amendment to the Constitution in 1868, ostensibly providing citizenship to the freed Negro Slave. But it was a ruse, a trick, a deception. It made the freed Negro Slave both a citizen of the State where he lived, but also of the United States. This is interesting, because the “United States” isn’t a country and this is the first time this status of citizenship is mentioned in law.

## A MISTAKEN BELIEF

- “That there is a valid article in the Constitution known as the ‘Fourteenth Amendment’... No such amendment was ever legally ratified by three fourths of the States of the Union as required by the Constitution itself... There were 37 States in the Union at the time, so ratification by at least 28 was necessary to make the amendment an integral part of the Constitution. Actually, only 21 States legally ratified it. So it failed of ratification.” – David Lawrence; U.S. News & World Report

## CRIMINAL LEADERSHIP

- **THAT, LADIES AND GENTLEMEN, IS HOW CRIMINAL LEADERSHIP HAS BEEN FOR A VERY LONG TIME. AND IT CONTINUES TODAY! EVEN WHEN IT'S KNOWN THAT FORMER LEADERSHIP HAS ACTED CRIMINALLY, TODAY'S LEADERSHIP DOES NOT IMPLEMENT A CORRECTION!**

## U. S. citizen

- United States citizen status, set forth in the un-ratified 14<sup>th</sup>-Amendment, emanates from the jurisdiction where it was created, Washington, District of Columbia, a jurisdiction outside the republic. And so the former Slaves were illegally saddled with a status of citizenship that white people did not hold, U.S. citizen. There is more to this issue and it will surface again.

## “Federal” Defined

- “Federal. Of or pertaining to, or of the nature of, that form of government in which two or more states constitute a political unity while remaining more or less independent with regard to their internal affairs.” – Oxford English Dictionary

The form of government of the Union states, is a REPUBLIC, the Constitution mandates it!  
“mandate. 1: an authoritative command” – Merriam Webster

## Conferring Power & Authority

- In short, two or more states collude to form a “Federal Governing Body”. But here is the catch. Neither state can confer powers or authorities upon the Federal Government they do not possess. For example, neither state can empower the Federal Government to collect taxes from citizens of the other State, because neither State has that power over the other. Thus the Federal Government cannot have that power unless agreed upon by all parties.

## Federal Income Tax

- And the Union States have never agreed that the Federal Government has that taxing power, thus, the need for a **Contract** in order for the Federal Government to TAX the people of these united States of America.

## Federal Ideal

- The idea in forming a *Federal Governing Body* is to extend to each of the States, benefits of participation that makes being a member of the Union worth the cost of financing the Federal Body. Presumably, if a State were not to pay its share, it could be expelled from the Union and no longer receive the benefits provided.

## A Union

- At the signing of the Constitution (1789), the States were **independent Nations**, and were not going to give up that status to sign the Constitution. Thus, the Constitution did not create a country, **it formed a Union**, a Union of several independent Nation States. And also created was a *Federal Government Services entity* with specific and limited responsibilities, powers and authority.

## “these” vs. “the”

- AND, these united States of America was a general name of the Union that had been formed when the Federal Governing Body was created by the Constitution. It is a plural reference (these united States of America), not a singular reference (the United States of America). The lowercase “u” on “united” is proper in context.

## Not With Criminals!

- It is monumentally important to comprehend that a Union was formed when States freely associated to form the Union. And since they FREELY JOINED, it follows that they could freely quit the Union without being murdered. And it further follows that if they quit, any property they had contributed for forts, magazines, and other needful buildings would be immediately returned to the State. But not when you're dealing with criminals! And so we had the **Civil War!**

## Taking Title to the Collateral

- In 1871, the Civil War loan to the United States was due and payable. But United States Leadership was, once again, dishonorable and failed to pay the DEBT. This led to England taking title to the collateral on the debt, all the property held or owned by the Federal Government of the United States, and this included Washington, District of Columbia! And so, the Bankers, through England, took over our Capital without firing a shot!

## "The United States" (corporate)

- Thus, the Capital of the Federal Government was now owned by a foreign country, England. And the first thing the new owner did, was to require Congress to incorporate Washington, District of Columbia. Thus was born the Corporate United States. And that's why the location of United States (corporate) is Washington, D.C. (see Part 2) – Google Search [150913USEconomicHistory.pdf](#)

## And We Thought We Won

- And, of course, we do not own this newly created corporation, Great Britain owns it, and the Banking Elite controls Britain's Leadership. Thus, "The United States" is a British owned corporation, controlled by Bankers. And we thought we won the Revolutionary war. But... it gets worse.

## Sin Die

- There is some history that occurred during the Civil War of the 1860's that we need to comprehend. When the Southern States walked out of Congress, that legislative body adjourned "Sin Die", meaning *without day*. In other words, without a day to reconvene.

## Legislation by Violence

- Without the Southern States present, Congress did not have a quorum, the minimum number necessary to conduct business. But that did not stop newly elected President Lincoln who, unlawfully, declared Martial Law and forced the Northern Congressional delegates back into session as though this would make a Constitutional legislative body, but it does not! Lincoln used this fabricated Congress to support his actions, as though that made them lawful.

## Martial Law Never Terminated

- Therefore, Congress was no longer sitting as a Constitutionally empowered legislative body, it was sitting as a hostage to the will of the President. And while it may well have been Lincoln's intent to restore Congress back to its former status at the end of the Civil War, that did not occur because Lincoln was assassinated and, to this day, the Martial Law was never terminated.

## CEO & Board of Directors

- Since Lincoln's assassination, Congress has continued to set as a hostage to the President of the United States whomever he may be. However, with the birth of "The United States" (corporate) in 1871, Congress became the Board of Directors of a British owned corporation and the President became the CEO (Chief Executive Officer) of the same corporation, under control and direction of the Banking Elite.

## All States of this Union!

- As a result of being unlawfully brought back into session under Martial Law, and then becoming the Board of Directors of the United States, Inc. a British owned corporation, Congress has not been able to pass law for the republic of these united States of America.

## Since Lincoln's Barrel of a Gun

- Actually, Congress has not passed LAW for the Republic since being brought back into session under the barrel of a gun during Lincoln's Administration. And let us not forget that the Constitution **MANDATES** that a **republican form of Government** be maintained in all States of this Union!

## Due and Payable

- But the debt was still not paid, and in 1871 it fell to the Union States to pay the debt. After all, the United States was the creation of the people in those States. That debt was due and payable in 1909, but this time, Union State Leadership failed to pay.

## 20-Year Time Extension

- A 20-year time extension request was made, and it was granted with stipulations. One stipulation was the creation of a Central Bank, thus, in 1913 this stipulation was met with the act creating the privately owned Federal Reserve Bank. The additional stipulations was the passage of the 16<sup>th</sup> and 17<sup>th</sup> Amendments to the Constitution.

## The Twenty-Year Party

- And for twenty-years, the people of the United States were having a party. Prosperity was great, and the roaring twenty's were evidence of this. Alcoholic beverages were banned, thus the *bootleg* industry was born, and gangsters took control, forcing businesses to pay for protection, or they would be bombed or burned or killed by organized crime. Sound familiar? If you want to foster crime, outlaw something the people want!

## 20-Years Later

- But, in 1929, the twenty-year time extension was up and the bill was due and payable again. And again, the Leadership we elect failed to pay the bill. Nor did Leadership give us notice that a bill was coming due, nor did the mainstream misleadia do its job and inform us. Then, on October 29, 1929, the party was over. The Stock Market crashed, as engineered by the Banking Elite, bringing in the Depression of the 1930's. Are you beginning to see a pattern?

## Honest, Truthful Education?

- This is why it is so important that we be educated, honestly and truthfully. Unfortunately, the Banking Elite have taken over our educational curriculum by and through the Department of Education, and they make certain we are not educated, only enough to perform a slave's duties. ## What Might be Done?

- Herbert Hoover assumed the Presidency in 1929, before the Stock Market crash. As the economy worsened, he wrote a letter to the Federal Reserve Bank Board of New York, asking what might be done about the crisis in banking? The Federal Reserve Board responded by saying:

## WHY?

- "Whereas in the opinion of the Board of Directors of the Federal Reserve Bank of New York, the continued and increasing withdrawal of currency and gold from the banks of the country has now created a **national emergency**."

Here we see that the people, who deposited the gold, now wanted their gold back to make ends meet, and this caused an emergency in banking? **WHY?**

## The New York Federal Reserve Board goes on to say:

- "Whereas it is provided in Section (5)(b) of the Act of October 6, 1917 as amended, the President may investigate, regulate, prohibit, under such rule and regulations as he may prescribe, by means of license or otherwise, any transactions in foreign exchange, export or earmarking of gold or silver coin or bullion, or currency, \* \* \* " – These asterisks are important and we'll come back to them.

## Neither Necessary nor Prudent

- The Act of October 6, 1917 is the Trading with the Enemy Act. Therefore, the Federal Reserve Board is suggesting to the President that he apply the language of an Act of War against the American people. However, President Hoover declined to implement the recommendation, saying it was neither necessary nor prudent.

## Is Congress Responsible?

- If the Federal Reserve Member Banks were being honorable with the peoples' gold deposits, why has a banking emergency now been created? Could it be because the owners of the privately owned Federal Reserve Bank had stolen the bulk of the peoples gold and now had insufficient gold supplies to meet the demands of depositors? If so, then would not Congress, who created the Federal Reserve Bank system, not also be responsible?

## Did Congress Create a Thief?

- If Congress had created a thief and not exercised appropriate oversight, would they not potentially need protection from the people, should the people actually figure out they had been “hood-winked” (defrauded out of their gold)? Well, Congress might need protection, and so might the thieving Bankers as well. Not to worry, enter President Franklin D. Roosevelt, a relative of former President Theodore Roosevelt.

## Roosevelt's Inaugural Speech

- "I am prepared under my Constitutional duty to recommend the measures that a stricken nation in the midst of a stricken world may require. These measures, or such other measures as congress may build out of its experience and wisdom, I shall seek, within my Constitutional Authority, to bring to speedy adoption. >>>

## National Emergency

- “But in the event that Congress shall fail to take one of these two courses, and in the event that the *national emergency* is still critical, I shall not evade the clear course of duty that will then confront me. I shall ask Congress for the one remaining instrument to meet the crises - >>>

## It's Time for War & Emergency Powers Rule

- *“broad executive power to wage a war against the Emergency. As great as the power that would be given to me if we were in fact invaded by a foreign foe.”* – President Franklin Roosevelt, Inaugural Speech

## How Things Work

- This is how things work. The Banking Elite create the EMERGENCY through the manipulation of the financial markets and crash the economy. Then require Leadership to step up to the plate to pass measures and Acts to protect the Banking Elite and their investments. The Banking Elite are always protecting their fortunes, that is why they finance both sides of a WAR.

## Lawful Civil Authority vs. War & Emergency Powers

- With the passage of the Emergency Banking Relief Act of March 9, 1933, Leadership is setting aside lawful civil authority in order to rule the United States under **War & Emergency Powers authority**, now, in 2016, for 83-years. This type of ruling power gives Leadership the authority to ignore the Constitution!

## Leadership At Risk

- Whenever Leadership is at risk of having its criminal behavior exposed, it's time for a crisis, perhaps a war, or perhaps it's time to be attacked. On September 10, 2001, Secretary of Defense Donald Rumsfeld announced that 2.3-trillion-dollars was unaccounted for at the Pentagon and the next day, the United States was allegedly attacked by terrorists who never took credit for the attack. Isn't that convenient? A little too much so perhaps!

## Trading with the Enemy Act

- Five-days into the Roosevelt administration, the Emergency Banking Relief Act is passed on March 9, 1933. This act contains the language of the Trading with the Enemy Act of October 6, 1917. In 1917 the U.S. was dealing with World War I, and it was recognized that there were enemies of this country doing business within our borders, thus the Trading with the Enemy Act was passed.

## Force and Effect of Language

- The language of this Act gave Government Leadership total authoritarian control over the **commercial activities** of an identified Enemy of the United States or an ally of an identified Enemy of the United States.

## Thank You Mainstream Misleadia

- Prescott Bush, was a director and shareholder of companies that profited from involvement with the financial backers of Nazi Germany. His business dealings continued until his company's assets were seized in 1942 under the Trading with the Enemy Act. Prescott Bush was the father of former President George H. W. Bush, and Grandfather of former President George W. Bush. Thank you mainstream misleadia for keeping us Americans informed.

## Exclusion #1

- However, the Trading with the Enemy Act of October 6, 1917, contained some exclusionary language. One piece of exclusionary language reads: “... transfers of credit in any form (other than credits relating solely to transactions to be executed wholly within the United States)”  
– Trading with the Enemy Act, Section 5(b).

## Domestic Purchases Not Subject

- This language recognizes that our domestic transactions, those purchases, made wholly within the United States, are not enemy transactions and not subject to the Trading with the Enemy Act. Commercial transactions like buying a dress or a lawnmower or a car.

## Exclusion #2

- Another piece of exclusionary language reads: “... other than citizens of the United States” – Trading with the Enemy Act, Section 2(c).

This language recognizes that a citizen of the United States is **NOT** an enemy of the United States and thus, not subject to the language of the Trading with the Enemy Act.

## Exclusionary Language Amended

- But when the language of the Trading with the Enemy Act was brought forth and put into the Banking Relief Act, the *exclusionary language* was amended and became: “... by any person living within the United States or subject to the jurisdiction thereof.” – Banking Relief Act, Title I, Section 2(b)

## Enemy of the United States

- The effect of this amended language is to apply the language of the Trading with the Enemy Act against the people of the United States. This, because it is the language of an ACT OF WAR and has the effect of identifying the people of the United States as an **ENEMY OF THE UNITED STATES**. Thus, the domestic **transactions of the 14<sup>th</sup> Amendment citizen** now became subject to the language of the Trading with the Enemy Act.

## Jurisdiction

- Before we can discuss the 14th-Amendment citizenship issue, we must comprehend that Washington, D.C. is a jurisdiction separate from the Union, it is not inclusive (inside the republic), it is exclusive (outside the republic). It is brought into existence by the Constitutional language of Article I, Section 8, clause 18, shown on the next slide:

“Congress shall have the power...” >>>

## Constitutional Language

- “To exercise **exclusive legislation** in all cases whatsoever, over such **district** (not exceeding ten miles square) as may, by cession of particular States, and the acceptance of Congress, become the seat of the Government of the United States, and to exercise like authority over all places purchased by the consent of the legislature of the State in which the same shall be, for the erection of forts, magazines, arsenals, dockyards, and other needful Buildings.” – U.S. Constitution

## Exclusive Legislative Authority

- From the previous slide we see this legislative authority was granted to Congress over the jurisdiction of Washington, D.C. This means that **Congress can pass any unconstitutional law** it wishes for this jurisdiction. And the same authority would apply to anything owned by **the District** of Columbia. Therefore, **the District** of Columbia is not included or part of the republic of these united States of America!

## 14<sup>th</sup> Amendment

- We’ve already established that the **never ratified** 14<sup>th</sup>-Amendment created a new class of citizenship in 1868 for the freed slave when he was made a citizen of the United States, which is a citizen of Washington, **District** of Columbia. White people of this period held only State Citizen status and were not subject to the obligations of United States citizen status.

## Looking Deeper

- Looking deeper into citizenship, one might notice that the term “Citizen” is spelled with a capital “C” in the organic Constitution, but in the 14<sup>th</sup> Amendment, it is spelled with a lowercase “c”. That is because “Citizen” does not equal “citizen”. They are not one and the same class of citizenship: Citizen ≠ citizen.

## U. S. citizen

- A 14<sup>th</sup>-Amendment citizen is a United States, Inc. citizen, i.e., a citizen of **the District** of Columbia, the corporate United States. Since this status was acquired voluntarily, never mind it was acquired through fraud and deception, Government Leadership is going to take the position that you knowingly and voluntarily subjected yourself to their corporation rules they like to call law.

## Full Disclosure Absent

- It is to be noted that at the moment of birth, we are not a United States citizen. That status comes with acquisition of a Social Security account or perhaps, a registered birth certification. The fraud in these contracts is that they lack full disclosure, and we are not informed that we will be subjecting ourselves to the corporation rules of a foreign jurisdiction – the British owned **District** of Columbia.

## Six Elements of Valid Contract

- There are six elements to a valid contract or the contract is void ab-initio (from the beginning). They are: 1) Offer by a person qualified to make the contract. 2) Acceptance by party qualified to make and accept the contract. 3) Bargain or agreement and full disclosure and complete understanding by both parties.  
[>>>]

## Six Elements Continued

- 4) Consideration given. 5) Must have the element of time to make the contract lawful. 6) Both parties must be sui juris; that is, of lawful age, usually 21 years old. – *Law of Contracts* by John Calamari and Joseph Perillo. Lacking full disclosure, and in many cases, not being of lawful age will make virtually every contract with Government void due to fraud.

## Un-Imaginable

- Even if there was full disclosure, it still doesn't fly. Can you imagine being allowed to review the three-inch thick Vehicle Code manual, and remember all that there is in that code? We would have to have a full time attorney, specializing in the Vehicle Code, with us in the car at all times to avoid the occasional "offense".

- This Concludes Part 3. Feel free to take time to think about what has been covered. Afterward, the reader may begin reading Part 4 when ready.

An Advanced Examination of  
United States Government  
Part 4

## Educational Series

- This series of *Educational Presentations* probably needs to be viewed in order so that previous concepts, explained at the time of introduction, may be referenced in future presentations without further explanation. The full series is identified in *Parts* with a numeric identifier.

## Disclaimer

- Because almost everyone in the United States has been converted into a “legal fiction”, who cannot receive legal advice from anyone other than an attorney, nothing in this document is to be considered legal advice. However, everything is true and correct to the best of my knowledge and there is no effort to deceive.

## Introduction

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it...

>>>

## Michael Rivero

- "Most people prefer to believe that their leaders are just and fair, even in the face of evidence to the contrary, because once a citizen acknowledges that the government under which he lives is lying and corrupt, the citizen has to choose what he or she will do about it. >>>

## >>> Michael Rivero

- "To take action in the face of corrupt government entails risks of harm to life and loved ones. To choose to do nothing is to surrender one's self-image of standing for principles. Most people do not have the courage to face that choice. Hence, most propaganda is not designed to fool the critical thinker but only to give moral cowards an excuse not to think at all."

## Moving On

- In previous presentations of this series, the concept of 14<sup>th</sup>-Amendment citizen (United States citizen) has been introduced, noting that this citizen status was created in 1868. And this status of citizen is not equivalent to or equal to Citizen as this term is used in the organic Constitution. And with this knowledge behind us, we move on.

## Doing Business As

- A State Citizen (original Citizen of the republic) is subject to the law of the republic, the common law. Whereas the United States citizen is subject to both the common law as well as the law of **the District** of Columbia where Congress can pass any unconstitutional law it wishes. But there is a catch, Congress is now the Board of Directors of a British owned corporation doing business as the United States, Inc., and can only pass corporation rules.

## Congressional Limitations

- This, mixed with the fact that Congress is still sitting under Lincoln's Martial Law which prevents Congress from being seated as a Constitutionally Empowered Legislative Body. Therefore, they are not empowered to pass law for the republic of these united States of America, nor to pass laws to which the living men and women of the republic are obligated to obey.

## Legislative Act Identifier

- When Congress passes a legislative Act, it has an identifier. It may be HR1234 for the House, and SR5678 for the Senate. The "R" in the identifier stands for "Resolution", and this is corporate law, more accurately, a corporation rule. If it was law for the republic of these united States of America, there would be no "R" in the identifier.

## Social Security

- It was in the 1930's that Social Security came into existence. When one joined social security it was necessary to declare our status. Being uneducated and uninformed, Americans declared themselves to be United States citizens, meaning, Washington, District of Columbia citizens, and subject to the unconstitutional corporation laws (actually corporation rules) of the District.

## The Buck Act

- In 1940 the Buck Act was passed, paving the way for States to become incorporate under the laws (rules) of the United States, Inc. (the District). From that we get the STATE OF MAINE, STATE OF SOUTH CAROLINA, STATE OF VIRGINIA, STATE OF YOUNAMEIT, corporate State franchises, all deriving their existence in the laws of the United States, Inc., and subject to its un-constitutional regulatory dictates, also becoming responsible for the U.S. Debt.

## County of Younameit

- After the States incorporated, it became possible for the Counties to incorporate under the corporate State of Younameit. Thus we get the COUNTY OF ORANGE, COUNTY OF BUTTE, COUNTY OF NEW YORK, COUNTY OF YOUNAMEIT, all corporations, also responsible for the U.S. Debt.

## City of Younameit

- And on the heels of that, the cities began to incorporate. Thus we have the CITY OF LOS ANGELES, CITY OF DETROIT, CITY OF YUBA CITY, CITY OF RENO, CITY OF LAS VEGAS, CITY OF YOUNAMEIT, also responsible for the U.S. Debt. Is it time to consider unincorporation?

## Applicable Through Contract

- And, of course, these corporations, from the United States, Inc., to the State of Younameit, to the County of Younameit, to the City of Younameit, can all make corporation rules that they like to call law. This is a deception, i.e., a fraud! They are not law, they are corporation rules, applicable only through contract, and enforced in corporation courts administering the bankruptcy, not courts of the republic – our birthright.

## Subject to Unconstitutional Rules

- It is Leadership's position that citizens, of the un-ratified 14<sup>th</sup> Amendment, have contracted with the United States, Inc., or one of its corporate franchises, thus, is subject to all the unconstitutional corporation rules from the Federal to the State of Younameit, to the County of Younameit, to the City of Younameit.

## Thieves on High

- Once the people were identified as an enemy of the United States in the Emergency Banking Relief Act of March 9, 1933, Leadership could then use extraordinary measures to protect the Banking Criminals as well as themselves against the wrath of the American people whose wealth they had stolen.

## Bankers Currently Running the Show

- As matters have now stood for a very long time, the Banking Elite are running the show in western countries, evidently to the approval of the Catholic Church since the Pope is not intervening to end the criminality of the English and United States Leadership. It's not like the criminality is still a secret, it's right out in the open for everyone to see, and most people who are awake, do see it.

## Diving Back Into History

- But we need to return to the Banking Relief Act of March 9, 1933, and see what else occurred that affects our lives. Therefore, we are going to dive back into history a little, I suspect you will find it interesting because it still affects our lives and standard of living. One of our most important standards, the separation of powers, is about to be destroyed.

## Separation of Powers

- An act of vesting the legislative, executive, and judicial powers of government in separate bodies. This was done to keep Leadership on the "Up and Up", or honest. And our Constitution makes specific provision for the separation of powers exactly and explained above.

## Separation of Powers Destroyed

- “Section 1. The actions, regulations, rules, licenses, orders and proclamations heretofore or hereafter taken, promulgated, made, or issued by the President of the United States or the Secretary of the Treasury since March 4, 1933 pursuant to the authority conferred by subdivision (b) of section 5 of the Act of October 6, 1917, as amended, are hereby approved and confirmed.” - Banking Relief Act of March 9, 1933

## Dictator Created

- The date is March 9, 1933, and Congress, the Board of Directors of **the British owned corporation** we know as the United States, Inc., has just given approval to any executive order or proclamation of any President of the United States, issued in future years, without any oversight or debate! The President has just been made a dictator of the corporate United States! And there are people foolish enough to believe Congress represents them.

## But...

- But... Congress is allowed to make the President a dictator, after all, it is their corporation, not yours. YOU, on the other hand, get to decide if you want to join their corporation by getting a registered birth certification (government issued birth certificate), and/or join Social Security, both of which make you part of the corporation and its rules! Then there is the Money.

## How the Currency is Issued

- "Upon the deposit with the Treasurer of the United States; (a) any direct obligation of the United States; (b) any notes, drafts, bills of exchange or bankers acceptances acquired under the provisions of this act, that any Federal Reserve Bank making such deposits in the manner prescribed by the Secretary of the Treasury, shall be entitled to receive from the Comptroller of the Currency, circulating notes in blank, duly registered and countersigned." – Emergency Banking Act of March 9 1933

## Public and Private Debt

- The issuance of currency (Federal Reserve Notes) is contingent upon the deposit of: a) any direct obligation of the United States (PUBLIC DEBT), or, b) notes, drafts, bills of exchange or bankers acceptances (PRIVATE DEBT). The Federal Reserve Note is DEBT CURRENCY. **Can you pay a DEBT with a DEBT?**

## You Cannot Own Anything!

- **No, you cannot pay a debt with a debt,** and House Joint Resolution ("R") 192 (HJR 192) provides that you cannot pay a debt, you can only discharge a debt, and discharging a debt is not the same as paying a debt. **And if you cannot pay a debt, then you cannot own anything!** Do you think I am misleading you?

## Well, Am I Misleading You?

- "Under the new law the money is issued to the banks in return for Government obligations, bills of exchange, drafts, notes, trade acceptances, and banker's acceptances. The money will be worth 100 cents on the dollar, because it is backed by the credit of the Nation. **It will represent a mortgage on all the homes and other property of all the people in the Nation.**" - Congressional record, March 9, 1933, House, Congressman Patman, 73rd Congress, Special Session, Volume 77, part 1, page 83.

## Look it Up!

- Look it up if you like. Is your car your property? **NO IT'S NOT!** You might be able to claim ownership of a hamburger if you can eat it fast enough. It's because you don't own anything that Government Leadership feels so empowered to take away your property at their will. And the people of the United States, having never been informed by the mainstream misleadia, have never contested, until just recently with Anna von Reitz!

## Here's Another to Look Up!

- "The ultimate ownership of all property is in the state, individual so-called ownership is only by virtue of Government, i.e. law, amounting to mere user. And use must be in accordance with law and subordinate to the necessities of the State." – Senate Document 43, under Contracts Payable in Gold.

## Anti-Criminal-Government

- Go to the webpage of Anna von Reitz and read what she has to say, it may well knock your socks off. In the end, you may wish to get behind her and support her efforts to restore Constitutional Government and your property. Just because one disagrees with Government Leadership doesn't mean they are anti-government, it may only mean they are anti-criminal-government.

## Restoring Lawful Civil Authority

- Wanting to see the abandonment of War & Emergency Powers Authority and restoration of LAWFUL CIVIL AUTHORITY is not at all anti-government, and that case cannot be made. Patriots and concerned Americans should, IMO, make clear that their only goal is the restoration of LAWFUL CIVIL AUTHORITY and restoration of the republican form of Government mandated by the Constitution.  
IMO = in my opinion

## Is This Our Goal?

- The mainstream misleadia (MSM) will try to paint people who disagree with Leadership as Anti-Government. However, if the goal is restoration of Lawful Civil Authority and restoration of the Republican Form of Government, as mandated by the Constitution, is made clear, it should go some distance in defusing criminal elements within Government and forcing the MSM to get it right.

## Publically Traded for Profit

- Returning to our historical trek, what other changes might we find that were brought about by the Banking Relief Act of March 9, 1933? One of the most significant changes is that the whole of Government became publically traded for profit. Evidence may be found by opening: <http://mhkeehn.tripod.com/150828ptfpsampling.pdf> or go to Dun & Bradstreet on-line and perform an appropriate search.

## Fleeing the People

- Why has this occurred? It is because government was declared bankrupt in the 1930's by President Roosevelt. In order to keep operating in bankruptcy, corporate Government Leadership had to change its operating practices and come up with more ways to fleece the people out of more of their productivity – their money.

## Every Office, Agency, Dept.

- With appropriate searches at the online service provided by Dun and Bradstreet (D & B), one will find the whole of Government is publically traded for profit. That is every Office, Agency, Bureau and Department of Government is publically traded. It's not our government, somebody else owns it.

## Do Not Be Fooled

- Sometimes you will find a Sheriffs Office listed, and sometimes not. The same for a Police Department or other Government Office. Don't be misled, the Sheriffs Office is part of the County and that will be listed, and a Police Department is part of the City of Younameit, and that will be listed.

## Irreconcilable Conflict of Interest

- And this creates an irreconcilable conflict of interest. Take the local Superior Court for example. It has a fiduciary obligation to the administration of justice, but it has an obligation to an investor that trumps the fiduciary obligation. For the court, there is money to be made in convictions, which, as I understand it, are packaged and sold on a Securities and Exchange.

## Operating in Bankruptcy

- It's this way for every Office, Agency, Bureau and Department of Government. They all have their corporate rules that allow them to fleece the people in one manner or another. They all have a fiduciary obligation that is trumped by an obligation to an investor. And taking more of our hard earned money is how they continue to operate in bankruptcy.

## Sample D & B Listing

SUPREME COURT,  
UNITED STATES, OF THE  
also traded as  
SUPREME COURT

- 1 1<sup>ST</sup> NE,  
WASHINGTON D.C.

This is an actual listing  
from one of my Dun and  
Bradstreet searches.

## Betrayal & Treason

- Being obligated to an investor prevents the whole of Government from being UN-BIASED. Every decision they make must include thoughts of the investor, and what decision is necessary to protect the interests of the investor. In my view, to sell the Government of the United States is a betrayal of the people and a TREASON of the highest magnitude.

## Trust Management Co.

- The Constitution assigned certain responsibilities to the Federal Government to implement, oversee and manage in the best interest of the people of the United States. Thus, the Federal Government, in its original charter or Constitutional creation, may be viewed as a Trust Management Company.

## Forced Bankruptcy

- In 1863, Lincoln was forced to bankrupt the original *Trust Management Company* doing business as The United States. This was followed by years of bankruptcy reorganization, historically known as “reconstruction”. The upshot of this was a new *Trust Management Organization* which was to be known as the United States of America, Inc. Undoubtedly **these names are chosen to confuse and mislead the people of the United States.**

## United States of America, Inc.

- The new Trust Management entity was incorporated by the **Catholic Church**, doing business as the United States of America, Inc. This is not to be confused with the United States, Inc., the British owned corporation of 1871. The afore mentioned TRUST operated under the support and oversight of the **Catholic Church** from the end of Reconstruction (~1877) to 1914 when this TRUST was purchased by a consortium of privately owned banks, **doing business as the Federal Reserve.**

## Devaluing the Dollar

- When the Bankers took control of the United States of America, Inc. trust, they began devaluation of the dollar. As a result, the dollar lost purchasing power through devaluation. To illustrate: In 1962, when I was 15-years of age, I was living with my Great Aunt and Uncle at 2451 East Pennington Road in Live Oak, California.

## Dollar Devaluation Example

- They had a new *three bedroom Cardinal Home* built on their lot for \$13,000. Gold was selling for \$35.35 an ounce. Therefore, if we divide 13,000 by 35.35 we see that the home was purchased for 367.75 ounces of gold. Now let's fast forward to the year 2015, and we find that Gold has peaked out at around \$1,300 per ounce.

## Example #1 Continued

- Now, if we multiply the price of one ounce of gold (\$1300) by 367.75 ounces we get \$478,075.00 – nearly a half million dollars, which would more than buy the modest three bedroom home my Aunt and Uncle built. Actually, it would probably buy two of them at today's prices.

## A Second Example

- Looking at the devaluation in another way, we could divide 35.35, the price of an ounce of gold in 1962, by 1300, the approximate peak price of an ounce of gold in 2015, and we get \$0.02719 – Therefore, today's dollar has 2.719 cents the purchasing power it did in 1962. Now, let's give that calculation some meaning.

## Example # 2 Continued

- This means that if you had a job in 1962 that paid \$2.25 an hour, like Grocery Store clerk, and the wage of that job had kept pace with the devaluation of the dollar, we can calculate the today's wage by dividing 2.25 by .02719:

$$2.25 / 0.02719 = 82.74$$

## Stealing From Unsuspecting Americans

- Therefore, in 2015, the year of our calculation, you would be making \$82.74 an hour and you would have the same purchasing power you did in 1962. **And this is how your productivity is stolen by Leadership** and those who control policy!

## \$14 to \$16 an hour instead of \$116.22

- And if we had used the peak price of gold on 9-1-2011, \$1826.00 an ounce, your wage would have been \$116.22 an hour. Instead, you've been given a currency that is issued upon the deposit of debt. As such, you work harder, or longer, or both, and are not able to own anything as revealed in an earlier presentation. The American people have been converted into economic slaves! Perhaps we need to know how money is defined.

## A Pattern of Behavior

- But stealing from Americans? Isn't that what we've done from the start. Didn't we steal the property of the Native Americans and then murder them off by the hundreds, then thousands? And after stealing their property, did we not sell the stolen property to an unsuspecting buyer? Kind of sets a pattern of behavior, doesn't it?

## Money – Defined

- "Money. In the usual and ordinary acceptation it means coins and paper currency used as circulating medium of exchange, and **does not embrace notes, bonds, evidence of debt,** or other personal or real estate." - Blacks Law Dictionary, Sixth Edition<sup>1</sup>.
  - 1 Note: This definition cannot be found in Black's Seventh or Eighth edition dictionary.

## Seeing A Little More Clearly

- And there you have it, MONEY cannot be a note, as in FEDERAL RESERVE NOTE! Federal Reserve Notes are Debt Currency, not money! Yes, we use them as a medium of exchange, and each year, because Leadership devalues their purchasing power, it takes more of them to buy the same product.

## Economic Slaves

- Each year, **Visible Leadership** borrows, from the **Invisible Leadership – Banking Elite** (Federal Reserve Bank), the money needed to run the Government for another year, and this includes the money needed to pay the interest on the existing debt. Thus, the American people, who are responsible for the payment of the debt, have been converted into economic slaves!

## You, and Me

- And the trick here is: Visible Leadership authorizes the issuance of Bonds (public debt), and that triggers the authorization to issue currency in that amount, so currency is printed (ink on paper) and given to the U.S. Government. And nobody has loaned any money, it was created out of thin air. **It's all a scam to economically enslave you, and me**, to pay the debt.

## Shenanigans on High

- As the United States of America, Inc. [the National Trust] was being prepared for bankruptcy by President Franklin Roosevelt, agents throughout Congress and the individual states of the Union rushed through a process of “registering franchises”. The franchises were the STATE OF YOUNAMEIT. Also created were foreign situs trusts, named after every living American. See <http://mhkeehn.tripod.com/Shinola101.pdf>

## Surety Status

- At the March 6, 1933, Conference of Governors meeting, the Governors — merely corporate officers of franchises of the bankrupt United States of America, Inc. — pledged the “good faith and credit” of “their States and the citizenry thereof” to stand as sureties for the debts of the United States of America, Inc. during its bankruptcy reorganization.

## Don't Inform the Economic Slaves

- **Surety.** A person who takes responsibility for another person's debt. Imagine that Burger King International went bankrupt and it called all the local franchise owners together. In a meeting the franchise owners all agreed to name their customers as sureties for the debts of Burger King International. Well, that's what took place in 1933, and the mainstream misleadia never informed the American people of this debt obligation that Leadership had unlawfully (fraudulently) created for them.

## End of Part 4

- Wouldn't it be nice if the Mainstream Misleadia began doing its job? Maybe if they did, more of us could see the fraud & Conspiracy.

And this is where we'll leave off in Part 4 of this presentation series. The reader may pick up with Part 5, and learn More.

## An Advanced Examination of United States Government Part 5

## Educational Series

- This series of *Educational Presentations* probably needs to be viewed in order so that previous concepts, explained at the time of introduction, may be referenced in future presentations without further explanation. The full series is identified in *Parts* with a numeric identifier.

## Disclaimer

- Because almost everyone in the United States has been converted into a “legal fiction”, who cannot receive legal advice from anyone other than an attorney, nothing in this document is to be considered legal advice. However, everything is true and correct to the best of my knowledge and there is no effort to deceive.

## Introduction

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it...

>>>

## Michael Rivero

- "Most people prefer to believe that their leaders are just and fair, even in the face of evidence to the contrary, because once a citizen acknowledges that the government under which he lives is lying and corrupt, the citizen has to choose what he or she will do about it. >>>

## >>> Michael Rivero

- "To take action in the face of corrupt government entails risks of harm to life and loved ones. To choose to do nothing is to surrender one's self-image of standing for principles. Most people do not have the courage to face that choice. Hence, most propaganda is not designed to fool the critical thinker but only to give moral cowards an excuse not to think at all."

## Reviewing What We've Learned

- Three "City States" control the western world: City of London, center of financial control and not to be confused with London; Washington, District of Columbia, the military (force & violence) arm of control; and the Vatican, religious control and claimed to be the trustee of the Global Estate Trust, presumably under their own law, certainly not God's law.

## Review Slide 2

- The United States failed to repay the loan acquired during the Civil War, resulting in England taking title to the collateral, all the property owned by the Federal Gov., including Washington, D.C. Followed by incorporation of Washington, thus creating the United States, corporate. Since Britain owned Washington, D.C., the United States, corporate, is a British owned corporation.

### Review Slide 3

- While there are three United States defined in law, the birth of the corporate United States changed the status of Congress and the President. Congress became the Board of Directors of the corporate United States, while the President became the Chief Executive Officer (CEO) of this British owned corporation, where England and this corporation are both controlled by the Banking Elite!

### Review Slide 4

- This meant that Congress could no longer pass law for the **republic of these united States of America**, they could only pass corporation rules, that they like to call law, but is not law. Thus, the appearance of the “R” in the identifier, standing for “Resolution” (corporate rule). Identifiers for law of the republic have no “R”.

### Review Slide 5

- And in 1909, Leadership again failed to pay the debt, and received a requested 20-year time extension, with stipulations. One stipulation was the creation of a National Bank, thus, in 1913, was born the privately owned Federal Reserve Bank. In 1929, the debt was due and payable, and Leadership failed to pay once again. Enter the Federal Reserve engineered depression of the 1930's.

### Review Slide 6

- In 1933 the Emergency Banking Relief Act was passed. This act destroyed the separation of powers, authorized the new currency (Federal Reserve Notes) which was issued upon the deposit of debt, making it a debt currency, not money. U.S. flag began flying above State flag as evidence of occupation under war and emergency powers. And the whole of government, every Office, Agency, Bureau and Department became publically traded for profit.

## Review Slide 7

- The Banking Relief Act also identified the people of the United States as an Enemy of the United States by virtue of applying the language of an Act of War against the American people. The United States, Inc. was declared bankrupt by President Franklin Roosevelt. Roosevelt then went on to illegally take the deposited gold of the people of the United States, full blown, in your face, criminal behavior!!!

## Commercial Activities

- Since the Trading with the Enemy Act, the act of which the language was applied against the people of the U.S., gave Government total authoritarian control over the commercial activities of an identified enemy, it followed that once the people became an identified enemy, the Government had total authoritarian control over their commercial activities, and significant freedom was lost.

## Permission to Survive!

- Thus, it only became necessary for Leadership to convert all of our normal and regular activities into a commercial activity in order to regulate the people of the United States in everything they do. It became illegal for the people to engage in any type of commercial activity to feed themselves and their families without Leadership permission.

## Their Vote Has Been Decided

- The Bankers are smart. By staying in the background and out of sight, by controlling the mainstream misleadia, and by controlling Leadership, which we elect, we are left with the impression that Leadership represents us when that could not be further from the truth. Congressmen have told us they don't read the bills on which they vote! Why should they, their vote has already been decided by the Banking Elite.

## Applied Through Contract

- And beside all that, one needs to remember that Congress is voting on the rules of a British owned corporation doing business as the United States. And because it is a corporation, its rules, that they like to call law, can only be applied through contract. And this is what we will now tackle.

## One of the Traps

- Now where did we contract with Government. Generally, it begins with Social Security. We believe that it is a legal requirement, but it is not! Participation in Social Security is voluntary, otherwise it would be illegal. To apply, we must declare our status. Today, citizenship is item #5 on the application, and the first choice listed is "U.S. Citizen", and this is the one we check before **signing**.

## Ignorance of the Law is No Excuse

- When we checked the box indicating we are a U.S. Citizen, we have declared our-self to be a citizen of Washington, District of Columbia, and subject to the rules of the British owned corporation doing business as the United States, Inc. This is why they tell us, "ignorance of the law is no excuse." Well, they know we are ignorant because they control our education!

## Making a Legal Declaration

- In this application we are publically declaring that we are incapable of being responsible for our-self and are petitioning the District of Columbia, the United States, Inc., to be responsible for us from cradle to grave. And they accept, but that makes the Government the parent, and the parent has rules that we must follow, but when we get a rule we don't like, such as gun control, we cry and whine.

## Now What?

- The first tenant of freedom is that we be responsible for our-self. If someone else has to be responsible for us, then that individual, in this case the United States, Inc., will make the rules by which we live. But we have decided we want a parent who will give us Social Security. And so we contract with the British owned corporation doing business as the United States, Inc. – Now what?

## We Have Been Converted

- In a few weeks, we receive our Social Security card, with our Social Security number printed on it along with our name. Some of us may notice that our name is spelled in all capital letters. But then we dismiss that with a “so-what.” Little do we know. If we accept this spelling of our name, we have allowed our-selves to be converted into a legal fiction.

## A Legal Fiction

- A legal fiction is a simple concept. In essence a legal fiction is something created in the mind of man. For example, “time.” Without man’s mind, “time” doesn’t exist. A corporation is another example. In court, a corporation, which exists only on paper, is a person. But a corporation is a **DEAD PERSON**. Without man’s mind, a corporation doesn’t exist.

## Not a Fiction

- Conversely, a “tree” exists without the mind of man, therefore, a “tree” is not a legal fiction. Other examples might include animals of all kinds, clouds, storms, mountains, caves, rocks, oceans, lakes, seas, beaches, plant life, air, and many more. Hopefully, this provides a distinction between a fiction and a non-fiction.

## Trust & Transmitting Utility

- So, what kind of legal fiction have we been converted into? Actually, a Trust and Transmitting Utility in Puerto Rico, which is the property of the United States, along with Guam, Wake, Virgin Islands, and other similar “insular states.” For more information on this conversion, see: <http://mhkeehn.tripod.com/Shinola101.pdf>

## “Person” is a Corporation

- In the 1860’s, Congress changed the meaning of the word “person” to mean “corporation.” Therefore, a vast number of their corporation rules that they like to call law, refer to **person**, as in: “any person”. A corporation is a “dead person”. Thus, the reason corporations must have an attorney speak on their behalf.

## An Insight Into Dead People

- A “Trust and Transmitting Utility” is also a “Legal Fiction”, just like a corporation. And just like the corporation, the Trust & Transmitting Utility is a **dead person**. And dead people DO NOT have access to the protections of the Constitution and Bill of Rights to protect them from Government.

## Ignorance is No Excuse

- Therefore, when Leadership says that ignorance of the law is no excuse, what they are really saying is: Ignorance of our criminal actions is no excuse! Never mind that the FRAUD was accomplished via deception. **And now you comprehend why this knowledge is kept from the Police, the Sheriff and his Deputies, FBI Agents, and any code enforcer, some of them might have a conscious.**

## Do Police Know?

- Do police know that “person” refers to a corporation and not a living man or woman of the land? Probably not, most likely not. But, as they tell us, ignorance of the law is no excuse. If they do know, then they should also know that this conversion of living men and women of the land into a Trust & Transmitting Utility (a dead person) is criminal fraud at several levels!

## Full Disclosure Absent

- It begins with a contract (Social Security) in which full disclosure is not made. No one knows that they are changing their citizenship status and subjecting themselves to a mountain of foreign corporation rules that Leadership likes to call law. It’s not law, it’s rules of the British owned corporation, doing business as (dba) the United States!

## No Injured Party

- The term “law” specifically refers to the “law of the republic”, the common law. An “at law” action, means at the common law. Common law is an injury based system of law. It requires an injured party to file a complaint. Corporation rules do not require an injured party. Corporation rules are contract based, and that is why the Leadership is able to put so many living people in prison, when there is no injury to anyone.

## Foreign

- And that’s why Leadership had to convert living men and women into a corporation (a dead person). Municipal corporations do not have jurisdiction over living men and women of the land, they, technically, cannot even speak to them, let alone bring them into a foreign court. All courts with a gold fringe flag are a court foreign to the republic of these united States of America.

## No Public Announcement

- There was no public announcement when Congress created “municipal citizenship” in 1868, that we now know as “US citizenship”. Technically, even to this day, this form of “citizenship” applies only to those born in the District of Columbia, Guam, Puerto Rico, and other Insular States, so there was no real reason to educate the general public about this topic, at least until Leadership decided to make slaves of the living men and women of the republic.

## Secretively = Conspiracy

- As Congress secretively began using the labor and the private property assets of these newly created 14<sup>th</sup>-Amendment “citizens” as collateral backing the debts of “The United States of America, Incorporated” there was good reason to hide this from the people. >>>

## The Reason to Hide Facts from the People!

- At the end of the Civil War the people may well have rebelled if it was found that Leadership was simply changing from private sector slave ownership to public sector slave ownership by economically obligating the people of the United States to their corporate debts. Watch out boys, the people are beginning to figure it out!

## Your All Caps Name

- What Leadership did was to create foreign situs trusts in the name of every living American who joined Social Security, the contractual nexus which, if you recall, is voluntary. You cannot be forced to contract. The foreign situs trust is the Trust and Transmitting Utility mentioned earlier, that was created in your all capitals name. How a name is written is very important in Law as you will see in the following 3-slides.

## Naming Conventions S1

- john–quincy: adams = a living American endowed with all his natural rights
- John Quincy Adams = a foreign situs trust used in commercial shipping
- JOHN QUINCY ADAMS = a foreign estate trust
- John Q. Adams = a public transmitting utility company

## Naming Conventions S2

- John q. Adams = a public foundation
- JOHN Q. Adams = a cooperative
- *JOHN QUINCY ADAMS* = a boat or ship used in public commerce
- JOHN QUINCY Adams = a commonwealth trust
- J. QUINCY Adams = a slave owned by Exxon Corporation

## Naming Conventions S3

- J.Q. Adams = a foreign pauper forbidden to own land
- Adams, John Q. = a taxpayer
- ADAMS, JOHN Q. = a soldier
- adams, john q. = a slave

## If You Do Your Homework, You Will Find that...

- To secure the debt owed by the “United States of America, Inc.” the banks established maritime salvage liens against every parcel of land, every business, every man, woman, and child in America, and continued to operate their doppelganger corporation under Chapter 11 reorganization.

## If You Do Your Homework, You Will Find that... S2

- They also had you declared legally dead and probated your estate and issued bonds based on the value of your labor and private property. Just look at “your” Birth Certificate – signed by the County Registrar, an officer of the probate court, issued in the ALL CAPS NAME of a “dead person” – you, numbered as a bond and issued on bond paper.

## If You Do Your Homework, You Will Find that... S3

- At the same time, they converted all your private bank accounts to the ownership of the ESTATE trust they created “in your name” and moved the ESTATE offshore to Puerto Rico where you and your assets supposedly came under the foreign maritime jurisdiction of the United States of America (Minor).

## With a Little More Effort You Will Find...

- That other elements, within the group of Leadership criminals, have taken out million dollar life insurance policies on every American man, woman and child. They don't much care if they receive their money from you living as an economic slave, or die early, allowing them to collect the life insurance. And now you know why its no big deal if a Police Officer shoots and kills an American.

## OH YEAH!

- Oh Yeah, there is no conspiracy, this is all just happening by accident... nothing to worry about. I am, of course, poking fun at those who shout “Conspiracy THEORY”, primarily parroting journalists, who, in turn, parrot Leadership. We need to laugh a little every once in a while.

## Bleeding

- If you received a citation (ticket) for a traffic offense, and you appear in court, you might ask the police officer if he is of the opinion that you are a dead person. He'll most likely say NO. Then ask if he believes you are not a living man of the land who bleeds. If he believes you are living, then move for dismissal, the court cannot legally interact with a living man of the land. And bleeding is proof of life. Learn to think outside the box.

## Driving Under the Influence

- I knew a man who appeared in court, charged with failure to allow testing for driving under the influence. However, he didn't refuse, he simply required the police officer to sign a statement that any information garnered or gathered from such a test would not be used against him in court. >>>

## Securing His Rights

- He was only attempting to secure his Bill of Rights Article 5 protection against being compelled to become a witness against himself. Once the officer had signed an appropriate statement allowing for this protection, the test could have proceeded. Therefore, he was not refusing a test. Think outside the box!

## Think Outside the Box

- The Government may presume you are a U.S. citizen/salve, but they can not declare it. Only you can declare your status. When the police officer wants to see your drivers license, then: "If I had such a document could it be used in court against me?" Officer: "I only need it for identification." You: "O-K, then you won't mind signing a statement that any information garnered or gathered will not be used against me in court."

## Contract Related

- The Police Officer wants to see your license (contract). The Government is bankrupt, and what they are doing is to use your financial resources through fines, to support their bankruptcy when no one has been injured. Remember, virtually all appearances in court are contract related – PERIOD! Only on rare occasions are they not contract related. >>>

## Recognize the Criminal Fraud!

- And there is almost never an injured party. If the plaintiff is the United States, or the State of Younameit, or the County of Younameit, or the City of Younameit, none of these entities qualify as an injured party. They are all a dead person and **there is nothing that a living person can do to cause injury to a dead person.** Recognize the criminal fraud taking place!

## OSTB Thinking Example

- If you are in the City of Detroit, Michigan, then the laws of Michigan should apply to the defendant. Then from that stand-point it's just a matter of asking for the evidence. "Where is the evidence that the laws of this City of Younameit, or State of Younameit, apply to me, the defendant?"

## There is No Evidence!

- The defendant is not making an allegation, he is not making an argument, or even an assertion. The defendant is asking a question, therefore, the court cannot claim the defendant is being argumentative, which is a tactic used by Judges to shut-down defendants. It's all just assertions **from people** that the code or **corporation rule** they call "law" applies, and yet, there is no evidence! Think outside the box!

## STANDING

- If there is an injured party, great, let the injured party file a complaint. The Supreme Court has been clear numerous times. In order to have standing to bring an action in court, the plaintiff must allege the violation of a legal right, resulting in injury, fairly traceable to the defendant, and likely to be redressed by a favorable ruling from the court! Our justice system is one big public relations fraud through deception.

## The BAR

- When the United States became incorporated in 1871, they lost the ability to try criminal cases. To fill the law void, England brought in its private copyrighted law. Since it is copyrighted, Attorneys, which use the law for profit and gain, must be licensed. Their license is issued by the BAR – **B**ritish **A**ccreditation **R**egency

## Your Use of Private Copyrighted Law

- You get to use their private copyrighted law without license because you are not using it for profit and gain.

## Part 5 Conclusion

- And that is where we will leave it for the moment. In the next presentation in this series, we will examine where We are at, and where Leadership is at. We will be examining past events engineered by Leadership so that we might predict, or at least recognize future events when they occur.

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it...

## War is a Racket

- The treachery of Invisible Leadership (the Banking Elite) is visible in the testimony of Major General Smedley Butler. "I spent 33 years and four months in active military service and during that period *I spent most of my time as a high class muscle man for Big Business, for Wall Street and the bankers. In short, I was a racketeer, a gangster for capitalism.* >>>

## General Butler Continued #1

- "I helped make Mexico and especially Tampico safe for American oil interests in 1914. I helped make Haiti and Cuba a decent place for the National City Bank boys to collect revenues in. I helped in the raping of half a dozen Central America Republics for the benefit of Wall Street. I helped purify Nicaragua for the International Banking House of Brown Brothers in 1902–1912. >>>

## General Butler Continued #2

- “I brought light to the Dominican Republic for the American sugar interests in 1916. I helped make Honduras right for the American fruit companies in 1903. In China in 1927 I helped see to it that Standard Oil went on its way unmolested.  
>>>

## General Butler Continued #3

- “Looking back on it, I might have given Al Capone a few hints. The best he could do was to operate his racket in three districts. I operated on three continents.” – War is a Racket by Marine Major General Smedley Butler. As one can easily see, our military has been used to help the rich, get richer by stealing the resources of other countries for a very long time. The point is that it's not our military, it's the military of the Banking Elite!

## LIES OF LEADERSHIP

- Here in Part 6 we are going to examine the LIES OF LEADERSHIP. In looking at past lies, we may well see a pattern of psychological profiling (Brainwashing) of the American people. We begin by first recognizing that we have been electing psychopaths to positions of Leadership for a long time. And this will become evident in our historical trek.

## Ultimately, it's Visible Leadership Who is Responsible

- But, we should remember that Visible Leadership is controlled by the creditor of the United States, **the Banking Elite, the invisible Leadership**. Therefore, it is possible that the psychopathic behavior we observe in visible leadership is actually the psychopathic behavior of the Banking Elite. But that does not excuse them.

## Responsible for Their Conduct

- We keep in mind that it is the Banking Elite, the invisible Leadership, who is controlling elected Leadership. Or maybe it's the both of them together that is responsible for psychopathic behavior. Ultimately, however, elected Leadership is responsible for their own actions. After all, it is they who created the debt, and it is they who does nothing to pay the debt, therefore it's not possible for them to absolve themselves of responsibility.

## Pearl Harbor – First Lie Examined

- The story of the attack on Pearl Harbor by Japanese forces on December 7, 1941, begins with Lieutenant Commander Arthur McCollum of the *Far East Desk* of Naval Intelligence in Washington, D.C. Even though World War II in Europe had been well underway since 1939, the United States was still not part of it.

## Who Wanted the U.S. in the War?

- While it would be expedient to say that President Franklin Roosevelt wanted the United States to enter the war, it would probably not be wholly accurate. Roosevelt, like all Presidents, was under control of the Banking Elite, therefore, it is the elusive Bankers (the invisible Leadership) who wanted the United States in the War to enhance their fortunes, but probably at least as important, to expand their power, control and influence.

## A Rich Man's Trick

- But let us not be deceived. The Banking Elite were financing both sides of the war, and this included many defense contractors, such as Henry Ford, the head of the Ford Motor Car company. For a much greater view of this subject watch the documentary, *JFK to 911: Everything is a Rich Man's Trick*, currently (2016) available on YouTube.

## The Memo

- Lieutenant Commander McCollum had written a memo that was circulating around the offices of Leadership in Washington, D.C. This memo called for provoking Japan into an overt act of war against the United States. This would open the door for the United States to enter World War II since Japan was an ally of Germany.

## Uniquely Groomed

- McCollum's experiences made him uniquely groomed for the position he held as related to Japan. He had been born to Baptist parents in Nagasaki, Japan, in 1898 and spent his youth in Japan, living in several Japanese cities. Thus he understood their culture and spoke their language.

## Eight Pressure Points

- McCollum's five page memo listed eight pressure points that could be used to deliberately provoke Japan into an overt act of war against the United States. The upshot of the whole plan was to engineer a situation that would mobilize reluctant Americans into joining England in their struggle against the German forces overrunning Europe and bombing London, in other words, to psychologically brainwash Americans into entering World War II.

## Brainwashing America

- Opinion polls of 1940 showed that Americans did not want involvement in yet another of the never-ending wars in Europe. Visible Leadership, directed by Invisible Leadership, wanted Americans in the war. In their view, American minds needed psychological profiling (brainwashing). And this is such an important point because it will be used in several more instances.

## Needed was a Mobilizing Event

- What was needed was a MOBILIZING EVENT, such as an attack on the United States by Japan. This would provide the necessary door opening catalyst and become the event to brainwash the American people into entering the WAR. Every intercepted message from Japan's military or diplomatic corps was decoded in Washington, D.C. and routed through the *Far East Desk*, McCollum's section, before being routed to the CEO of the British owned corporation – Roosevelt.

## A Secret Kept from Commanders

- What was generally unknown at the time, and not known for many years afterward, was that Washington, D.C. code breakers had broken Japan's Military Code. Not even high ranking Generals and Admirals knew that this had been accomplished. And this is critical to the events of Pearl Harbor on December 7, 1941!

## McCollum's 8-Point Plan – S1

- 1. Make an arrangement with Britain for the use of British bases in the Pacific region, especially Singapore.
- 2. Make arrangements with Holland for the use of base facilities in the Dutch East Indies.

## 8-Points of the Plan – S2

- 3. Give all possible aid to the Chinese.
- 4. Send heavy cruise ships to the Orient, Philippines and/or Singapore.
- 5. Send submarines into the Orient.

## 8-Points of the Plan – S3

- 6. Keep the main Naval Strength of the Pacific close to Hawaii.
- 7. Require that the Dutch decline to grant Japan the much needed economic concessions, especially oil.

## And Point #8

- The most important point of all:  
8. Implement a complete United States trade embargo against Japan to coincide with the same from Britain, with the objective of destroying Japan's economy.

## Leadership Knew Japan Would Eventually Attack

- Quite likely this last element of the plan is the one to hit Japan the hardest. Leadership knew that this plan would eventually cause the Japanese to engage in an overt act of war against the United States which could then be used to manipulate the minds of the American people!

## A Key Strategy

- And this is a **key strategy** of Leadership. To keep pushing the targeted people into a corner until they rebel, **and this is what Leadership is doing to the American people today!** In every-way they can, Leadership is pushing buttons, creating hatred, discord, discontent, anger, economic hardship, loss of homes, loss of jobs, sending jobs overseas, taking away their freedom... on and on the list goes.

## Say NO, to Gov. Criminality

- Leadership is trying to get the American people to openly and violently rebel. Don't play their game, don't fall for it! Remain peaceful, learn how to keep your productivity (money), learn how to beat them in court. Like First Lady Nancy Reagan said about drugs, **LEARN HOW TO SAY NO!** In this case, say NO to Government Criminality and, if possible, don't harm anyone.

## Lawful Use of Force & Violence

- In our world, whether you be an individual or a country, DEFENSE is the only lawful, only justified use of **FORCE & VIOLENCE!** For those who want to know more about the subject, read [The Law](http://bastiat.org/en/the_law.html) by Frederic Bastiat.

## December 7, 1941 – Japan Bombs Pearl Harbor

- In command of American Naval forces in the Pacific, at the time of the Pearl Harbor bombing, is Admiral H. E. Kimmel. Before the Joint Pearl Harbor Congressional Investigating Committee, Admiral Kimmel testifies:

## Kimmel Testimony

- "We needed one thing, my vital need was the information available in Washington [D. C.] of the intercepted dispatches, which told when and where Japan was poised to strike. I did not get this information." – Testimony of Admiral H. E. Kimmel, testifying before the Pearl Harbor Investigating Committee.

## Treachery of Leadership

- In short, Leadership in Washington, D.C. knew of the pending Japanese attack, when and where it would take place, and did not inform the Pacific Commander, Admiral Kimmel. They allowed the attack to take place so that the loss of 2000-plus American lives would motivate the American people to accept entering World War II. And this is exactly how treacherous Leadership was, **and IS today**. Well, that's one lie covered.

## A Side Bar: Charles Lindbergh

- Congressman Charles A. Lindbergh wrote a book titled, *YOUR COUNTRY AT WAR and What Happens to You After War*. Hot off the presses, a copy was delivered to President Roosevelt, who, after reading it, issued orders to seize every copy that could be found.

## First Amendment Flushed

- In so doing, the plates for printing the book were also destroyed, but it didn't end there. The printing plates for another book written by Lindbergh, *Banking and Currency and the Money Trust*, were also destroyed. With this criminal action, the **First Amendment** to the Constitution was just flushed down the toilet, thank you CEO of the British owned corporation, doing business as the United States, Inc., (President) Franklin Roosevelt!

## The Atomic Bomb: Next Lie

During the Administration of Harry Truman

- Americans were told, by their elected Leadership, that dropping the Atomic Bombs on Nagasaki and Hiroshima was necessary to prevent a million American casualties. This was a lie! We were never informed that Japan had been trying to surrender for some months before the dropping of two nuclear bombs.

## Killing People to Test was More Important

- [Secretary of State Edward] "Stettinius called the meeting to order to discuss an urgent matter; the Japanese were already privately suing for peace, which presented a grave crisis. The atomic bomb would not be ready for several more months. 'We have already lost Germany,' Stettinius said. 'If Japan bows out, we will not have a **live population** on which to test the bomb.'" - The Secret History of the Atomic Bomb; Mullins, June 1998

## Calloused Disregard for Life

- So, in order for Leadership to test the Atomic bomb on a *live population*, approximately 80,000 people died instantly, while another 55,000 would die from the radiation and other effects of the bomb, bringing the total death toll to 135,000 people with the dropping of one nuclear bomb. Children would account for more than half of this number.

## Japan Surrender Condition

- While the American people were told that Japan surrendered unconditionally, that was not true. The United States conceded to allow Emperor Hirohito to remain Emperor and run the Japanese Government, subject to the supreme commander of Allied Powers.

## Next Lie: Gulf of Tonkin

- There were actually two Gulf of Tonkin incidents reported, the first actually occurred. In the first instance, North Vietnam gun boats did attack an American War Ship. However, North Vietnam was under attack by the South Vietnamese Navy and the Laotian Air Force. During the attack the USS Maddox was engaged in aggressive intelligence gathering in North Vietnamese Waters when attacked by North Vietnamese Gun Boats. Therefore, the attack was justified.

## U.S. Leadership Claimed Second Attack

- But it was not this first instance on which the lie to the American people was set forth. It was the claim of a second attack by North Vietnamese gun boats, which never occurred, by the Leadership of the United States that led to the passage of the [Gulf of Tonkin Resolution](#) which escalated the Vietnam War.

## Escalation of Hostilities

- The Gulf of Tonkin resolution gave President Johnson the *legal justification* for deploying U.S. military forces to the region and the commencement of open warfare against North Vietnam, but a WAR was never declared. Vietnam, like Korea, was sometimes referred to as a Policing Action.

## 56,000 Dead Americans along with 4-million Asians

- This lie ultimately led to the escalation of the Vietnam War, resulting in the deaths of 2-million Vietnamese, 1-million Laotians, 1-million Cambodians, and 56,000 Americans. Over four million people dead because Leadership, and those who control them, wanted to become even more rich and more in control, not only of the people but also Earth's resources, by lying!

## AND FOR WHAT?

- It certainly wasn't freedom. We're more enslaved now than we were then. **Question:** do we Americans pay taxes to have our freedoms maintained and enhanced, or, do we pay taxes to have our freedoms taken away at every turn of a corner or bump in the road. The point, of course, is that human life means absolutely nothing to either *visible* or *invisible Leadership*. It's all about money and control!

## WACO, TEXAS

- On April 19, 1993, eighty Americans were murdered by Agents of the United States, acting under policies and orders of United States Leadership, at Waco, Texas. Twelve of these Americans were children, younger than five years of age. The *mainstream misleadia* never gave us any background information on the *Branch Davidians*, as they were called, and so we'll begin with a little historical information.

## A Little Historical Background

- In 1929, a Seventh-day Adventist Sabbath School teacher named Victor Houteff wrote a book which called for reformation of the church. His message was not well received or accepted by the church hierarchy and Houteff was banished from the church. Lesson: Never force church leadership to think about what they're doing, they have the same view of the 1<sup>st</sup> Amendment as does Franklin Roosevelt.

## Historical Background S2

- Houteff and his followers established a headquarters outside Waco, Texas in 1935. The point being that this religious community was not some johnny-come-lately religious cult as portrayed by the *mainstream misleadia*. In 1993, they were now quite old and established.

## Historical Background S3

- They were called "Branch Davidians" which had nothing to do with their current leader's name being David Koresh. The term "Davidian" reflected their belief in the restoration of the "Davidic Kingdom." As legitimate as any other religious belief.

## Historical Background S4

- I do not know if it was Government Leadership, or the *mainstream misleadia* who first tagged this small religious community with the identity of *CULT*, but in doing so it immediately tainted them in the eyes of mainstream America.

## He's One of **THOSE**

- The term "*cult*" always seemed to bring up thoughts of *wacko's*, *discontents*, *troublemakers*, and the like, in the minds of many. It's an old tactic and one that should be discarded by journalists. It works something like this:  
"He's one of those, and we all know what one of those is like."

## We Are Now Excused from Thinking

- Once it is asserted that *he is one of those*, then we no longer have to listen to what he's saying, or think about him in human terms. It's simple mind manipulation by someone who people probably trust, and it is intended to TURN OFF thinking and analysis of the masses.

## Mainstream Misleadia Creates "Everybody's Satan"

- "On February 27, 1993, the Waco Tribune-Herald began publishing "The Sinful Messiah", a series of articles by Mark England and Darlene McCormick, who alleged that Koresh had physically abused children in the Davidian compound and had committed statutory rape by taking multiple underage brides. >>>

## Journalism at its Best

- “Koresh was also said to advocate polygamy for himself and declared himself married to several female residents of the small community. According to the paper, Koresh declared he was entitled to at least 140 wives, that he was entitled to claim any of the females in the group as his, that he had fathered at least a dozen children, and that some of these mothers became brides as young as 12 or 13 years old.”  
– Wikipedia

## Making Murder Palatable

- Who cares that what was said by the Mainstream Misleadia may well have contributed to the Government murder of 80-plus people of the United States so long as it increases circulation and profit? The job of the Mainstream Misleadia is to provide the background information which makes any Leadership action acceptable to the American people, including murder.

## They Never Had a Chance

## More Information on Waco

- For those wanting to know more about the subject of Waco, go to this web site:
- <http://www.web-ak.com/waco/>

## OKC Federal Building

- Before Waco, there was the bombing of the Alfred P. Murrah Federal Building, in Oklahoma City. As can be seen, damage was substantial.

## The Date

- The explosion occurred on April 19, 1995, the same month and day that Government Leadership and Agents murdered the people in Waco, Texas, two years earlier. Rather than paraphrase the information from memory, let us read analysis excerpts of the source, General Benton K. Partin (Retired).

## General Partin's Background

- General Partin is a Chemical Engineer whose military career centered on the destruction of *hardened targets*. As such, he is familiar with the abilities and signatures of all types of explosives. There are several websites with General Partin's report and analysis, here is one:  
<http://whatreallyhappened.com/RANCHO/POLITICS/OK/PARTIN/okm.htm>

## First, The Claim

- "The media and the Executive branch reported that the sole source of the devastation was a single truck bomb consisting of 4,800 pounds of ammonium nitrate, transported to the location in a Ryder Truck and parked in front of the building. It is impossible that the destruction to the building could have resulted from such a bomb alone." – Partin

## By Itself, the Truck Bomb Wasn't Enough

- "To cause the damage pattern that occurred to the Murrah building, *there would have to have been demolition charges at several supporting column bases, at locations not accessible from the street*, to supplement the truck bomb damage. Indeed, a careful examination of photographs showing the collapsed column bases reveals a failure mode produced by demolition charges and not by a blast from the truck bomb." - Partin

## Summed Up

- And there you have it, *there would have been demolition charges at several supporting column bases, at locations not accessible from the street*. And since these locations are NOT accessible from the street, this suggests that the placement of these charges were **AN INSIDE JOB**. General Partin's full analysis can be found at several websites, here's a couple:  
<http://whatreallyhappened.com/RANCHO/POLITICS/OK/PARTIN/okm.htm>  
 And: <http://www.jeffhead.com/liberty/okcbomb.htm>

## Supporting Evidence

- Those old enough, and with good memories, may remember that a local University seismograph recorded two separate blasts in this event, although the mainstream misleadia made light of it. Additionally, there were witnesses who remember hearing two blasts. But the mainstream misleadia marginalized them as well.

## Weapons of Mass Destruction Lie

During the administration of George W. Bush

- "Our report found that in the two years after the terrorist attacks of September 11, 2001, **President George W. Bush and seven of his administration's top officials made at least 935 false statements about the national security threat posed by Iraq**. The carefully orchestrated campaign of untruths about Iraq's alleged threat to US national security from its WMDs or links to al Qaeda (also specious) galvanized public opinion and led the nation to war under decidedly false pretenses." – Charles Lewis

## Believe Lies, or Stop to Think?

- Despite numerous and widely publicized bipartisan, as well as international reports, definitively showing that no such weapons of mass destruction existed, over 50% of the American people still believed the lie. Do we need to stop and ask ourselves how we would like it if another country's leadership lied to them and we were attacked militarily, killing not only the men but the women and our children as well? That's what is still taking place in Iraq.

## Leadership – You ARE the Terrorists

- “Either you are with us, or you are with the terrorists!” – President George W. Bush  
Well, if I was with United States Leadership, then as now, then I am with the TERRORISTS! I believe that most thinking people can see that this phony WAR was implemented in order to steal Iraq's oil, and have a military base from which to implement other military actions in the Middle East.

## How Far is Criminal Leadership Willing to Go?

- Yes, there are probably lesser terrorists out there, but none as big or as treacherous as the Leadership of the United States. I want to choose my words and be very careful here. Given the past history of the Leadership of the United States, it is my grave concern that, given past behavior, there is no limit to which our Leadership will go in implementing an unbelievable life ending event within our borders to manipulate our minds.

## The Boogey Man Invention

- The people of the United States only behave as they do, because they have bought the illusion – fabrication, put forth by Leadership, of a Boogey Man. Leadership knows that the people will only continue to pay so long as they are fearful. When the Soviet Union was no longer a threat, Leadership needed a new Boogey Man, thus they invented The Terrorist and Terrorism.

## Never for Freedom

- The result has been a false and un-needed war on terror. And so we attack Iraq under a lie of weapons of mass destruction, when they didn't have any, using our weapons of mass destruction. "War is never fought for freedom, it is always fought for the rich!" – Marine Major General Smedley Butler

## War is only Business Opportunities

- "It is not a coincidence that the people responsible for taking America to War directly benefit financially. Politicians and their corporate sponsors have tricked ordinary Americans into thinking legitimate enemies exist and must be confronted. The truth is that there are no enemies, **ONLY BUSINESS OPPORTUNITIES.**" – Marine Major General Smedley Butler

## Ted Gunderson on Terrorism

- "Look at the terrorist acts that have occurred, the CIA behind most, if not all of them. We had the Marine barracks, our Embassy in Kenya, PanAm 103, we had the USS Cole, we had Oklahoma City, we had the World Trade Center in 1993..."  
[>>> quote continued on next slide]

## Quote Continuation

- "...the informant, Emad Salem, a 43-year-old former Egyptian Army Officer, was given the assignment to put the bomb together, and he went to his supervisor, his FBI supervisor, and said, '*we're going to put a dummy bomb in here, right?*'" And the FBI supervisor said, "*no, we're going to put a real bomb in here.*" – Ted Gunderson, former FBI Chief.

## Got it All on Tape

- Unknown to the FBI at the time, Emad Salem, the “asset” being referenced in the previous slide, was recording many of the conversations with his *FBI Handlers*, and got it all on tape. I’ve previously related that I have grave concerns that Leadership may implement an unbelievable life ending event. The following slide names a few such possibilities. This will be especially true if the American people do not fall for, or believe, their false flag terrorism.

## It’s All a Rich Man’s Trick

- As one can see, United States Leadership will go to unlimited ends, even killing its own military, its own people, in order to manipulate the minds of the American People. The lies are enormous. For more information on the subject see the documentary available on YouTube: [JFK to 911: Everything is a Rich Man’s Trick.](#)

## To Name a Few

- This life ending event I fear could include the detonation of one or MORE nuclear devices within our borders, or possibly the release of a biological agent (disease) that wipes out hundreds of thousands if not millions of United States citizens and other people – all to psychologically profile (brainwash) the minds of the American people. They’ve already been responsible for the deaths of millions!

## Waiting To See What Comes

- It will be virtually impossible to accurately predict the life ending scenario that Leadership will come up with, we will just have to wait and see what comes. Whatever comes, Leadership will have to top the attack on the World Trade Center on September 11, 2001 and cause a greater loss of life than the 2,770 plus souls who died there.

## September 11, 2001

- The attack on the World Trade Center was used to pass Patriot Acts one & two, taking away a mountain of our freedom and liberty, and further, as cause and reason to start a war with Iraq. “You never let a serious crisis go to waste. And what I mean by that it's an opportunity to do things you think you could not do before.” – Rahm Emanuel, President Barack Obama’s Chief of Staff.

## The Official Story of 9-11

- “On the morning of September 11, 2001, nineteen men, armed with box cutters, directed by a man on dialysis in a cave fortress half-way around the world, using a satellite phone and laptop computer, directed the most sophisticated penetration of the most heavily defended air space in the world, overpowering the passengers and combat trained pilots on four commercial aircraft, before flying those planes wildly off course for over an hour without being molested by a single fighter-interceptor.

## Official Story Cont. S2

- “These nineteen hijackers, devout religious fundamentalists who liked to drink alcohol, snort cocaine, and live with pink-haired strippers, managed to **KNOCK DOWN THREE BUILDINGS WITH TWO PLANES** in New York, while in Washington, a [terrorist] pilot who couldn’t handle a single engine Cessna was able to fly a 757 airliner in a descending 8000 foot 270-degree cork-screw turn to come in exactly level with the ground, [>>>]

## Official Story Cont. S3

- “...hitting the Pentagon directly in the budget analysis office where *Department of Defense* staffers were working on the mystery of the 2.3-TRILLION DOLLARS that Defense Secretary, Donald Rumsfeld, announced was missing from the Pentagon’s coffers in a press conference the day before, September 10, 2001.

## Official Story Cont. S4

- “Fortunately, the news anchors knew who did it within minutes – *Osama bin Laden*. The pundits knew within hours – *Osama bin Laden*. The Administration knew within a day – *Terrorists who committed these acts and those who harbor them*. And the evidence literally fell into the FBI’s lap – ‘*that a hijackers passport was found blocks from the World Trade Center crash site if you can believe that.*’ – CNN news man. [>>>]

## Official Story Cont. S5

- “But for some reason a bunch of *crazy conspiracy theorists* demanded an investigation into the greatest attack on American soil in history. *That investigation was delayed, underfunded, set up to fail, a conflict of interest, and a cover-up from start to finish.* It was based on testimony extracted through torture, the records of which were destroyed. [>>>]

## Official Story Cont. S6

- “It failed to mention the existence of [collapsed] World Trade Center Building-7, Able-Danger, P-Tech, Sibel Edmonds, the relationship between Osama bin Laden and the CIA, and the drills of hijacked airliners being flown into buildings that were being simulated at the precise same time those events were actually happening.

## Official Story Cont. S7

- “The Investigation Commission was lied to by the Pentagon, the CIA, the Bush Administration, and as for George Bush and Dick Cheney, well, no one knows what they told the 9/11 Investigation Commission because they gave their testimony in secret, off the record, not under oath and behind closed doors.

## Official Story Cont. S8

- “The Investigation Commission did not bother to look at who funded the attacks because that question is ultimately of ‘*little practical significance*’ [little = HUGE]. Still, the 9/11 Commission did brilliantly in answering all the questions the public had, except most of the victims’ family members’ questions, and pinned blame on all the people responsible, although no-one so much as lost their job.

## Official Story Cont. S9

- “Determining that the attacks were ‘*failure of imagination*’ because ‘*no-body in our government, at least, and I don’t think the prior government could envision flying airplanes into buildings*’ – President George W. Bush. Except the Pentagon, FEMA, NORAD, and the NRO [National Reconnaissance Office].

## Official Story Cont. S10

- “The CIA destroyed 2.5 terabytes of data on *Able-Danger*, but that’s OK because it *probably* wasn’t important. Meanwhile, the SEC [Securities Exchange Commission] destroyed their records on the investigation into the **insider trading** that took place just before the attacks, but that’s OK because destroying the records of the largest investigation in SEC history is just part of *routine record keeping*.

## Official Story Cont. S11

- “NIST [National Institute of Standards and Technology] has classified the data that they used for their model of the collapse of World Trade Center Building-7, but that’s OK because knowing how they made their model of the collapse would **‘JEOPARDIZE PUBLIC SAFETY’**.”

## Official Story Cont. S12

- “Meanwhile, the FBI has argued that all their material related to their investigation of 9/11 should be kept secret from the Public. But that’s OK because the FBI *probably has nothing to hide*. And although Osama bin Laden lived in a cave fortress in the hills of Afghanistan, he somehow got away. Then he was hiding out in Tora Bora, but somehow got away.

## Official Story Cont. S13

- Then he lived in Abbottabad for years, taunting the most comprehensive intelligence dragnet, employing the most sophisticated technology in the history of the world, for a decade, releasing video after video with complete impunity, while getting younger and younger as he did so, before being found in a daring *seal team raid* which was not recorded on video.

## Official Story Cont. S14

- [A raid] In which he did not resist, nor use his wife as a human shield, and in which these *crack special forces operatives* panicked and killed this un-armed man, supposedly the best source of intelligence about those dastardly terrorists on the entire planet. Then they dumped his body in the ocean before telling anyone about it. This followed by a couple dozen of the *seal team’s members* [later] dying in a helicopter crash in Afghanistan.

## Official Story Cont. S15

- “This is the Official Story of 9/11, brought to you by the people who have lied to you at every step of the way, for years. If you have any questions about this story, you are a bat-shit, paranoid, tin-foil head, dog-abusing, baby-hater, and will be reviled by everyone! If you love your country and/or freedom, happiness, rainbows, rock-n-roll, puppy dogs, apple pie, and your grand-ma, you will never ever express doubts about any part of this story to anyone, ever!” – The Corbett Report

## Do We Believe That?

- And that, ladies and gentlemen, is the **OFFICIAL** non-sense that we Americans are supposed to believe. Would you want to send your sons, brothers, fathers, husbands to fight another “Bankers War”? NO? Well, right now that’s what’s coming. The psychopathic Leadership we’ve elected is working their hardest at behest of the Banking Elite to start World War III.

## REALLY?

- What this fellow has to say is, in my opinion, very profound. If a majority of Americans still trust Leadership at this juncture in our history, I fear there is no hope for our future.

## Bringing On War

- "Naturally the common people don't want war: Neither in Russia, nor in England, nor for that matter in Germany. That is understood. But, after all, it is **the LEADERS** of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. [>>>]

## Continuation of Quote

- “That is easy. **All you have to do is TELL THEM THEY ARE BEING ATTACKED, and denounce the peacemakers for lack of patriotism and exposing the country to danger.** It works the same in any country.”  
– Hermann Goering; Adolf Hitler's second in command, speaking during the Nuremberg Trials of Nazi war criminals at the end of World War II.

## As Matters Stand

- As matters now stand, the economy of the United States is circling the bowl and will soon be flushed, as for most western Governments. People are now seeing Leadership for the criminals they are. What Leadership now needs is another World War to distract the people from the Criminality On High. And they are working feverishly to provoke one.

## An Observation

- While the focus of this presentation has been the United States, and Leadership thereof, it is likely that the same criminality is present in many if not all western governments, especially England, and any government influenced by the Vatican. While it is sad that J. Edgar Hoover was compromised by his homosexuality, what he says in the next slide is applicable today.

## J. Edgar Hoover

- "The individual is handicapped by coming face-to-face with a conspiracy so monstrous he cannot believe it exists. The American mind simply has not come to a realization of the evil which has been introduced into our midst. It rejects even the assumption that human creatures could espouse a philosophy which must ultimately destroy all that is good and decent." - J. Edgar Hoover, former Director of the FBI from 1924 to 1972

## Conclusion of Part 6

- And this is where we will end Part 6. In Part 7 we will briefly recap what we have learned thus far in a simple list.

# Government 102

## An Advanced Examination of United States Government Part 7

by michael-herbert: keehn  
mhkeehn@gmail.com

## Educational Series

- This series of *Educational Presentations* probably needs to be viewed in order so that previous concepts, explained at the time of introduction, may be referenced in future presentations without further explanation. The full series is identified in *Parts* with a numeric identifier.

## Disclaimer

- Because almost everyone in the United States has been converted into a “legal fiction”, who cannot receive legal advice from anyone other than an attorney, nothing in this document is to be considered legal advice. However, everything is true and correct to the best of my knowledge and there is no effort to deceive.

## Introduction

- In short, this presentation examines the criminal behavior of Government Leadership in the United States. Without previous exposure it is an undertaking that may knock the beginner off balance. It is an undertaking for those who care about their loved ones, their fellow man and their country. It will be difficult, because, as Michael Rivero puts it...

>>>

## Michael Rivero

- "Most people prefer to believe that their leaders are just and fair, even in the face of evidence to the contrary, because once a citizen acknowledges that the government under which he lives is lying and corrupt, the citizen has to choose what he or she will do about it. >>>

## >>> Michael Rivero

- "To take action in the face of corrupt government entails risks of harm to life and loved ones. To choose to do nothing is to surrender one's self-image of standing for principles. Most people do not have the courage to face that choice. Hence, most propaganda is not designed to fool the critical thinker but only to give moral cowards an excuse not to think at all."

## The Pride of Leadership

- I've prepared this series of Presentations because I feel certain that Government Leadership must feel very proud of its actions regarding these united States of America and the people thereof. And since I am certain they are proud, I feel that all Americans should look at the actions of Leadership and stand in judgment of those actions, policies and decisions.

## We Learned S1

- Early on we learned that the Mainstream Media is part and parcel to deceiving the American people. Thus, I have given them the name Mainstream Misleadia.
- Also failing to keep the American people truthfully informed is Public Schools, Leadership, and all corporate religions.

## We Learned S2

- We learned that all major religions are 501(c)(3) tax exempt corporations who have chosen to subject themselves to “man’s law”, which results in abandonment of “God’s Law”. Can we visualize Walmart representing God?
- We learned that a new “public sector plantation” has been created, populated with economically obligated Slaves.

## We Learned S3

- We learned that with the passage of the Emergency Banking Relief Act under War and Emergency Powers in 1933, the Union States became occupied by the United States as evident by the U.S. Flag being moved to fly above the State Flags on the same pole.
- Also learned that we cannot predict how criminal Leadership will be.

## We Learned S4

- We learned that whenever we speak of “Government”, we are actually speaking of “Leadership” since all Government policy and actions are their responsibility.
- We learned that the source of government criminality is, of course, Leadership.
- We learned that a country in Debt cannot be sovereign (in control of its own affairs).

## We Learned S5

- We learned that three City-States are responsible for the criminality of Government, they are: 1) The Vatican; 2) The City of London (also known as the Inner City of London – Not to be confused with London); 3) Washington, District of Columbia. All three are corporations.

## We Learned S6

- We learned that the City of London is the center of western finance policy and control. That the Vatican claims itself to be the Trustee of the Global Estate Trust (their own creation) and in their view, places them above all other Law and City States, making the Vatican responsible for oversight of the criminality of United States and other Governments.

## We Learned S7

- And we learned that Washington, District of Columbia provides the military (necessary force and violence) needed to compel other countries to the will of the three City-States.
- We've learned that the Vatican has, for a very long time, allowed the Banking Elite, the creditor of the U.S., to direct and control U.S. Leadership.

## We Learned S8

- We learned that when the Banking Elite finance both sides in a conflict (war), their goal isn't to control the conflict, it is to control the Debt that the conflict produces. By controlling the Debt, they control everything. And this is the very essence of the Banking Industry, to make us all, whether we be individuals or countries, **SLAVES TO DEBT!**

## We Learned S9

- We've learned that we Americans are a Surety, that is a person responsible for the Debt's of someone else, in this case, the United States, Inc. As such, our productivity, for our entire lives, is subject to confiscation through taxes to pay on an ever increasing debt, a debt that will, and is, destroying our economy. And the children we purport to love, face the same.

## We Learned S10

- We learned that in 1822, the Catholic Church entered into a treaty (the Treaty of Verona) with the King of England, in which it was declared that “self government” as practiced in the United States for example, is incompatible with both the Monarchical Rule of the King and with Papal Authority (the Authority of the Pope over the Globe). And further, that the High Contracting Authorities would act to prevent “self governance” from survival wherever it may surface.

## We Learned S11

- We learned that the United States was in Debt at its birth, and remained in Debt except for a brief period of time beginning in the Administration of Andrew Jackson, and ending at the Civil War.
- We learned that England’s Bankers were instrumental in engineering the Civil War.
- We’ve learned that the Federal Reserve Bank is privately owned, that there is nothing “Federal” about it.

## We Learned S12

- We learned that Unidroit is the International Institute for the Unification of Private Law, the owner of the Uniform Commercial code, and a subsidiary of the Catholic Church.
- We’ve learned that there are at least three “United States” defined in law, and that the location of “The United States” (corporate) is Washington, District of Columbia.

## We Learned S13

- We learned that the Constitution mandates that a “republican form of Government” be maintained in all States of the Union. And we learned that we will not find a definition for “republican form of government” in any school text books.
- We learned from Bouvier’s Law Dictionary that the source of United States authority is as follows in the next three slides.

## Source of U.S. Authority S1

- "It has been justly thought a matter of importance to determine from what source the United States derives its authority... The question here proposed is whether our bond of union is a compact entered into by the states, or whether the Constitution is an organic law established by the People. To this we answer: 'We the People... ordain and establish this Constitution'... [>>>]

## Source of U.S. Authority S2

- "The government of the state had only delegated power (from the People) and even if they had an inclination, they had no authority to transfer the authority of the **Sovereign People**. The people in their capacity as Sovereigns made and adopted the Constitution; and it binds the state governments without the state's consent.

## Source of U.S. Authority S3

- "The United States, as a whole, therefore, emanates from the People and not from the states, and the Constitution and the laws of the states, whether made before or since the adoption of that Constitution of the United States, are subordinate to the United States Constitution and the laws made in pursuance of it." – Bouvier's 14th Edition Law Dictionary (citing 4 Wheat 402)

## We Learned S14

- We learned that, in the **republic**, we cannot confer a power or authority we DO NOT possess, because we are equal in the eyes of the law. Meaning we all have equal powers and authorities. If I do not have the authority to go into your wallet, take out money and give it to whomever I feel is needy, then I cannot confer that power upon government or Leadership. And that is why Leadership needs a contract which they acquire fraudulently via deception of the people!

## We Learned S15

- We've learned that visible Leadership is the people we elect and that invisible Leadership is the Banking Elite to whom the National Debt is owed.
- We've learned that Visible Leadership does only what the Invisible Leadership wants done or they may be assassinated, Congressman Louis T. McFadden and President John Kennedy for example.

## We Learned S16

- The first loan of money America received was from the English Bankers, by and through the English Government. And that the collateral for this loan was all the property held by the Federal Government. And when Congress failed to renew the Charter for the First National Bank of America, where the titles to the collateral property were kept, England attacked the U.S. Thus, the War of 1812.

## We Learned S17

- From this we learned the power and authority held by the Banking Elite, which controlled English Leadership and required the 1812 military attack on the U.S. Thus, the military of a country in Debt is truly the military of the Banking Elite to whom the National Debt is owed. It is not the military of the United States or any country in Debt!

## We Learned S18

- We learned there was a 13<sup>th</sup>-Amendment, properly ratified, that was not implemented by Leadership. This amendment prevented Titles of Nobility from holding public office. Thus, this Amendment would have prevented Attorneys from holding public office. It was replaced with the 13<sup>th</sup>-Amendment which freed the Slaves.

## We Learned S19

- That the 14<sup>th</sup>-Amendment created a new class of lowercase “c” citizen that is not equivalent or equal to uppercase “C” Citizen in the organic Constitution. We learned the 14<sup>th</sup>-Amendment citizen is subject to the un-constitutional law of the District of Columbia. And that White people did not have this citizen status until joining Social Security in the 1930’s.

## We Learned S20

- We learned that the 14<sup>th</sup>-Amendment was not properly ratified.
- We learned that the Constitution did not create a country, it formed a Union, a Union of several independent Nation States. Actually, the Constitution is a contract creating a Government Services Entity, the Federal Government with some very narrowly defined responsibilities to the people.

## We Learned S21

- That when dealing with criminal Leadership a State cannot quit a Union it voluntarily joined, lest it be attacked by the Federal “staff” (the United States).
- We learned that Washington, D.C. is not part of the Union, it is not inclusive, it is exclusive, a foreign jurisdiction to the republic of these united States of America.

## We Learned S22

- That Lincoln declared Martial Law and forced Northern Congressional Delegates back into session. Therefore, congress was not setting as a Constitutionally empowered legislative body. Congress was essentially a hostage of President Lincoln and his will. Lincoln was assassinated before ending Martial Law and no President since has ended it, thus the situation persists to this day. Congress is still not Constitutionally seated.

## We Learned S23

- In 1871, the loan from the Civil War period was due and payable, but U.S. Leadership failed to pay, thus, there was a default on the loan. This resulted in England taking title to the collateral, all the property held by the Federal Government. This included Washington, District of Columbia. England then incorporated Washington, D.C., thus was born the corporate United States! The media never informed Americans.

## We Learned S24

- We have eventually come to realize that “The United States” is a British owned corporation. Congress is now setting as the Board of Directors of this corporation, and the individual we think of as President of the United States, is actually the Chief Executive Officer (CEO) of this corporation that we now know as “The United States, Inc.”

## We Learned S25

- The Debt didn't go-away, however, it defaulted to the Union states and was due and payable in 1909. Once again Leadership defaulted, failing to pay. A 20-year time extension was requested and granted with stipulations. One stipulation brought into existence the Federal Reserve Bank in 1913.

## A Thought

- It appears to me that a good case could be made due to the fact that Congress was not and is not Constitutionally seated, and as such, does not represent the living people of these united States of America. Since 1871, Congress, as Board of Directors of the United States, Inc., has represented the interests of the creditor of the U.S., the Banking Elite, and not the people! How could they responsibly pay a bill when they are controlled?

## We Learned S26

- We learned that for 20-years, America had a party that continued on through the *roaring twenty's*.
- We learned that Government passed the 18<sup>th</sup>-Amendment, prohibiting the manufacture and sale of alcoholic beverages. By virtue of banning something the people want, Leadership learned how to create "organized crime." The same is now the case with drugs. Leadership creates the problem and then bills themselves as the only solution to protecting the people from the Boogey Man.

## We Learned S27

- Twenty years after 1909 the Debt was again due and payable, the Congressional Board of Directors of the British owned corporation, doing business as The United States, Inc., again failed to pay the bill. Enter the stock market crash of October 29, 1929.
- We learned that the Federal Reserve Bank Board of New York informed President Hoover that a BANKING EMERGENCY now exists.

## We Learned S28

- We learned that the Banking Emergency was the result of people withdrawing some of their deposited gold to make ends meet in the *economic depression* engineered by the Banking Elite, and that the banks did not have sufficient gold reserves to meet the demands of depositors. Where did the gold go? No one seems to know.

## We Learned S29

- The Gold was never returned to the people who deposited it. In effect, the Federal Reserve Banks were a thief created by Congress, functioning as the Board of Directors of a British owned corporation doing business as the United States, Inc., and acting in the interest of the Banking Elite and not the people of the United States.

## We Learned S30

- President Franklin Roosevelt asked the Board of Directors of the British owned corporation (Congress), for “broad executive power to wage a war against the [Banking] Emergency [like waging a war against terrorism or drugs]. As great as the power that would be given to me if we were in fact invaded by a foreign foe.” And Congress granted him WAR & EMERGENCY POWERS!

## We Learned S31

- That 5-days into the Roosevelt Administration (March 9, 1933), the Banking Relief Act was passed, which contained the language of the Trading with the Enemy Act of October 6, 1917.
- That the Trading with the Enemy Act excluded domestic transactions and U.S. citizens from the operation of the law.

## We Learned S32

- But then we learned that the Banking Relief Act amended the exclusionary language just mentioned, to read: “by all persons living within the United States or Subject to the jurisdiction thereof.” Since U.S. citizens live within the United States and/or are subject to the jurisdiction thereof, they just became an identified enemy of the United States, having had the language of an Act of War applied against them!

## We Learned S33

- That this change of status was NOT reported by the mainstream misleadia, and so we remained ignorant of our change of status for a very long period of time.
- We learned that the language of the Trading with the Enemy Act gave Leadership total authoritarian control over the commercial activities of an identified enemy, which now included U.S. citizens. And with that, they lost a mountain of freedom.

## We Learned S34

- We learned that from 1933 on, it has only been necessary for Leadership to convert all of our normal and regular activities into a commercial activity **in order to regulate us in everything we do**. Since all activities became commercial, the law of the republic (the common law) was set aside to be replaced by the Uniform Commercial Code, a private copyrighted law owned by the Catholic Church via Unidroit.

## We Learned S35

- We learned that **U.S. citizens** became the surety, that is the people responsible for paying the debts of the British owned corporation doing business as “The United States, Inc.” As such, our productivity for our entire life, and that of our children, are subject to taking at the will of the Congressional Board of Directors of said British owned corporation, “The United States, Inc.” A monumental criminal Fraud committed via deception.

## We Learned S36

- We learned that Leadership **always** creates the Emergency, then bills itself as the only solution.
- We learned that the red/white/blue flag of the U.S. began flying above State flags on the same pole as evidence of U.S. occupation under WAR & EMERGENCY POWERS. Before the Banking Relief Act, they flew on separate poles at the same height.

## We Learned S37

- We learned that Washington, District of Columbia, is not inside the republic, it is outside, it is a foreign jurisdiction where, according to Constitutional Language, Congress has “exclusive legislative authority”, meaning they can pass any unconstitutional law they wish for this jurisdiction.

## We Learned S38

- We learned that proposed Congressional legislation has identifiers, for the House it might be HR1234, and for the Senate, it might be SR5678. The “R” in the identifier stands for “Resolution”, which is a corporation RULE, not law of the republic. Therefore, Congress has not passed any LAW for living Americans since before the martial law of Lincoln in 1862. It’s all one big criminal fraud, via deception!

## We Learned S39

- We learned that legislated LAW of the republic has only an “H” for the House of Representatives, and only an “S” for the Senate.
- We learned that our U.S. (District of Columbia) citizen status came with joining Social Security, but this contract lacks full disclosure, making it void ab-initio (from the beginning). As one would expect when committing criminal FRAUD via DECEPTION!

## We Learned S40

- There are six elements to a valid contract or the contract is void ab initio (from the beginning). They are: 1) Offer by a person qualified to make the contract. 2) Acceptance by party qualified to make and accept the contract. 3) Bargain or agreement and full disclosure and complete understanding by both parties.  
[>>>]

## We Learned S41

- 4) Consideration given. 5) Must have the element of time to make the contract lawful. 6) Both parties must be sui juris; that is, of lawful age, usually 21 years old. – *Law of Contracts* by John Calamari and Joseph Perillo. Lacking full disclosure, almost every contract Government claims is not valid.

## We Learned S42

- In 1940 the Buck Act was passed, paving the way for States to become incorporated under the laws of the United States, Inc. (*the District*). From that we get the STATE OF MAINE, STATE OF SOUTH CAROLINA, STATE OF VIRGINIA, STATE OF YOUNAMEIT, corporate State franchises, all deriving their existence in the laws of the corporate United States and subject to its un-constitutional regulatory dictates. All with Corporate Rules, not law.

## We Learned S43

- After the States incorporated, it became possible for the Counties to incorporate under the corporate State. Thus we get the COUNTY OF ORANGE, COUNTY OF BUTTE, COUNTY OF NEW YORK, COUNTY OF YOUNAMEIT, all corporations with Corporate Rules, not law.

## We Learned S44

- And on the heels of that, the cities began to incorporate. Thus we have the CITY OF LOS ANGELES, CITY OF DETROIT, CITY OF YUBA CITY, CITY OF RENO, CITY OF LAS VEGAS, CITY OF YOUNAMEIT, all corporations, with Corporate Rules, not Law.

## We Learned S45

- All Corporation Rules that Leadership and their minions like to call law, but is not law, are applicable only through contract. The 1943 Supreme Court Decision (318 U.S. 363) ruled that when Government does business with its citizens, it loses its sovereignty status, becoming no different than a private corporation, taking on the character of a mere private person.

## We Learned S46

- Translated into English, what this means is that when Government deals in “private commercial paper” (Federal Reserve Notes) in doing business with its citizens, it acquires the same burden as a private corporation. Meaning that Government must be the holder in due course of a contract or commercial agreement with the individual upon whom demands are made!

## We Learned the Separation of Powers was Destroyed with this Language - S47

- “Section 1. The actions, regulations, rules, licenses, orders and proclamations heretofore or hereafter taken, promulgated, made, or issued by the President of the United States or the Secretary of the Treasury since March 4, 1933 pursuant to the authority conferred by subdivision (b) of section 5 of the Act of October 6, 1917, as amended, are hereby approved and confirmed.” - Banking Relief Act of March 9, 1933

## We Learned S48

- Prior approval to any Proclamation or Executive Order of the President makes the President a dictator. But the same power is given the Secretary of Treasury, which, in this case, does not refer to the U.S. Secretary of Treasury, it refers to the Secretary of Treasury of Puerto Rico, who is the “receiver” of the bankrupt United States, Inc.

## We Learned S49

- That the currency (Federal Reserve Notes) are issued upon the deposit of a) Public Debt, or b) Private Debt. Therefore, it is a debt currency and you cannot pay a debt with a debt. HJR192 (House Joint Resolution) makes this point. You can only discharge a debt, you cannot pay a debt, and if you cannot pay a debt, you cannot own anything!

## We Learned S50

- "Under the new law the money is issued to the banks in return for Government obligations, bills of exchange, drafts, notes, trade acceptances, and banker's acceptances. The money will be worth 100 cents on the dollar, because it is backed by the credit of the Nation. **It will represent a mortgage on all the homes and other property of all the people in the Nation.**" - Congressional record, March 9, 1933, House, Congressman Patman, 73rd Congress, Special Session, Volume 77, part 1, page 83.

## We Learned S51

- AND: "**The ultimate ownership of all property is in the state**, individual so-called ownership is only by virtue of Government, i.e. law, amounting to mere user. And use must be in accordance with law and subordinate to the necessities of the State." – Senate Document 43, under Contracts Payable in Gold. The term "State" refers to Washington, D.C.

## We Learned S52

- That if we check Dun & Bradstreet, an online service listing publically traded for profit entities, we will find that **every Office, Agency, Bureau and Department of the U.S. Government is publically traded for profit**. Federal, State, County, City!
- This, in turn, creates an irreconcilable conflict of interest between the fiduciary obligation and an obligation to an investor.

## We Learned S53

- Once we comprehend the conflict of interest and the vast sums of money we are talking about, it comes as no surprise that Government Leadership will go into Criminal Overdrive to protect this scam, stealing the American people's productivity is how Government Leadership continues to operate in bankruptcy while mismanaging all financial resources.

## We Learned S54

- Being obligated to an investor prevents the whole of Government from being UN-BIASED. Every decision they make must put the investor first! Therefore, Government Agents at all levels will make decisions as necessary to protect the interests of the investor.

## We Learned S55

- In 1863, Lincoln was forced to bankrupt the original *Trust Management Company* doing business as The United States. This was followed by years of bankruptcy reorganization, historically known as “reconstruction”. The upshot of this was a new *Trust Management Organization* which was to be known as the United States of America, Inc. Undoubtedly these names are chosen to confuse, deceive, and defraud the people of the United States.

## We Learned S56

- This new Trust Management entity was incorporated by the **Catholic Church**, doing business as the United States of America, Inc. This is not to be confused with “The United States, Inc.”, the British owned corporation of 1871. This TRUST operated under the support and oversight of the **Catholic Church** from the end of Reconstruction (~1877) to 1914 when this TRUST was purchased by a consortium of banks, doing business as the **Federal Reserve**.

## We Learned S57

- When the Bankers took control of the United States of America, Inc. trust, they began devaluation of the dollar. As a result, the dollar lost purchasing power through devaluation. Today, the one-dollar Federal Reserve Note has 2.719 cents the purchasing power it did in 1962. Thus a job that paid \$ 2.25 an hour in 1962 would pay \$82.74 an hour today (2016) and have the same purchasing power if that wage had kept pace with the engineered devaluation of the dollar.

## We Learned S58

- "Money. In the usual and ordinary acceptation it means coins and paper currency used as circulating medium of exchange, and does not embrace notes, bonds, evidences of debt, or other personal or real estate." - Blacks Law Dictionary, Sixth Edition<sup>1</sup>.
  - 1 Note: This definition cannot be found in Black's Seventh or Eighth edition dictionary.

## We Learned S59

- In the definition of "Money" we see that "Notes" as in "Federal Reserve Notes" are not money! Each year, Leadership borrows, from the Banking Elite (Federal Reserve Bank), the money needed to run the Government for another year, and this includes the money needed to pay the interest on the existing debt. Thus, the American people, who are responsible for the payment of the debt, have been converted into economic slaves!

## We Learned S60

- As the United States of America, Inc. [the National Trust] was being prepared for bankruptcy by President Franklin Roosevelt, agents throughout Congress and the individual states of the Union rushed through a process of "registering franchises". The *franchises* were the STATE OF YOUNAMEIT. Also created were *foreign situs trusts*, named after every living American. This "trust" is seen in spelling your name in all capital letters.

## Two Days Into the Roosevelt Administration, We Learned S61

- At the March 6, 1933, Conference of Governors meeting, the Governors — merely corporate officers of franchises of the bankrupt United States of America, Inc. — pledged the "good faith and credit" of "their States and the citizenry thereof" to stand as *sureties* for the debts of the United States of America, Inc. during its bankruptcy reorganization, which is still going on.

## We Learned S62

- Because we have been identified as an Enemy of the United States, which resulted in total authoritarian control of our commercial activities, we cannot even work to feed and house our families without Government permission.
- Knowing our Visible Leadership is controlled by the Creditor of the United States, the Banking Elite, their vote on Legislation is also controlled.

## We Learned S63

- Because Congress is sitting as the Board of Directors of a British owned corporation doing business as “The United States, Inc.”, they are only able to legislate Corporation Rules, NOT LAW. And corporation rules, which is virtually all there is today, is applicable only through contract. (Read about the Clearfield decision of the U.S. Supreme Court – 318 U.S. 363)

## We Learned S64

- We learned that Social Security is voluntary, otherwise it would be illegal. And we learned that Social Security is the source of our conversion into a Trust and Transmitting Utility (a Legal Fiction).
- We’ve learned that the word “person” is a corporation, and we do not want to go into court allowing ourselves to be referred to as a “person.”

## We Learned S65

- We learned that Legal Fictions, like corporations and Trust and Transmitting Utilities, are a “person”, more specifically, a “dead person”. And there is nothing that a living man or woman of the land who bleeds, can do to harm a dead person! Bleeding is evidence of life, of living.

## We Learned S66

- Do Police know the criminality presented in this series? Maybe not, probably not. They too often use their misconceptions as an excuse when unjustifiably killing an American, using their canned excuse – “I feared for my life”, WHILE ENFORCING UNCONSTITUTIONAL CORPORATION RULES! -- Applicable only through contract!

## We Learned S67

- That **contracts must have full disclosure or they are void from the beginning**. Further, we learned that virtually all contracts with Government lack full disclosure. For example, when you join Social Security you are not informed that you will be subjecting yourself to the corporation rules of the District of Columbia, a jurisdiction, foreign to the republic of these united States of America.

## We Learned S68

- We learned that the law of the republic is the Common Law. And the Common Law requires an injured party in order to initiate an action in court. To have STANDING to bring an action in court, the plaintiff must allege the violation of a legal right, leading to injury, fairly traceable to the defendant, and likely to be redressed by a favorable ruling of the court.

## We Learned S69

- That virtually every action by corporate Government lacks standing. That's why they bring you into a bankruptcy court (which is all courts), and apply unconstitutional corporation rules against you, using private copyrighted law, the Uniform Commercial Code, property of the Catholic Church via their corporate subsidiary, Unidroit.

## We Learned S70

- We learned that all courts displaying a red-white-blue flag with a gold fringe are bankruptcy courts of the British owned corporation doing business as “The United States, Inc.” Remember, it is your productivity that is supporting this British owned corporation in bankruptcy.

## We Learned S71

- We’ve learned that there is a United States that includes, Guam, Wake, Virgin Islands, Puerto Rico, and other insular States, but no Union States. This “United States” is sometimes referred to as “The United States – minor”.
- The “United States citizen” was created in the 14<sup>th</sup>-Amendment in 1868, and is a second class of citizenship.

## We Learned S72

- As Congress was secretively using the labor and the private property assets of these newly created 14<sup>th</sup>-Amendment “citizens” as collateral backing the corporate debts of “The United States of America, Inc.” there was good reason to keep this criminal fraud a secret from the people. In effect, Leadership changed private slave ownership to public slave ownership at the end of the Civil War.

## We Learned S73

- We’ve learned to recognize criminal fraud when we see a defendant who has not harmed anyone, yet is in court. Where is the evidence that corporation rules apply?
- “War Is A Racket” – On this subject we heard the testimony of Marine – Major General Smedly Butler [>>>]

## We Learned S74

- “I spent 33 years and four months in active military service and during that period *I spent most of my time as a high class muscle man for Big Business, for Wall Street and the bankers. In short, I was a racketeer, a gangster for capitalism. I helped make Mexico and especially Tampico safe for American oil interests in 1914. [>>>]*

## We Learned S75

- “I helped make Haiti and Cuba a decent place for the National City Bank boys to collect revenues in. I helped in the raping of half a dozen Central America Republics for the benefit of Wall Street. I helped purify Nicaragua for the International Banking House of Brown Brothers in 1902–1912. [>>>]

## We Learned S76

- “I brought light to the Dominican Republic for the American sugar interests in 1916. I helped make Honduras right for the American fruit companies in 1903. In China in 1927 I helped see to it that Standard Oil went on its way unmolested. Looking back on it, I might have given Al Capone a few hints. [>>>]

## We Learned S77

- “The best he [Gangster Al Capone] could do was to operate his racket in three districts. I operated on three continents.” – War is a Racket by Marine Major General Smedley Butler. As one can easily see, our military has been used by the Banking Elite to help the rich, get richer for a very long time. The point is that it’s not our military, it’s the military of the Banking Elite!

## We Learned S78

- We examined the lies of Leadership, listed here in brevity.
- The attack on Pearl Harbor was engineered by Leadership, and known about in Washington, D.C. prior to execution because Washington code breakers had broken Japan's military code which revealed the pending attack. Leadership intentionally failed to notify Pacific Command and let the attack be a surprise. In this, over 2,000 American lives were lost.

## We Learned S79

- From Japan's attack on Pearl Harbor, we learned an important lesson, that it is a tactic of Leadership to push a group of people into an act of violence, so that Leadership has legal justification to take the violent action it decides is appropriate, and that is what Leadership is doing to the American people at this date in history.

## We Learned S80

- We learned that Congressman Lindbergh wrote a book titled, YOUR COUNTRY AT WAR and What Happens to You After War. That President Roosevelt read the book as soon as it was available, and ordered all available copies confiscated. In carrying out that order, the printing plates were destroyed for two of Lindbergh's books, flushing the 1<sup>st</sup>-Amendment down the sewer.

## We Learned S81

- The next Leadership lie we examined was the dropping of Nuclear Bombs on Japan. Americans were told, by their elected Leadership, that dropping the nuclear bombs on Nagasaki and Hiroshima was necessary to prevent a million American casualties. Setting in attendance of a White House Meeting we hear: [>>>]

## We Learned S82

- [Secretary of State Edward] "Stettinius called the meeting to order to discuss an urgent matter; **the Japanese were already privately suing for peace**, which presented a grave crisis. The atomic bomb would not be ready for several more months. 'We have already lost Germany,' Stettinius said. 'If Japan bows out, **we will not have a live population on which to test the bomb**.'" - The Secret History of the Atomic Bomb; Mullins, June 1998

## We Learned S83

- From this we learned a lot about Leadership, that **its O-K to kill a hundred-thousand plus men-women-children (mostly children), in order to run a test**. And from this we can see the value that human life has in the eyes of Leadership, and it's been this way through Administration after Administration with very few exceptions! We can also see that Leadership's claim, "**it's for the children**" is a bunch of empty non-sense. They don't care about anyone, least of all children.

## We Learned S84

- Next, we came to the Gulf of Tonkin lie. Leadership told us that North Vietnam had attacked an innocent American Naval Vessel in neutral waters. There were two reported attacks, the first actually occurred when North Vietnam was under attack by the South Vietnamese Navy and Laotian Air Force. The second attack never occurred.

## We Learned S85

- In the first attack, the U.S.S. Maddox was in North Vietnam waters, engaged in aggressive intelligence gathering. So the attack by North Vietnam was justified. However, it was the claim of a second attack, which did not occur, on which the Gulf of Tonkin Resolution was passed, escalating the Vietnam war. Dead are two-million Vietnamese, One-Million Laotians, One-Million Cambodians, and 56,000 Americans.

## We Learned S86

- AND FOR WHAT? It certainly wasn't freedom. We're more enslaved now than we were then. Question, do we Americans pay taxes to have our freedoms maintained and enhanced, or, do we pay taxes to have our freedoms taken away at every turn of a corner or bump in the road. The point, of course, is that human life means absolutely nothing to either *visible* or *invisible Leadership*. It's all about money and control!

## We Learned S87

- The next Leadership Lie we examined was the events at Waco, Texas. A small religious community, that had been surviving there since 1935 was attacked by the Bureau of Alcohol, Tobacco, & Firearms. Four Government agents were killed, three with accurately placed head shots, and one shot in the heart. Suspiciously expert shooting.

## We Learned S88

- On April 19, 1993, elements of the British owned corporation, doing business as the "United States, Inc.", used military weapons (a tank), and chemicals, and incendiary devices, and snipers, and explosives, to end the lives of 80-plus Americans who, until attacked, had never harmed anyone, and probably not even after attacked. Around 20 of the dead were children.

## We Learned S89

- Before Waco, there was the bombing of the Alfred P. Murrah Federal Building, in Oklahoma City. From the analysis of General Benton K. Partin (retired) a chemical engineer, working in explosive development during his military career, we read:

## We Learned S90

- "The media and the Executive branch reported that the sole source of the devastation was a single truck bomb consisting of 4,800 pounds of ammonium nitrate, transported to the location in a Ryder Truck and parked in front of the building. It is impossible that the destruction to the building could have resulted from such a bomb alone." – Partin

## We Learned S91

- And as we read the analysis of General Partin (available on-line), we come to agree with him. And when we reach that point of agreement, we realize that there was an inside placement of explosives that required privileged access. Meaning there were accesses granted that could only have come from Leadership at some level.

## We Learned S92

- We then covered the weapons of mass destruction lie by the George W. Bush administration officials. This lie was used to attack Iraq and depose its leader, Saddam Hussein. What is generally not known is that the United States placed him in power. Regardless, the assertion of Weapons of Mass Destruction was a LIE. And we're still there killing people!

## We Learned S93

- "Either you are with us, or you are with the terrorists!" – President George W. Bush  
Well, if we continue to walk lock-step with United States Leadership, then we are with the terrorists! TERRORISM is easy to avoid, STOP PARTICIPATING IN IT!

## We Learned S94

- And finally, we come to the events of September 11, 2001, in which America was attacked, by somebody, and the Twin Towers of the World Trade Center were destroyed, along with Building 7, a 47 story Skyscraper with no structural damage. And the explosion at the Pentagon, and the alleged crash of an airliner at Shanksville, Pennsylvania.

## We Learned S95

- In short, the official story of 9-11 is not believable. But there is more, much more, and it would take volumes to cover it. In short, there is more than sufficient evidence to suggest that **this too was a Leadership Engineered Event**, used to pass Patriot Acts 1 & 2, taking away a mountain of freedom and liberty from the American people, and to make them fearful and afraid.

## We Learned S96

- That the spelling of our name will determine our status. Whether we are living men and women of the land with all our inherent rights, or some form of "Legal Fiction" (a dead person). What we didn't cover is that we should not SIGN any document, we "autograph", spelling our name in all lowercase printed letters, with a dash and colon. john-quincy: adams

## Do Not Sign... Autograph

- We do this because we do not own the Sur-name, or family name, "adams" in the previous example. We own our Christian name, john-quincy in the previous example, joined together by a dash.

## We Learned S97

- That in order to operate in Bankruptcy and secure the debt owed by the United States of America, Inc. (the British owned corporation), **maritime salvage liens have been placed against every parcel of land, business, man, woman and child in America.**

## We Learned S98

- That Leadership/Bankers had us all declared legally dead, probated our estate and issued bonds, which were sold on a Securities and Exchange, based on the value of our labor and private property.
- That Leadership/Bankers have taken out million-dollar life insurance policies on all of us!

## We Learned S99

- That at the same time, Leadership converted all our private bank accounts to the ownership of the ESTATE trust they created “in our name” and moved the ESTATE offshore to Puerto Rico where you and your assets supposedly came under the foreign maritime jurisdiction of the United States of America (Minor).

## We Learned 100

- We learned that the Leadership of a country in debt cannot and does not represent the people, nor the will of the people.

## Speculation

- Now I leave behind our review of what we have learned, and speculate on what I see coming. Maybe I'm wrong, I hope I am. Much of this speculation will depend on the American people and how proactive they become. If they become sufficiently proactive, much of what I see coming can be avoided.

## Speculation 02

- Clearly, the economy is not recovering, it will fail, as engineered by the Banking Elite. Thus the need for a WAR. A war is a standard practice tactic of Leadership to distract the population, but the American people are beginning to get wise to the, as of late, false flag (Leadership Engineered) events. As such, I believe that Leadership can see the handwriting on the wall.

## Speculation 03

- Leadership needs a STAGGERING EVENT. An event so horrific in loss of life that Americans will not believe that Leadership could be so calloused, so uncaring, so desperate. But... *Are we still that handicapped in our thinking*? Especially when we consider the loss of life thus far... Pearl Harbor, Bombing the Federal Building in Oklahoma City, Vietnam, Iraq, 9/11, etc.

## False Flag Event Defined

- FALSE FLAG EVENT: A horrific, staged, event – blamed on a political enemy and used as a pretext to start a WAR and/or enact draconian laws in the name of NATIONAL SECURITY.
- They can be done domestically to manipulate the American people, and/or be done abroad to provoke or possibly deceive another country along with America. And we have done it repeatedly, both at home and abroad.

## Speculation 04

- "The individual is handicapped by coming face-to-face with a conspiracy so monstrous he cannot believe it exists. The American mind simply has not come to a realization of the evil which has been introduced into our midst. It rejects even the assumption that human creatures could espouse a philosophy which must ultimately destroy all that is good and decent." - J. Edgar Hoover, Director of the FBI from 1924 to 1972. Are we this handicapped?

## Speculation 05

- YES, it's a tough bridge to cross, to realize that we have elected psychopaths to high office. But we have to deal with the reality. Leadership is currently pushing for a War at several pressure points. There is Syria of course. Then there is Iran. There is Libya. There is Afghanistan. There is the Ukraine. There is North Korea. And lately, we are lining up with China via the Philippines.

## Speculation 06

- Some of these antagonisms will involve Russia. And we are not the only ones with weapons of Technology. In some cases, our weapons don't work as well as theirs. This leads to the possibility that the United States may end up losing a conventional war. If so, I strongly suspect Leadership will take it Nuclear. If so, there will be NO TOMORROWS!

## Manipulating Our Minds

- "Sandy Hook has become colloquially known as the **Sandy Hook Hoax** or **Sandy Hoax**, the **first false flag** in recent history to be exposed as an entirely fabricated event, replete with a fake setting (**a fake school**) and **fake victims**. It marks the first in a series of **false flag hoaxes** where fake victims and fake victims' families (crisis actors) have been used. [>>>]

## Government is Using Actors

- “Since the majority of people still cannot fathom that Sandy Hook was a staged event, **the template of using crisis actors** has been used again and again (e.g. at the Boston Marathon).” – <http://www.activistpost.com/2015/12/33-unanswered-questions-on-sandy-hooks-3rd-anniversary.html>

## Do Not be Surprised How Far Government Leadership Will Go

- Yes, the Boston Marathon Bombing was also a false flag (read staged) event as well. The problem is that Americans are getting smarter and not buying the lies these staged events are supposed to convey. Thus, Leadership will likely go into overdrive and engineer real-life-ending-events to manipulate the minds of the American people. Which leads into another topic.

## Individual Mind Control

- The issue of individual mind control is of great importance. Government has made significant advances in controlling the minds of individuals, and what this does is to bring into question every single event. Once you know how advanced Government is in the arena of individual mind control, you will begin to question every single, seemingly unexplainable tragedy.

## Seemingly Questionable Shootings

- Examples would be the Columbine School Shooting, Theater Shooting in Aurora, Colorado, Washington Navy Yard Shooting, University of Texas Shooting (Charles Whitman), Robert Kennedy's assassination, the case of Laurie Dann in Illinois, Zodiac Killer, San Bernardino shooting, Christopher Sean Harper-Mercer, Mohammad Youssuf Abdulazeez, and others.

## TransFormation of America

- To get an informed overview of Leadership's advanced use of mind control, one may wish to read [TransFormation of America](#), by Kathy O'Brien and Marquart Phillips. Kathy was placed in the Government mind control program by her pedophile father who was facing pedophile charges that were dropped with the placement of Kathy.

## Link

- Phillips eventually rescued Kathy after she had become a married adult. Her entertainer husband was also her Government Handler. The book is on line at several web-sites. Here's one: <http://mhkeehn.tripod.com/151102TransFormation.pdf>  
You want to know how criminal your Leadership can be? This is a good place to start.

## Will the Criminality End?

- Whether or not, this criminality is ended, depends to a great degree on whether the American people are happy being a slave and paying the bills of a British owned corporation, or any government other than the original. In order to end the criminal behavior of Leadership, it will be necessary to restore [Lawful Civil Authority!](#)

## Restoring Lawful Civil Authority

- In order to restore [Lawful Civil Authority](#), it will be necessary to abandon [War & Emergency Powers Authority](#), which is invoked by declaring a [WAR ON SOMETHING](#). And right now, the United States has a number of [WARS ON MANY THINGS](#). These phony/engineered wars will all have to be terminated.

## Exercising Un-Constitutional Power

- The un-constitutional power being exercised by Leadership comes from War & Emergency Powers, by declaring a WAR on Whatever. Currently the United States has a War on Drugs (President Nixon), War on Poverty (President Lyndon Johnson), War on Terrorism (President Bush), War Against the Banking Emergency (President Franklin Roosevelt).

## WAR ON...

- There is **CONFLICT** in Iraq (war), there is **CONFLICT** (war) in Afghanistan, there is a **War on ISIS**, on and on the list goes. And if we look into it, all the EMERGENCIES on which these wars are based, and the wars themselves, are terminated by Presidential Proclamation. Therefore, it will be up to the American people to make this a campaign issue!

## Anti-Criminal-Government

- By now the reader should have a solid view of matters. Conspiracy Theory is now **CRIMINAL CONSPIRACY!** A criminal conspiracy to **economically enslave the people of the United States**. To obligate them, and their productivity throughout their entire lifetimes. We are not Anti-Government, we are Anti-Criminal-Government!

## Acting Appropriately

- And because the Catholic Church holds the Global Estate Trust, and holds its Canon Law above all other law forms, it has been responsible for the criminal behavior and activity of numerous Governments, the United States being one of them. It would be fitting for the Pope to use the influence of the Catholic Church to end the criminality, and/or for Catholics to see the church for its role in enslaving the people, and act appropriately. Change is probably coming, with, or without the Church.

## Simple Song of Freedom

During music slides advance automatically,  
or advance manually to terminate music

- Come and sing a simple song of freedom  
Sing it like you've never sung before  
Let it fill the air   
Tell the people everywhere  
We, the people here, don't want a war  
Hey there, Mister Black Man can you hear me?  
I don't want your diamonds or your game  
I just want to be, someone known to you as me  
And I will bet my life you want the same

## Simple Song of Freedom

- Come and sing a simple song of freedom  
Sing it like you've never sung before  
Let it fill the air  
Tell the people everywhere  
We, the people here, don't want a war  
Seven hundred million are you listening?  
Most of what you read is made of lies  
But speaking one to one,  
ain't it everybody's sun  
To wake to in the morning when we rise?

## Simple Song of Freedom

- Come and sing a simple song of freedom  
Sing it like you've never sung before  
Let it fill the air  
Tell the people everywhere  
We, the people here, don't want a war  
Brother Solzhenitsyn are you busy?  
If not won't you drop this friend a line?  
Tell me if the man, who is plowing up your land  
has got the war machine upon his mind

## Simple Song of Freedom

- Come and sing a simple song of freedom  
Sing it like you've never sung before  
Let it fill the air  
Tell the people everywhere  
We, the people here, don't want a war  
Now no doubt some folks enjoy doin' battle  
Like presidents, prime ministers and kings  
So let's all build them shelves  
Where they can fight among themselves  
and leave the people be who love to sing

## Simple Song of Freedom

- Come and sing a simple song of freedom  
Sing it like you've never sung before  
Let it fill the air  
Tell the people everywhere  
We the people here, don't want a war  
I said let it fill the air  
Tell the people everywhere  
We the people here, don't want a war  
Freedom! - Freedom! - Freedom!
