

# TERRORISM

## in the United States

by Michael H. Keehn

Since the attacks of September 11, 2001, United States' Leadership has started and engaged in wars with Afghanistan, Iraq, Lybia and Yemen. United States Leadership has initiated a violent coup (regime change) in Ukraine which has resulted in a *Western Friendly Puppet* government now installed. Our Leadership has bombed Lybia back into the Stone Age and installed a puppet government there. The same Leadership has started a war in Yemen and now [February 10, 2017], there are 12-million people facing starvation in that country. It appears that *invisible Leadership* of the United States is working on the Number-one goal of the [Georgia Guide Stones](#) – worldwide population reduction. For over 5-years, U.S. Leadership has been attempting to change the Leadership of Syria, and so far has not been successful, but has managed kill hundreds of thousands of Syrians.

### **The FBI defines terrorism as:**

The unlawful use of force or violence against persons or property to intimidate or coerce a Government, the civilian population, or any segment thereof, in furtherance of political or social objectives.

And this is exactly what *visible* and *invisible* United States Leadership has been doing. The process has been ongoing for a very long time now and in the end, it is for one purpose, so that those who control U.S. Leadership have access to more resources, like oil but there are others, that can be used to make them even more wealthy and powerful. I realize that it is a difficult bridge to cross for an average American to think in such terms, and that, I suspect, is because the Average American does not want to control the resources or lives of other people, thus, does not think in those terms. But the *invisible Leadership* who control our elected Leaders, does want to control all resources and all people. In short, they are psychopaths. And so are many, but not all, of the people we have elected to office.

If you are skeptical of the control that the *monied Elite* (invisible Leadership) has over our elected Leadership, with the possible exception of current President Donald Trump, consider this exchange between two investigators and Umberto Calvini where “ADA” = “Assistant District Attorney”.

Agent Salinger: [speaking of the IBBC, a bank] – "Yeah, but billions of dollars invested, simply to be a broker... there can't be that much profit for them."

Mr. Calvini: "No, this is not about making profit from weapons sales, it's about control."

ADA Whitman: "Control the flow of weapons, control the conflict???"

Mr. Calvini: "NO... no, no. The IBBC is a bank. Their objective isn't to control the conflict, it's to control the DEBT that the conflict produces. You see, the real value of a conflict, the true value, is in the **DEBT** that it creates. You control the debt, you control everything. You find this upsetting, yes. **But this is the very essence of the banking industry. To make us all, whether we be nations or individuals, slaves to debt.**"

And while this exchange came from “The International”, a movie, that does not make it a fantasy, in fact, it couldn’t be more correct in today’s world.

It is the National Debt that gives the *invisible Leadership* control over the *visible Leadership* (those that we elect)! And this is true for almost every Western country aligned with the United States. If you need an example, take a look at what Billionaire George Soros has been funding. He has been funding FAKE NEWS, the *Women’s March* on Washington, D.C., Black Lives Matter, Foundations which oppose

the core values embedded in our Constitution, has funded numerous protests, has funded protests against President Trump... on and on the list goes.

But I'm getting off topic. Leadership lied to the American people regarding the **surprise attack in Pearl Harbor**, code breakers in Washington, D.C., had broken the Japanese Diplomatic and Military codes and knew when and where Japan was poised to strike, but intentionally did not notify the Pacific Commanders. President Franklin Roosevelt had covertly implemented an eight point plan to destroy the economy of Japan, knowing that they would either have to attack the United States, or be subjugated. The attack on Pearl Harbor is exactly what Roosevelt had been waiting for, an overt act, a catalyst that would psychologically profile the American people into supporting the United States entry into World War II. And the *monied Elite* made unbelievable sums of money when the United States entered this war.

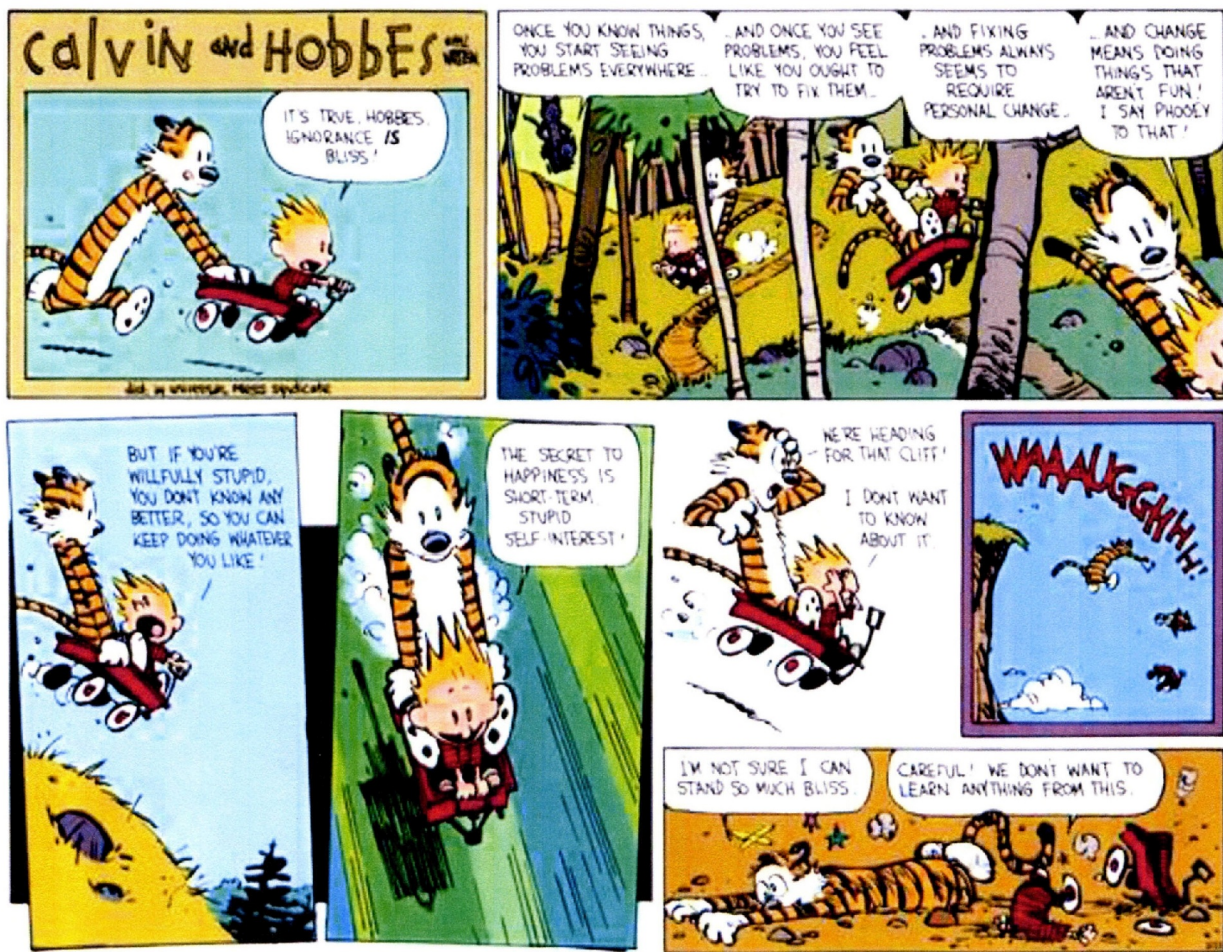

Then there was the Gulf of Tonkin **lie** that was fed to the American people and used to secure passage of the Gulf of Tonkin Resolution which escalated the Vietnam War. Four-million Asians died and 56,000 Americans out of this lie.

Then there was the WEAPONS OF MASS DESTRUCTION **lie** that psychologically profiled the American people into supporting an attack on Iraq who had not harmed us and had not had anything to do with the events of 9-11. And in that unwarranted action, at least 1.5-million Iraqi's are dead, mostly women and children.

And one of the more recent lies, that the President of Syria, Bashar al-Assad, had gassed his own people. And, of course, this FAKE and LEADERSHIP MANUFACTURED NEWS was parroted by the mainstream misleadia. Eventually, however, it was found to be false, but that didn't stop U.S. Leadership from continuing their violent efforts at regime change. Oh, Syrian people may have been gassed, by not by Assad. Instead, they were gassed by the Terrorists in Syria who are funded and supplied by United States Leadership. Why? Because the *monied Elite* want a pipeline across Syria.

And since this monied Elite are of the opinion that they should have, or get, whatever they may want, there are now Terrorists in Syria funded and supplied by the United States.

In addition to that, the *monied Elite* have mismanaged the economy of the United States to a point where the economy will most likely collapse before the end of 2017. And these *Elite Bankers* do not want to be blamed for this event by the American people. Thus, they are currently knocking themselves out to start a World War. They are trying to pick a fight with Iran, North Korea, China, Russia, whoever, and they want it to go nuclear. Which will certainly reduce the population of this world, which is the number one goal on the [Georgia Guide Stones](#). This goal has the world with a population of 500-million. To achieve this goal, nine of every ten people on planet Earth must die!

A nuclear War would probably accomplish this, and in the mean time, be a large enough distraction that the people of the United States won't hold the *Banking Elite* accountable for their engineered collapse of the U.S. economy!

For the United States, TERRORISM is easy to avoid. STOP SUBJECTING OTHER PEOPLE OF THIS WORLD TO UNITED STATES TERRORISM!!!! Going back to Clinton, then Bush, then Obama, our Leadership has been committing **crimes against humanity** that we charged and convicted Nazi's of in the Nuremberg Trials following World War II. The problem now is that, today, there is no policing agency large enough or powerful enough to bring these criminals to trial. It would be like a donut shop owner trying to bring Al Capone to trial without suffering an explosive accident that kills the donut shop owner.

In short, United States Leadership has become the biggest TERRORIST and CRIMINAL organization in the world, of which almost all people fear. We whine and cry that we lost approximately 3000 people in the attack of September 11, 2001. Would we expect Iraq to feel sorry for us when they have lost more than 1.5-million people to United States aggression in THEIR COUNTRY? Probably not when they've lost five-hundred-times more people than we lost. And Iraq was not behind the nine-eleven attack, but it has oil resources to which the *monied Elite*

want access for pennies on the dollar.

By now it has become fairly apparent that 9-11 was an inside job to further the agenda of the *invisible United States Leadership*. At least it has become clear to many Americans who are not into self-deception.

So there you have it, United States Leadership, both *invisible* and *visible*, is subjecting the people of the United States to the possibility of retaliatory TERRORISM by murdering people in other countries. How else are the people

of this world going to get our attention focused on regaining control of those who are SUPPOSED to represent us and follow the law, both domestic and international? But, so far, there has been very little in the realm of retaliatory TERRORISM. Most has been either false flags or engineered by the FBI to further the goals and agenda of Leadership!

We really need to stop paying attention to the mind-control-manipulations of Leadership that is parroted by the mainstream misleadia. We need to, once again, become a thinking, analytical people. And we need to comprehend that **there is no limit** on how far *invisible Leadership* will go to psychologically profile our minds (brain-wash us). They allowed about 2,500 people to die at Pearl Harbor. In the Vietnam War, 2-million Vietnamese, another 1-million Cambodians, 1-million Laotians, and 56,000 Americans died. And they don't care. They don't care that 3000 died in the attacks of 9-11, all they care about is that their agenda and goals were advanced. The *invisible Leadership* has no allegiance to any country or any people, and they bring that avarice and disconnection to the *visible Leadership* they control.

There you have it Ladies and Gentlemen, both barrels, right between the eyes. But, I'm certain that if you are reading this, you are also adult enough to analyze the information and act appropriately.

END.
